

THE VALLEY AND EAST COAST VOICE

Vol. 10 No. 22 P.O.Box 100 St Marys. Friday 24th March 1978. Price 10 cents.

Reg. at the G.P.O. Hobart for transmission through the post as a periodical

Fishing along the East Coast.

Tasmanian saltwater fishermen have a year long season. In January anglers are still enjoying the tail end of the bream fishing in the estuaries, particularly along the East Coast.

At the same time the game fishermen are looking for the start of the striped tuna run which is then around Flinders Island and possibly as far south as St. Helens and Bicheno.

As the summer months of February and March appear the fishing activity increased because the waters off the East Coast are warm with the tropical current swinging down in a light greenish/blue arc along the shelf off the coastline.

Striped tuna and albacore tuna will be about in schools with the occasional bluefin taking the jig with a wham.

Off the shore anglers expect the first of the garfish and Australian salmon schools to blacken the surface as they move along the coast.

Flathead will be on the bite but the larger king flatties will not come shoreward for a few weeks yet, a little rough weather will be needed first.

April, May and June will see the striped and albacore tuna give way to bigger southern bluefin and towards the end of this period and into July some huge fish will be expected.

Every year the world record seems to be under threat from bigger and bigger bluefin, whilst the shark fishermen, particularly those that fish for the big mako and tiger shark will have their wish.

Along the shore the "gummy" shark, skate and larger flatties will be evident whilst mullet, mackerel, sweetfish or luderick and the like will all be available for the rock and beach fishermen.

Early spring sees a rebirth of activity as the silver bream start to come on bite again building up to a peak near the end of October but evident through until about December/January in sufficient numbers to make fishing profitable.

The second run of Australian salmon, garfish and barracoutta will be evident as the warm current leaves us until next year, and may feel this early spring run of these school fish is the best run of all.

To Cook a Husband.

A great many husbands are spoiled by mismanagement. Some wives freeze them by their indifference; some keep them in a stew; others roast them; and many keep them in a pickle all their lives.

The right way is to select your husband carefully, and set him near a nice warm fire. If he splutters and frizzles, don't be anxious; some husbands do this until they are quite done. Add a little sugar, but no vinegar on any account. A little spice improves them.

Don't stick any sharp instruments in him to see if he is becoming tender. Just stir him gently. When properly treated husbands are delicious!

You can't plough a field by turning it over in your mind.

Report Annual Meeting - Fingal

The meeting was well attended with people from all parts of the Municipality and some guests from St. Helens.

The Warden (Mr. A. Freeman) was chairman. Mr. George Shaw M.L.C. and Mrs. Shaw were present. Mr. Shaw spoke of the Club Reports commending them for the demonstration of a community working together to make a place happier to live in. He was pleased to note that the Home Units were now a reality in St. Marys and pledged his support for any other developments.

Reports from the Clubs were read by Mrs. A. Legro (Fingal), Mrs. U. Camplin (Cornwall), Mr. J. Spilsbury (St. Marys) and the Meals on Wheels (Rev. Father Jarrett). Father Jarrett paid a tribute to Mr. Kevin Crowden the Secretary of the Meals on Wheels who is shortly to leave the District.

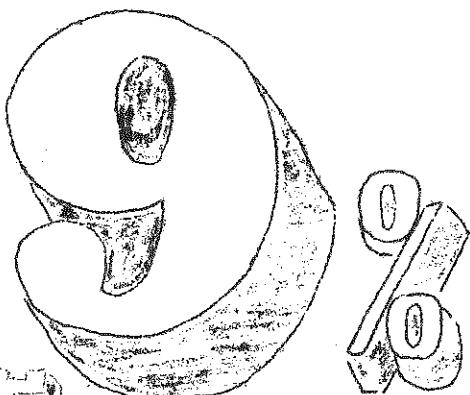

Mr. Tim McManus delighted the meeting with a splendid arrangement of slides and commentary on Bruny Island and the Guest speaker for the evening Monsignor B. C. Rogers of Lindisfarne spoke on his home in Northern Ireland and on the situation prevailing there. He said he couldn't blame anyone for having hard thoughts about Ireland due to some violent people there, about whose activities the Media usually report.

He illustrated movements current there which don't get a mention such as PRO-CAT where a Presbyterian Employer had established his business employing equal numbers of Protestant and Catholic workers, manufacturing a very high class Crystal Ware. And in Gleneyre there was a place where people prayed together, and also in Belfast 10,000 people were praying together. He said hearing the Reports at this Meeting he was glad of the happy relations between people, and to hear the Meals on Wheels actually preparing and delivering 10 meals a day per annum, to sick and Senior Citizens. Eric Reeces address of the previous year was for Senior Citizens to keep in circulation as much as possible, and the many gifts and talents and wisdom born of experience be handed on to the rising generation. He said so noise and intrusion on peoples hearing these days that they haven't the opportunity to hear unless the older generation passes on what they know. He admonished the younger people to make sure the older person feels needed in anyone's community.

Monsignor Rogers rounded off his address by singing several songs, "One Little Candle", "Bird Songs at Eventide", "Little Treasure" and others. A note of thanks to Monsignor Rogers and Mr. McManus was paid by Mr. J. Miller who also presented a gift to the retiring Chairman of the Welfare Committee, Mr. Napier and thanked him for his wonderful work over ten years.

