## STATE ELECTION (TASMANIA)

Now that the date of the State election has been announced, I hope that public attention will be focused on the range of matters for which the State Government is responsible.

The Gordon River power scheme has been the only issue capturing public attention in the lead up to the fall of the Holgate Government. However, the incoming government will also be responsible for the economy, employment, health, education and a range of other matters.

As the new parliament will need to make decisions on this range of issues the public should demand that all candidates outline their policies in full.

While the power scheme is important the election should not revolve around one single issue. Many candidates are nominating as independents. As they are all hopeful members of parliament, the public has a right to know what their policies are on these other important matters and not just on the power scheme.

Max Burr  
Member for Wilmot.

## 1982 - YEAR OF THE TREE

Trees - are they really worth more than momentary consideration? Well, fortunately the United Nations Association of Australia thinks so and it has designated 1982 as Year of the Tree. I think most of us appreciate the beauty of trees, even if only at a subconscious level. The green of their foliage is soothing and peaceful. I have often felt much more relaxed when walking through a forest park, or turning a corner into a street lined with trees.

Can you imagine how bare life would be without trees? The vibrant colours of Autumn, the fun of children swishing through fallen leaves, Spring with its delicate blossoms and the hope that her newness brings, inspired Joyce Kilmer to write: "I think that I shall never see a poem as lovely as a tree."

Aesthetic considerations aside,

there are many benefits that trees give which are not so obvious and well-known. One of these is their cooling value. In fact trees are the original air conditioner. An American study showed that a mature tree shading a window can reduce inside temperature by 11°C, or put another way, take over the job of twenty room-sized air conditioners.

Trees release cooling moisture into the air. One lone beech tree can release 340-454 litres of moisture into the air on a summer day, the equivalent of just over 1,000 tinnies! You can reduce the costs of heating your home in winter by up to 30%. A barrier of evergreens can act as a windbreak, if planted to cut the force of a wind.

As you drive along in your car, spare a thought for the tree and its anti-pollution campaign. It absorbs dust and gases, thus making our air cleaner and more pleasant to breathe. The comments of the Chairman of the Year of the Tree National Committee encapsulate the importance of this year, and give us a good reason for supporting those activities which will highlight the value of trees. She (the Chairman) said, "It is appropriate that such a Year of the Tree be held in Australia as this is the world's driest continent and we can benefit most from efforts aimed at making the public more aware of the benefits of trees."

## LETTER TO THE EDITOR.

Dear Sir,

I would like to make some  
corrections to your article on the  
Don River Tramway, Don.

1. Trains run every Sunday  
and Public Holidays 11am till 4pm.  
Summer and Winter.

2. Admission \$1.50 adults  
50¢ children and pensioners.

During the summer tourist  
season trains run more often dur-  
ing the week.

Recently the name of the  
attraction has been changed to the  
Don River Railway.

Might I also add for any-  
one thinking of travelling to  
Devonport to ride on the trains  
there is an engine that was used  
at the old Cornwall Coal Mine on  
exhibition.

Every Sunday also there  
is an excellent (and popular)  
market across the road in the Don  
Hall.

## LETTER continued...

This letter was written by Mr H. H.  
Camplin a member of the Don River  
Railway. The Valley Voice would like  
to thank Mr. H. H. Camplin for his  
comments.

The Editor.

MUNICIPALITY OF FINGAL

TO THE ELECTORS OF

ST. MARYS WARD

I would like to thank most sincerely those people who supported me in the recent Council Election; it was very much appreciated.

Although the number of electors who voted was only 35% this represents a small increase on the usual turnout and perhaps indicates an increased interest in municipal affairs.

Denzil Casbault.

LET'S GO TO BED

You "date yourself" far more by what you say than by the way you look. The use of worn-out language is fatal to the best efforts of your barber and tailor, your gymnasium instructor, and all the others who try to make you seem youthful and sprightly. And if you're a lady - why, you mah spend your allowance ten times over at the hairdresser and the beauty parlor, and still be recognized for a grandmother if you use a grandermother's wise-cracks.

If you say: "Let's retire!" you date from the 1870's.

