DRUGS :- ABUSE? OR AWARENES?

It is worth asking ourselves, "to what extent are the present attitudes of young people towards drug experimentation and drug taking the result of community attitudes and values?"

We live today in a drug-taking society. We have a host of drugs all too readily available. Many of these are, of course, valuable remedies for particular diseases - we have for instance a wide range of antibiotic drugs which can rid our bodies of dangerous germs at a rate which it was difficult to imagine fifty years ago.

We have drugs which lessen pain and drugs which make us calm when we are distressed or anxious. There are also drugs to help us sleep and to keep us awake. When we want to change our mood or to alter the chemistry of our bodies there is frequently a drug for the purpose.

Since infancy we have learned to open our mouths on command and swallow whatever was popped in to cure our illnesses. We see people in the streets, in trains and buses and in shops casually tipping pain-easing powders or pills into their mouths as if it were the most natural thing in the world.

We do, in fact, live today within a society which accepts drug taking as part of daily life. There is a widespread attitude that there is no point in putting up with any unpleasant mental or physical stress when there is a drug which can relieve it.

The strong belief which nowadays most people have in the power of medicines is, unfortunately, not always balanced by knowing that medicines cannot cure every ill or by understanding the bad effects they may have.

Many mothers regularly take, and do not hesitate to give to their children, pain-easing drugs for mild discomforts such as passing headaches. School lunch boxes sometimes have been found to contain a tablet, popped in by Mum, in case her child should feel a need for it.

Exam times, from the early days of primary school onwards, are the signal for many parents in our community to select from their own medicine cupboards a sleeping tablet or relaxing tablet which their doctor may have given them for another purpose, in the hope that it will calm down the child before his or her exam.

Recent surveys in Australia into the effect of certain pain-easing drugs have shown weighty evidence that numbers of young people who now depend on these drugs to 'get through the day', were first introduced to them by their parents as a relief for minor pains.

This dependence on artificial aids to help put up with the ordinary stresses of day-to-day living has slowly been accepted as normal. It has become just as routine as the use of the motor car, television and washing machines.

Like these new inventions, the ready availability of a wide variety of medicinal drugs is a comparatively recent happening. Most of the drugs have been developed over the last twenty-five years, so this aspect of our way of life has come about during the life-time of the adults of today and their children.

It is significant that all this has taken place over a period of time in which the influence of commercial promotion and mass media advertising have become more and more powerful and persistent.

There is probably nothing which produces greater doubt among intelligent young people than the common adult expectation that young people should exercise standards of responsibility and behaviour which many adults themselves fail to observe.

It is all too easy to overlook the double standards which we may show when we talk about drug taking and young people. An honest recognition of the double standards which we may often apply is surely the most meaningful step towards worthwhile discussion of the drug problem, or any other social problem, in present daily living.

CLASSIFIEDS

ST.MARY'S R.S.L.A. SUB BRANCH.

The St. Mary's R.S.L.A. Sub Branch held the Anzac day Services in good weather on April 25th.

The Morning service was a record 70 persons attended, conducted by Rev Alan Renton, United Church.

The 11 oclock service was conducted by Fr Medwin, Catholic Church. A very good turn up of the public of the district. We had the Girl

Guides & Brownies and quite a lot of students from the St. Marys High School, and the school students gave two items at the end of the service.

Thanks to the Head Master, Mr. Beswick and Mr. Moore & Miss Collicut who played the music.

Mr. Stephen Salter was the guest speaker and Bob Jackson represented the R.S.L.A.

TIME:- 7.30p.m. at the Club House.
Election of Officers and General
Business. Members are asked to
please attend.

ST. MARYS GARDEN CLUB.

St. Marys Garden Club will hold
their Annual Meeting on Thursday
May 30th, 1985 at 2p.m. at St. Marys
Child Health Centre. We apologise
for the cancellation of the past
two meetings which were circumstances
beyond our control.
Vegetable for the Month:-Caulifour
Home Produce:-Plain Scones

Special Arrangement:-Saucer of Flowers
Raffle:-M. Bosworth. Competition ??
also Lucky Door???If you wish you
could contact me. We were also
wondering how a Trade Table would go,
as we have missed two meetings and this
would help our funds. I will leave this
matter to the members.

FINGAL ANNUAL 14th MAY. ALL MEMBERS
MOST WELCOME at 2p.m. Uniting Church
Hall.

SCAMANDER GARDEN CLUB.

You are cordially invited to attend
the Scamander Garden Club's "MAYDAY"
at the Complex Clubhouse on the 15th
May at 2p.m.

