HAVE YOU MET A DRAGON TODAY?

There are many dragons in our paths today, have we the tools and knowledge to get past or fight? Well let us look at ourselves. Only you are responsible for the life you have and how you fill it. Most of us turn back when we come on a large dragon or something we don't understand, but, take two or three deep breaths and even if you are scared, go on, how much we miss by turning away, so we must find out about tools to attack all these fearsome monsters. What are you interested in or handy at - do you like machinery or cows, wool, materials, cooking, metals, wood, leather, goats, hens, cats, what have you? Find out all you can about what you are interested in. Libraries have books, Adult Education can help too, but the young people particularly must learn to face their own dragons; no one else can fight them for you, you have to do that yourself and in learning a new skill, there are a lot of dragons, so buckle on your helmet and gather yourself together and prepare for quite a lot of hard work. Also a lot of boredom at first, until you start to learn more about your interest, when it will take life before your eyes. Also it's impossible to go forward in our chosen field without a dragon or two in our way. What do you do? Run for cover, or press on? Well I hope you press on because you can only go two ways, backward or forward and only you can decide which you have done. The only person you live with all your life is you, how do you get on with you? If you get on well with yourself you get on well with most others, there is another dragon. Dodge round if you can, otherwise fight. Most of these fearsome monsters are in our heads and very hard to get rid of. Filling the head with something interesting like helping our neighbours, or making something for a child or invalid or grandparents is a good way to chase off dragons. You might also find what you are good at while doing this.

COMMENCE AT HOME

IN SPEAKING OF A PERSON'S FAULTS
PRAY DON'T FORGET YOUR OWN;
Remember those in house of glass
Should never throw a stone.
If we have nothing else to do
But talk of those who sin
'Tis better we commence at home
That's the place to begin.

We have no right to judge a man
Until he's fairly tried-
Should we not like his company
We know the world is wide.
Some may have faults - and who has not?
The old as well as young?
We may perhaps, for aught we know
Have fifty to their one.

I'll tell you a better plan
I know it worked full well,
To try my own defect to cure
Before of others tell;
And though I sometimes hope to be
No worse than some I know,
My own shortcomings bid me let
The faults of others go.

Think of the harm one word may do
To those we little know.
Then let us all, when we commence
To slander friends and foe
Remember, curses sometimes, like
Our chickens, come to roost at home;
Don't speak of others faults until
We have none of our own.

Saturday 22nd July - St. Helens Surf
Angling Club Annual Dinner.

All anglers are advised that the entry
& weigh-in point for the Multicap con-
test will be in the paddock this side
of the Four Mile Creek Bridge. They
are also reminded that a barbeque lunch
will be available. All proceeds will
go to the Multicap Appeal so bring the
family & make it a picnic.

Scamander Angling Club held their
Annual Meeting last Saturday. The
retiring president, Mr. G.R. Gadsby
announced that, owing to work commit-
ments, he would not seek re-election.
Members thanked him for his service to
the Club since June 1971. The following
were elected :- President - G.A. Luck,
Vice-President - G.R. Gadsby, Secretary
A.R. Jackson, Treasurer - W.J. Stone,
Committee - Messrs G. Sachse, N. Apted,
H. Grotzer, C. Turner, W. Cain & M. Rowe.
Mr. D.E.C. Scott was re-elected Patron.
The meeting accepted a recommendation
from the Committee that subscriptions &
contest entry fees remain the same as
last year. It was decided that in future
contests, the minimum weighable size for
salmon be ten inches. The Annual Report
drew attention to two recent press
reports on the possible licencing of
recreational anglers & to professional
fishermen's request to be allowed to
bench their nets. It was suggested that
members approach any Parliamentarian of
their acquaintance to protest against
these two matters. The many trophy
donors were thanked for their generosity.
After the meeting, over 70 members,
their wives & guests enjoyed the annual
dinner at which annual trophies were
awarded. Winners were :- Club Champion
with heaviest scale fish - Wayne Richards
equal second - Cyril Turner & Mike Rowe,
Ladies - Mrs. E. Jamieson, Casting -
Accuracy - G. Luck, Distance -
W. Richards, Sealed Handicap - R. Lopham.
Junior - C. Wegman. All present showed
every sign of enjoying themselves &
some, even more than others. It was a
pleasant wind-up to the season.

COUNCIL NEWS: ST. MARYS WARD

Latest traffic figures show average 735 motor vehicles a day pass the St Marys railway station, going to and from the township. Just west of Cornwall turnoff the number is 786.

The road gang has been in the ward lately and roads attended include Rosegarland Rd, Upper Scamander Rd, Sections of Cornwall streets were gravelled A culvert was lengthened on Falmouth Rd.

There has been very little feedback from St Marys residents on water quality since ward councillors recently asked for comments. There have been a few, of course but obviously the quality has not deteriorated, if there would have been many more. As indicated previously, the present variation to supply is on a trial bases and it may not continue indefinitely.

Each year, Council provides a limited number of ornamental trees to active gardeners for nature strips. The number this year is limited and if you would like your name in the list (with no guarantee there will be enough trees) please see Denzil very soon.

QUOTABLE QUOTES

A SUCCESSFUL man is one who can lay a firm foundation with the bricks that others throw at him.

TWO CENTURIES ago, when a great man appeared, people looked for God's purpose in him; today we look for his press agent.

AN OUNCE of "keep your mouth shut" beats a ton of explanation.

No WONDER we're all dizzy - with revolving credit, spiralling prices and soaring taxes.

Parents these days scarcely bring up children; they finance them.