If you say: "Let's hit the hay!" you date from the 1880's.

If you say: "How about pounding you ear?" or speak of your bed as "the feathers", you are using slang of nearly ancient vintage. To speak of going to bed as "flopping" is also not very new. In fact, there is nothing safer and more and more modern to say than "Let's go to bed."

IT'S A FAIR COW

Well it really is a black cow that is roaming around eating vegies and flowers etc. It also leaves its calling card (most of this is at night). It could end up B.B.Q.

THUMBS UP!!!

Valley Voice acknowledges the two local log truck drivers who frequent the scenic St. Marys Pass.

Their road curtesy has been noticed by many travellers on the Pass recently.

As the trucks are slow moving, especially with a full load of logs, the traffic would easily bank up, but both drivers endeavour to pull over where possible, to allow for a smooth flow of traffic and this is very commendable.

GOOD WORK BOYS.

~~~~~

Valley Voice hears a certain lady made quite an impression in W.A. recently. Except the impression was on the pavement of a certain town where she fell flat on her face, to her embarrassment.

By Lady Luck.

Fortnight beginning April 16, 1982

ARIES: March 21 - April 20

Be prepared for sudden changes which may happen next week. Contentment and happiness will be yours this month. You are at your most creative right now and some family member will benefit from your work.  
LUCKY NUMBERS: 18, 20, 36, 40.

TAURUS: April 21 - May 21

There will be very few hassles to interrupt your life style just now, so enjoy what you are doing or are planning to do. Some sincere and strong friendships could grow out of what started out as job associations.  
LUCKY NUMBERS: 16, 27, 29, 33.

GEMINI: May 22 - June 21

A small windfall may come your way soon. Be wary of family arguments, as there may be a "falling out" if you are not tactful. Try to become more involved with your partner's work, not just home life.  
LUCKY NUMBERS: 2, 15, 25, 26.

CANCER: June 22 - July 23

Some exciting new person enters your life soon and brings with him (or her) lots of opportunities you have often dreamed about. A holiday this year could provide a refreshing escape with lots of special memories.  
LUCKY NUMBERS: 7, 17, 23, 32.

LEO: July 24 - August 23

You are feeling at your most active this month, so do some of those jobs you have deferred for so long and you will then be ready for unexpected guests. Home and family relationships are highly emphasised.  
LUCKY NUMBERS: 9, 14, 31, 39.

VIRGO: August 24 - September 23

Your social life gets a lift this week, with a surprise opportunity. Happy times with family members should be a special feature. Be prepared, as there may be some sudden and unexpected expenses.  
LUCKY NUMBERS: 5, 13, 23, 29.

LIBRA: September 24 - October 23

You seem to be feeling a little tired at the moment, and can't find the exact reason. Try to rest or else you may feel frustrated and take out your grievances on other family members.  
LUCKY NUMBERS: 10, 12, 17, 22.

SCORPIO: October 24 - November 22

Some members of your family are all set for an argument. Watch out it doesn't include you. Sports play a large part in your life at the moment, whether player or spectator.  
LUCKY NUMBERS: 3, 24, 27, 33.

SAGITTARIUS: November 23 - December 21

Sporting and social outings are prominent in April, but be wary, as you could be affected by circumstances beyond your control. Surprise events could occur, maybe involving money or romance.  
LUCKY NUMBERS: 6, 17, 19, 28.

CAPRICORN: December 22 - January 20

Your contented purring will infect the whole family, bringing contentment to them too. If you are in the public eye, now would be a good time to stand up and say what is on your mind.  
LUCKY NUMBERS: 2, 29, 30, 34.

AQUARIUS: January 21 - February 19

Someone from overseas may soon commence work near you. You could become fast friends. Romance is looming on the horizon and a holiday seems imminent. You will have an extra sparkle through April.  
LUCKY NUMBERS: 5, 14, 21, 22.

PISCES: February 20 - March 20

Try a "little flutter" if you are a gambler, as this could be your lucky week. The people you care about the most are uppermost in your thoughts right now, and you will want to do your best to help them.  
LUCKY NUMBERS: 8, 15, 19, 36.