Funds raised from the Trade Table,
Raffle and Afternoon Tea will be
forwarded to the Hospital Committee
to assist in the running of the
recently purchased LIFE PAK Machine

CATHOLIC WOMENS LEAGUE NOTICE

St. Marys Catholic Women's League
Annual Meeting will be held at St.
Marys Presbytery on Tuesday, May 11th
1985, beginning with Holy Mass at
11.30a.m. After Mass a light lunch-
eon at the Presbytery, then approx
1p.m. meeting. Special guest will be
Very Rev. Fr. Dean Lloyd(State Chaplin)
State President, Mrs. Mary Campbell,
State Treasurer, Mrs. Noreen O'Loughlan
and Northern Vice President, Mrs.
Dorothy Andrews. The Catholic Womens
League is opened to all Catholic women
of the Parish. There is not alot of
work involved and you do not have to
attend every meeting. We would like
to see you and make you most welcome.

LETTER TO THE EDITOR.

As I Like following the football,
I was appalled by the toilets at
AVOCA football ground, last Saturday,
4th May. There was no toilet paper,
no paper towels, but alot of filth
by some women. As I am a grandmother
with alot of granddaughters, I think
this sort of behavior is uncalled for.
As there was a container there for the
ladies use, please take advantage of
this facility. And as the mens toilets
were flooded I think the men had better
take along rubber foot-wear.

DISGUSTED. L. Squires, Cornwall.

Also special thanks to Doctors and Staff. Will all please accept this as a big thank you.

HAPPY MOTHERS DAY
TO ALL MUMS
FOR SUNDAY

NETBALL NEWS by 'On Court'

The third roster game of this round ended with another loss to St. Marys. This time against Campbell Town. The Robins defeated the Tigers by 22 goals. Campbell Town defended well and had control over the ball throughout the game. Though St. Marys lost, they showed great determination throughout the game and used their passes well.

St. Marys recorded their first win for the season when they defeated Avoca by 4 goals on Saturday. Even though the game was marred by injury the Tigers played well and their defence was strong. St. Marys gained an early lead and though Avoca fought back strongly it came too late to stop the Tigers. The win was a morale booster for the team and coaches. Let's hope it is the first of many, many more.

CONGRATULATIONS to Tania Leedham and Ricky Madden on winning Womens and Mens Best & Fairest and to Vanessa Aulich and Adrian Donker who were runners-up.

Dear Sir,

As a believer of the value to the Fingal Valley as to the establishment of a Thermal Station in the Valley I think the group of people calling themselves G.A.S.P. are over acting over pollution.

When I first came to Cornwall the mine was run on Thermal Power. Every house burnt coal, we had a slack heap on fire (in fact its still alight) surely we should have been in a constant fog from all the fumes. If we are to believe that coal fumes kill the vegetation and is so detrimental to health, why then do we have such rich bush land, why do we have such good gardens, why is the average age of the old coal miners - men who had to pick for coal who are still alive well into their 80's - well over the three score & ten. Not bad living in our polluted air.

Perhaps G.A.S.P. should think of the pollution we ordinary mortals suffer from the farming community. Dust from their paddocks, dust and noise from their crop dusting. Has the ordinary person ever complained? No. We take that as an occupational hazard but it is there.

Also G.A.S.P. quoted the Hunter River project. Fancy quoting the size of the Tasmanian power scheme against the Hunter River project. Tasmania's will be only a baby - so less pollution.

I would have thought more of G.A.S.P. if they had said - we would rather not have a Thermal Station but let's all get together and work out something. Tasmania has an abundance of coal - we have people out of work - let's work for the Valley and for Tasmania.

The debate over the Thermal power has all the ingredients of a soap opera - first in the 1960's - to save the coal mines the miners fought for a Thermal Station - turned down, too dear. H.E.C. cheaper and oil cheaper and not enough coal. Then in 1980's with industries turning to coal because Hydro and oil were too dear people were turning to coal, new coal seams were found, why not Thermal Power. Now the heavies move in again - a farmer may lose a small piece of land, another may not have quite so many fresh trout, another farmer says it causes pollution and could give people cancer. What is more important - a Valley slowly dying or work for everyone, people with money in their pockets and a bit to spare for Tasmania.

Una Camplin.

St Marys District High School

SCHOOL FAIR:

This year's School Fair will be held on Friday, 20th September, the first Friday of Term III.

PARENTS AND FRIENDS ASSOCIATION:

The next general meeting of the Parents and Friends Association will be held on Tuesday, 21st May, at 8.00 p.m.

MOTHERS CLUB:

The next general meeting of the Mothers Club will be held on Tuesday, 14th May at 1.30 p.m.

QUIZ QUEST:

Congratulations to our primary Quiz Quest team of Mathew Rawnsley, Suntheran Maidoo and Peter Hayes who recently defeated Somerset Primary School in the first round of Quiz Quest.