THE REWARD of great men is that, after they have died, one is not quite sure that they are dead.

Jehovah's WITNESS BI-ANNUAL CIRCUIT ASSEMBLY.

Jehovah's Witnesses from Northern Tas., congregations, and Flinders Island converged on Devonport High School for their bi-annual Circuit Assembly over the week-end. The programme theme "Do All Things for the Sake of the Good News" was brought to the fore as speakers discussed the scriptural obligations of all family members, particularly family heads. A feature of the gathering was the baptism by full immersion of six new members from several North West Coast congregations. Mr. Ray Cowling, the visiting mainland speaker delivered the principal assembly address Sunday afternoon, on the topic "Have Faith in the Good News". It drew a peak attendance of 680. Mr. Cowling in his concluding remarks gave encouragement to conventioners to attend one of the two international assemblies of Jehovah's Witnesses in Australia next December. These will be held in Perth and Sydney as part of a world wide series now commencing in Europe and America. With the exception of Mr. Mike Fraser and family, who are going to Perth, the Scamander congregation will attend when the assembly reaches Sydney. Seventeen Northern Tasmanian witnesses are currently attending the European assemblies and from August many others will be delegated to New Guinea, and later Fiji and New Zealand international gatherings.

BICHENO GARDEN CLUB

Garden Club Bicheno intends to call for entries in a Garden Competition to be conducted over the forthcoming six months. This will be a bi-annual event. Gardens will be judged in the following sections. 1. Nature strips and approaches. 2nd. Established gardens. 3. Gardens under 3 years. 4. Vegetable gardens and orchards. 5. Holiday homes and appearances. The aim is to encourage participation by Bicheno residents in beautifying the town.

Letter to The Hon. D.J. Baldock, M.H.A., Minister for Main Roads and Transport from Mr. G.A. Shaw Member for Macquarie. (Copy)

Re: Mathinna Road.

I write to again appeal to you and the Government to formulate and announce a programme for re-constructing and sealing the Mathinna Road.

I visited the Upper Esk area on Tuesday 20th. The heavily trafficked Mathinna Road was rough, wet and slippery and in some places quite dangerous.

Enclosed is a press report following the opening of the bridge across the South Esk, North of Fingal on the Mathinna Road on Friday, March 31st, 1967. Please note that the Minister at that time, Mr. Cashion said, - "The road to Mathinna would be sealed during the 5-year sealing plan beginning in 1969". Since 1967 we have seen the advent of the wood-chip industry and a considerable extension of pine plantation work in the Mathinna - Upper Esk areas. This has considerably added to the use of the road.

However, I do not wish to repeat traffic useage facts contained in numerous submissions that have been made over many years.

In February of this year a deputation from Mathinna met with members of Cabinet at Fingal Council Chambers and I was advised that an undertaking was given to the deputation to the effect that a programme of works would be prepared and presented by the Wilmot Cabinet Members to the Mathinna people in May or June of this year.

I also understand that the Premier indicated that he would go to Mathinna and meet the people to discuss the intended road works. Mr. Minister, it is my belief that there is not another community comparable to Mathinna in Tasmania the residents of which have to travel 23km. before reaching a sealed road.

The residents of Mathinna have, in my opinion, been extremely patient in their submissions on this matter but I know they are awaiting your reply with concerned interest. Trusting that your reply will be one of good news for Mathinna.

Yours Sincerely
(G.A. Shaw)

TASMANIAN CONVENTION AND VISITORS

BUREAU

At the Annual meeting of the Tasmanian Convention and Visitors Bureau in Hobart on Wednesday 21st June at Four Seasons West Side, Mr. R. Breen of St. Helens Hotel and Mr. R. Booth Secretary of St. Helens Chamber of Commerce were elected to the board of management. Congratulations to both these men to win a position on a most competitive board.

.....

ST. HELENS CHAMBER OF COMMERCE

ANNUAL MEETING REPORT

The annual meeting was held on Saturday evening when 63 people attended the Dinner and Meeting. Guest speaker at the meeting was Mr. Andrew Lohrey, Minister for Resources and Energy.

Officers Elected were:

President: Mr. H. Jestrinski

Vice President: Mr. J. Walker

Hon. Secretary: Mr. R. Booth

Treasurer: Mr. T. Crosswell

Auditor: Mr. T. Dilger

Executive: Mr. D. Scott, Mr. D. James

Mr. W. Simpson, Mr. E. Denman,

Mr. R. Rattray.

Some Notes from the meeting:

FORESHORE RECLAMATION, REGIONAL PARKS:

Reclamation and developmental work along the Esplanade in St. Helens, in which the Chamber has been interested for many years is ready to start as soon as assistance promised by the State Government is received by the Portland Council, which has allocated its share of funds for the first stage.

SCAMANDER NEEDS:

After discussions with appropriate authorities arrangements have been made for additional police services in the Scamander area during the next summer holidays by the setting up of a mobile police station which will be in close touch with district headquarters at St. Marys.

AIRPORT'S FUTURE:

The Chamber has maintained interest in proposals for the further development of St. Helens Airport to the stage where it can accommodate passenger aeroplanes of the Fokker type so charter parties and "package" tourists can be flown in and out. In this regard the interest of at least one operator in a scheduled service has been aroused. It is suggested airport development might be the Chamber's goal for the coming year.

FISHERIES DEVELOPMENT:

The Chamber has kept a close eye on the F.D.A. and has taken every opportunity to urge a survey into the possible development of Skeleton Bay into a small boat shelter unloading facility.
