THE HOPE OF CHRISTMAS.

Christmas is the symbol of hope. How vain it sometimes seems to believe that love and good will can triumph over the organized hate and the evil power abroad in our world today. It seems such an unequal contest. How then, confronted with the grim reality of life in the atomic age, can we find hope in the lovely but seemingly outdated story of Christmas? Where do we begin. We begin where they began who gathered about the manger. Is our world troubled? So are theirs. We have so sentimentalized Christmas that we have little little comprehension of the bloody, callous, violent time into which the Christ child was born. If the little group in the stable had looked at the ugliness and injustice that filled their world, they might well have cried in despair, "Look what the world has come to!" Instead, they looked at the babe asleep in the straw and cried out, "Look what has come to the world!" How can we echo this hope? How can we bring to birth a better day? We can begin as God does, with little things. When God would grow a tree, He plants a seed. When He would change the hearts of men, He sends a babe to a manger. We must begin with the commonplace things which lie to hand. It is essential to dream great dreams, but hope does not spring from dreams alone.

Is it a glib and easy optimism to hold out the hope that one person can do something toward meeting the great needs of our time? In our massive, impersonal world may we really believe in the influence of the nameless individual? Look, for an answer, at the men who followed Jesus when He came to manhood. Today they are honoured and called saints. What were they when Jesus called them? They were typical workingmen - fishermen, tax collectors, "the common people who heard him gladly".

They were indistinguishable from the millions around them until they met Jesus. Then His faith in them called forth their faith in God, and these formerly unexciting men went out to turn the world upside down and to change the course of History. Is this to suggest that anyone can influence the affairs of our world? It is. There are powers within us beyond our comprehension. Our faith can bring us the wisdom to know what we can do and the strength to do it.

Every Christmas a hope is born, a hope like the shining star which became the finger of God pointing to Bethlehem and to the future. This is the hope of Christmas: that though the outlook may seem dark, the only darkness we need to fear is the darkness within. The Prince of Peace has come, and with him the faith that some day men will "beat their swords into plowshares and their spears into pruning hooks". What if the news in the headlines is bad? "Behold, I bring you good tidings of great joy."

LETTERS TO THE EDITOR

RETURN THANKS

Dear Editor,

I have just read (for the first time) your publication "Stardust" and the article which answered Virginia Hanlon's request in regard to Santa Claus was a gem. What wonderful ideas and explanations were given. I am quite sure that if it reaches enough homes many little people will be very happy and contented.

When I was a child over 70 years ago there was never enough money for our large family (10 children) to get much but we loved Santa very much all the same.

Thanks for a beautiful article.
(Jack 80 years old)

- wish to thank all relatives, friends and organisations who sent me get well cards, letters and flowers etc.

Also phone calls and personal visits while I was a patient in the "Napier Wing" of the St Marys District Hospital. A special thanks to Mrs Jill Faulkner and the staff at the hospital for their kindness and attention at all times. Amy Jarvis St Marys.

TAPP, E.F. (Wed). Doreen, Greg and Wendy, Maureen and John and families wish to sincerely thank all relatives and friends for the lovely floral tributes, cards and personal expressions of sympathy in the sad loss of their dearly loved husband, father, father-in-law and pa. Special thanks to Rev Colyer for his memorable service and to Dr Nairn and the staff at the St Marys District Hospital for their kindness during his illness. Would all please accept this as a personal expression of our sincere gratitude.

M.O.W. DRIVERS

A very Happy Christmas to you all, You have done a jolly good job all through the year and because of all your efforts a lot of people are still in their own homes, instead of in hospital. Best wishes from the committee.

CONGRATULATIONS go to Elizabeth Legge for her success in the Mutlicap Quest. We wish her luck for the coming year.

HELLO KIDS!! WHAT'S THAT MONKEY SAYING TO NEDDY?? GUESS

THAT'S A LAUGH

Jess: 'I keep seeing little black spots before my eyes'.

Tess: 'Have you seen a Doctor?'

Jess: 'No. Only little black spots'.

RIDDLES

The Doctor told Henry he could get rid of his cold by drinking some medicine after a hot bath, but the bath water was cold before Henry could drink it all.

1. Why is a theatre such a sad place?
2. How do you know a sausage doesn't like being fried?
3. What makes a tree noisy?
4. How can one tell that coconut juice is crazy?

WORD CHAINS

One player says a word, any word, such as "plate" and the next person then has to say a word beginning with the letter that ended the first word. Plate could lead to egg which could lead to garden and so forth. Each player has to lead with a word beginning with the letter which ended the word before.