Mathew Rawnsley also won his round of the individual section. Mathew can be seen on this week's edition of Quiz Quest on Channel 9 (Friday, 10th May).

SCHOOLS BOARD OF TASMANIA:

WHAT USE ARE THE CERTIFICATES?

FOR THE STUDENT...

... they are records of achievement in subjects from the wide range offered by the Board.

THE SCHOOL CERTIFICATE...

... is needed as a qualification for many occupations, including apprenticeships, that students can take up after Year 10. For students going on to further education, it is the basis for counselling about further studies they should attempt.

THE HIGHER SCHOOL CERTIFICATE...

... is a record of one year's study. Many students gain one certificate in year 11 and another in Year 12. Some students use the H.S.C. to get jobs, and those going on to tertiary studies at a university or C.A.E. use it as evidence of the standard reached. Each university and college tells intending students what they need on the H.S.C. to gain entrance.

MANY EMPLOYERS...

... require applicants for jobs to provide copies of their certificates with their applications and to bring the originals along to any interview. Employers believe that they can use certificates in comparing applicants with each other when preparing a short list for interview. What they will be looking for on the certificate will depend on the nature of the job involved. For some jobs a level II in a particular subject may be more valuable than a level III in something else.

CERTIFICATES...

... don't tell the whole story of a student's life and achievement at school. These are more fully detailed on the school's own final report, leaving certificates or personal reference. The Schools Board certificates do however provide the student with official confirmation of standards of achievement in the main subjects studied.

MATRICULATION...

... is the word used to describe the entrance requirements for a university. In Tasmania there is no such thing as a Matriculation Examination. The University uses the results students gain in the Higher School Certificate to decide whether or not they can matriculate.

LARGE PRINT TYPEWRITER

Thanks to the efforts of the Mothers' Club, the school now has a large print typewriter.

This typewriter will mainly be used for the presentation of K-6 written work and for special education purposes.

COPY OF LETTER FROM GEORGE SHAW,
M.L.C. TO HON. B.A. LYONS M.H.A.

Dear Mr. Minister,

I have received a copy of a letter to you from the Fingal Valley Welfare Committee for Senior Citizens which firstly thanks you and the Housing Department for building E.P.H. Units at St. Marys and Fingal. I strongly support the appreciation expressed and can assure you that the citizens of the Fingal Valley are sincerely thankful for those units both constructed and under construction.

The Welfare Committee drew attention to the number of applicants who will be disappointed because there are insufficient units to satisfy the demand.

Will you please take note of this and if possible plan to build further units in the near future.

I also note that the Annual Meeting drew attention to the need for Hostel type accommodation for those unable to care for themselves and yet not needing full nursing care.

I am certain there is such a need and that some hostel type accommodation built adjacent to the St. Marys District Hospital would provide a very necessary "in between" facility.

I sincerely request that you investigate this possibility and have discussions with the above Committee, the Hospital Board and the Fingal Council in an endeavour to provide more comprehensive care for the aged of this community.

THE 1985 TASMANIAN YARD DOG CHAMPIONSHIP was held on Saturday 4th May, 1985 at AGFEST, it was sponsored by the Agfest Committee of the Rural Youth of Tasmania.

Also the winner was invited to represent Tasmania at the Australian Yard Dog Championship, and Ansett Airlines offered to sponsor the Handler and his dog a return trip to Melbourne for this purpose.

The Tasmanian dogs entered were as good as any of the dogs in Australia with the leading contenders being, Mr. Stan Smith's Ben, a small black smithfield who has won many events, Mr. Mike Green of Campbelltown will work Bernie, a black and white border collie who has won several events and placed in this event last

year. Mrs. Irene Glover who last year competing in her first event at Agfest scored 1st and 2nd in the Novice section with Bush and Barner, will this year present a big challenge to the open dogs, and has proved quite able to match the men in this competition. Mr. Len Rigby a previous Championship winner will again be competing with his red kelpie Bronc. It is also hoped to have competitors from Bothwell, Hamilton, Bridport and other areas of the state and a strong competition is assured.

Judge for the event was well-known dog handler Mr. Wes Singline of Weldborough, who won last years Championship with Yank. Wes is a stockman of the old days and can quite often be seen on the road between Goshen and Weldborough with a mob of cattle or sheep droving them the 20 miles between his 2 properties. This experience will stand him in good stead for judging as he not only knows a good dog when he sees one but in his position needs one. Also as the owner of the property and stock he is considerate in the way stock are handled, which is a must on a long drive if you require the stock to reach their destination in good condition.

"SHOULD GOVERNMENT PURCHASE HYDATID INFECTED SHEEP?"