FISHING NEWS

Forthcoming events:- 24th March (Good Friday), Seamander Angling Club surf contest at Wrincliers from 4 to 8pm. Easter Saturday and Sunday, Game Fishing Club of Northern Tasmanian Eighth Tasmanian Open Fishing Contest from St. Helens. The official opening of this contest will be at 7.50am on Saturday and the sail past near the wharf should be the usual spectacular sight.

When no fishing news appeared in the last edition, it was pleasing when no less than four readers asked for the reason. My thanks to the four faithful people. There are no contests to report this week and only isolated news of catches. It appears to be a very lean season so far. Beaches and surf were in good condition last weekend but huge masses of weed made fishing almost impossible. The game fishermen have been more successful, - Frank Titley landed a 52lb bluefin on a 20lb line off Bicheno. Other anglers fishing off St. Helens landed many striped tuna on the last Rally Day & Mrs. H.E. Brooker of Scottsdale also landed a nice bluefin. St. Helens Club members are looking forward to the Easter contest and hope to share some of the fine trophies available.

A MONKEY'S VIEWPOINT

Three monkeys sat on a coconut tree
Discussing things as they're said to be;
Said one to the other - now listen, you two -
There's a certain rumour that can't be true:
That man descended from our noble race,
Why - The very idea - It's a dire disgrace.
No monkey ever deserted his wife -
Starved her baby - or ruined her life.
And you've never known a mother monk
To leave her young with others to bunk -
Till they scarcely knew their mother,
And another thing you'll never see -
A monk build a fence round a coconut tree,
And let the coconuts go to waste,
Forbidding all other monks a taste.
Why, if I built a fence around this tree -
Starvation would force you to steal from me.
Here's a thing another monk won't do -
Go out at night and get on a stew.
Or use a gun, or a club, or a knife
To take some other monkey's life.
Yes, man descended, the ornery cuss,
But brother - he didn't descend from us.

READERS OF THE VALLEY VOICE.

We are interested in mounting an exhibition of furniture, functional craft objects and related objects of a decorative or recreational nature which reflect the rural life-style in Tasmania in the 19th and early 20th Centuries. We would be most grateful to hear from anyone willing to lend for exhibition of to have photographed. We are seeking functional objects made specifically for domestic use and those of a decorative or recreational nature created "when the day's work was done" - essentially "one-of" pieces unsophisticated in style, whose uniqueness and charm resides in the use of available materials and basic tools and which only occasionally incorporate elements of European design. We are interested in bringing to the attention of the public, works which we see as having fulfilled some immediate practical, personal or creative need and which highlight the ingenuity and self-sufficiency of early Tasmania. We would also like to include in the exhibition materials which complement these articles and explore the nature of their production, e.g. tools of trade, mechanical devices, documentary historical material and personal histories. It is our intention to present with the exhibition a comprehensively documented and illustrated catalogue containing a record of all objects and information researched.

Yours faithfully,

Once again the Club was favoured with good weather and a total of 24 shooters enjoyed a full days shooting. Shooting was again dominated by the younger shooters, Michael Herring, after winning his first sash last month, proved it was no fluke by sharing two steepstake events, winning the 11 metre trophy as well as winning the D Grade section of the main event. Paul Thomas also turned in good scores to share the first and last events but was a little inconsistent in other events, Paul has great potential and it won't be long before he see him back with a win in a main event. Barry Wright continued his good form with a win in the A Grade section of the main event as well as the Double Rise, S Saunders and M. Lefevre both shot well to record the only two perfect scores to win their respective grades in the 20 target, single barrel event.

VALLEY VOICE LIBRARY NEWS by Doreen Hallam

Did you know that in your libraries at Fingal, St. Marys and St. Helens records and cassettes are now available for borrowing. Why not make enquiries next time you are near YOUR library.

East is almost with us and to enable you to stock up on books for the holiday period, libraries in your beautiful valley will open for additional hours on Thursday, March 24, as follows:-

Fingal and St. Marys 7.00pm - 9.00pm
St. Helens 12.30pm - 5.00pm and
7.00pm - 7.00pm

Having difficulty reading small print? LARGE PRINT books available in your library may help you.

No so long ago they were such enormous tomes that at times our frail and elderly borrowers must have longer for the strength of Atlas to tote them home.

The present large print publications are neither larger nor heavier than their small print counterparts.

And the lists of titles in both fiction and non-fiction have increased considerably.

Call or phone libraries at Fingal 74 2233; St. Marys 72 2114, St. Helens 76 1389 and you will find library assistants delighted to help you with information on all the services available.

ST. HELENS GUN CLUB cont.

it was very pleasing to see Danny Franklin back at the club, Danny has in the past proved a very capable shooter and on Sundays form it won't be long before he's back at his top. This shoot marked the beginning of a perpetual trophy for our club. Points for the trophy (The Wally Stockley Perpetual) will be scored over a twelve month period with one shoot per month being nominated as a scoring event. Those shooters to score points on Sunday were:- 3 points B. Wright, S. Saunders, M. Le Fevre, and M. Herring.