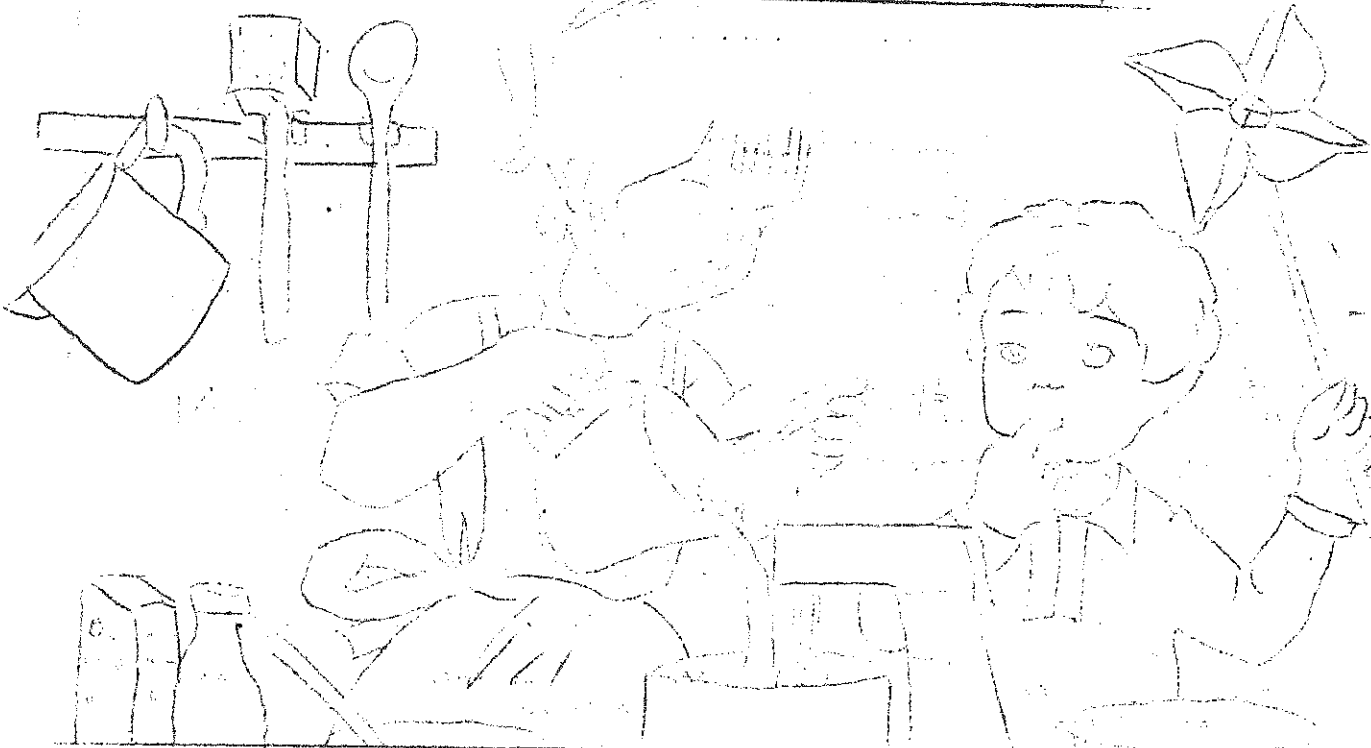

1. Because the seats are always in tiers.
2. Because it spits.
3. Its back.
4. It lives in a padded shell.

FISHING NEWS

Forthcoming events:- 18th December (next Sunday) Scamander Angling Club surf contest at Wrinklers Beach from 11 am to 4 pm. With the New Year approaching rapidly, a brief review of the Scamander Angling Club's contests since July may be of interest. All four surf events brought poor catches while the bream contest saw good bags. Heaviest fish caught so far this season are:- Surf-Men-Cyril Turner 2 1/2 lb 12 oz blackback, Ladies-Mrs. E. Jamieson 2 lb 12 oz blackback, Juniors-none weighed in. Bream-Snow Bevan- 1 lb 4 1/4 oz, Ladies-Miss C. Males- 1 lb 3 oz. You have only 6 1/2 months to better these to be in line for an annual trophy. Tuna have been reported off Flinders Island, so it should not long before they appear off St. Helens. A recent amendment to G.F.A.A. rules now permits catching fish from the shore or a jetty (to line up with international rules). In view of the loss of our charter boats, this could be of great interest to St. Helens Game Fishing Club members. I wish all anglers the compliments of the Season & tight lines for 1978.

MULTICAP

I would like to thank all the people who helped in anyway to make this year's fund-raising for multicap such a success. The amount raised in our area was \$6,951.00 - a tremendous community effort. The winner of the section for the Multicap Quest raised \$13,500. The total amount raised was \$146,300, which has been awarded for the quest so far. I was delighted to have been crowned State Ambassador for 1978 and hope that I will be able to maintain the standard set by previous winners of the title "State Ambassador". I would like to thank very much my committee