At a recent meeting of the Tasmanian Hydatids Eradication Council, members passed a motion asking the Government to take stronger measures in an attempt to accelerate the final eradication of hydatid disease in Tasmania.

All nineteen members present at the meeting voted in favour of the Department's taking action to eliminate the remaining reservoir of hydatid infection which still exists in some old sheep.

The meeting passed a motion to the effect that "the Department of Agriculture seriously considers to either acquire for slaughter or slaughter under order all groups of sheep which are still likely to be infected with hydatids".

This recommendation proposes that the sheep would be purchased at market value by the Department over a reasonable period of time.

Newly appointed members to the Council who attended the recent meeting were M. Flynn representing the Meat & Allied Trade Federation of Aust., and Dr. Barnes from Longford representing the A.M.A. & R.A.C.G.P.

M O T H E R

M stands for Mum
so gentle and kind
As she tends your troubles
And eases your mind

O stands for Oak
For she's firm and sure
As she puts up with things
No one else would endure

T is for Trust
And tender care
When everyone doubts you
She's always there

H is her Heart
That's forever true
No matter what happens
She always loves you

E is for Energy
From morning til night
When Mum's on the go
Just putting things right

R stands for Riches
Not Silver or Gold
For money can't buy it
Her love isn't sold

She gives it freely
It hasn't a price
So won't you help her
And try to be nice

Please stop a moment
And Thank God above
That you have been blessed
With a Mother's Love.

STARDUST

BY CANCER CUSP
FORTNIGHT BEGINNING MAY 9TH, 1985.

TAURUS: April 21 - May 21
Perhaps because it's your birthday, you could be in a spending mood. It will be hard to resist the temptation to splurge but take care; it will be only too easy to overdo it and spend more than you intended.
LUCKY NUMBERS: 2, 32, 11, 10.

GEMINI: May 22 - June 21
Look before you leap. You could be very impetuous this month and tend to go ahead before you take all factors into consideration. Be especially cautious about commitments; don't take on too many.
LUCKY NUMBERS: 3, 20, 14, 17.

CANCER: June 22 - July 23
Keep your own counsel. You'll feel a lot more secure and confident if you don't reveal your plans prematurely. Also, your judgement should be very astute, so this month it may be best to rely on yourself.
LUCKY NUMBERS: 18, 23, 34, 19.

LEO: July 24 - August 23
Your social life will be in full swing. The chance to spread your wings and meet new, intriguing people who are a little different from your usual associates will be enjoyable highlights of the month.
LUCKY NUMBERS: 40, 3, 15, 28.

VIRGO: August 24 - September 23
Sudden changes in your work situation your schedule, responsibilities or even the people you work with, will require quick adaptability on your part. More work will come your way and may have to try your hand at jobs previously untackled.
LUCKY NUMBERS: 12, 7, 1, 27.

LIRA: September 24 - October 23
Financial increase is the good news for this month. Emotionally, though, there could be a few hurdles, with the tendency to find yourself at loggerheads with others - a very uncomfortable situation for your nature.
LUCKY NUMBERS: 6, 11, 20, 35.

SAGITTARIUS: October 24 - November 22
There may be times when it's hard to put into words the thoughts and strong emotions you feel and this could cause a few frustrations. Make an effort to choose the right moments for deep discussions.
LUCKY NUMBERS: 8, 20, 29, 37.

SAGITTARIUS: November 23 - December 22
The first half of the month has relaxed, easy-going indications. There will be get-togethers with friends and opportunities to enjoy your favourite hobbies and interests. Work pressure heats up later this fortnight.
LUCKY NUMBERS: 7, 15, 19, 28.

CAPRICORN: December 23 - January 20
A few hassles at work will require super patience. Don't lose your cool. You'll ride smoothly over the top of all difficulties if you refuse to let annoyances provoke you or affect your judgement.
LUCKY NUMBERS: 13, 22, 34, 37.

AQUARIUS: January 21 - February 19
Romantic combinations will put some Aquarians on cloud nine this month. Others will find contentment just being with their partner and enjoying their family life. You may not get quite as much time together as you like.
LUCKY NUMBERS: 4, 5, 13, 27.

PISCES: February 20 - March 20
Be thorough. There's a tendency to rush jobs through but unless you are meticulous you may find you have to go back to tie off loose ends. It will be easier and faster to attend to all the details as you go. This is a good time for lovers.
LUCKY NUMBERS: 12, 17, 26, 34.

ARIES: March 21 - April 20
Learning is accented. Whether it is through your profession or interests you want to pursue, the acquisition of extra knowledge and techniques are indicated. It should be an expansive time with considerable challenge.
LUCKY NUMBERS: 4, 6, 13, 22.
