EARS FOR THE DEAF

Lions International are working to meet the challenge of the ever increasing human needs in a world filled with crippling diseases, drug and alcohol abuse and poverty which starves both body and spirit.

Many of us are aware of the sight saving programs that Lions take part in (the Lions Eye Diagnostic Centre in Hobart) but how many of us know about the Lions Hearing Dog Program?

Dogs are trained for each person to their individual needs, and to react to such things as a baby crying, a smoke alarm, an alarm clock, unfamiliar sounds which may indicate danger, or some other need of the deaf owner. The dogs are trained to let the owner know where the need for attention is, by nudging them and running back and forth to the location of the sound until the owner knows its source. These dogs are trained in Adelaide.

At least 800,000 people in Australia suffer the disability of deafness. Of these, approximately 30,000 are severely handicapped. Deafness is an invisible handicap, yet a very real one, and can greatly inhibit active participation in the mainstream of life.

Communities are often unaware of the special needs of deaf residents. Hearing Dogs Inc., launched with the aid of a US\$30,000 Lions Club International Foundation grant, is an organisation that trains the dogs to assist the deaf in their daily lives. The dogs act as "ears" for the deaf in much the same way as guide dogs "see" for the blind.

The Lions of Multiple District 201 in Australia and Papua New Guinea (which includes Tasmania) initiated the program, which is the first one of its kind outside the United States.

In a building which simulates the conditions of a regular home and office, the dogs are given a three month training course.

This unique program will also save the lives of many unwanted dogs. While seeing eye dogs are mostly labradors, hearing dogs for the deaf can be of any breed, and are recruited from the South Australian Animal

Welfare League's home and council run pounds.

Hearing Dogs Inc. helps about 80 people a year. In addition, thanks to the efforts of Multiple District 201, federal and state governments in Australia are in the process of amending legislation to permit hearing dogs to travel in public transportation and enter public buildings - the same rights enjoyed by guide dogs for the blind.

The Multiple District Council believes that since this project represents a very real and practical way to help a disadvantaged section of the community that is frequently overlooked, Hearing Dogs Inc. will become one of the most significant projects it has ever undertaken.

Now a word about LCIF. Everytime Lions Club International Foundation makes a grant, someone is given an opportunity. To a blind person, it might be the opportunity to see. To the unskilled and unemployed it could mean the opportunity of a job. To the victims of a natural disaster it means the opportunity to rebuild.

When LCIF was formed in 1968, it was primarily a shared concern for humanity that tied together the members of Lions Clubs International. Now 17 years later, the 1.3 Million Lions who work together through LCIF have shown that their capacity for service is almost limitless.

LCIF-supported projects are effective and successful. The reason: Lions know their communities. They understand the problems and what causes them, and this enables Lions to attack those problems at the roots.

Consequently, the funds Lions donate to LCIF are not simply used as charity. They are used to support projects that are carefully planned, and that by addressing the sources of problems, offer solutions that help people gain greater independence. These are long-term solutions with long-term benefits.

In effect, what the beneficiaries of LCIF grants receive are opportunities to help themselves.

EARTH

- - - - -

We have probed the earth, excavated it, burned it, ripped things from it, buried things in it, chopped down its forests, levelled its hills, muddied its waters, and dirtied its air. That does not fit the definition of a good tenant. If we were here on a month-to-month basis, we would have been evicted long ago.

P.E.P. SURVEY:

Our P.E.P. evaluation of the school curriculum and the survey of the Fingal Valley looking at the possibility of post Grade 10 education in this area are almost completed.

There has been an overwhelming response in favour of classes coming to the valley but it is unrealistic to expect any establishment of courses before 1987.

The Minister for Education has issued a statement saying that, until the present experiments at Smithton, Oatlands and Triabunna have been evaluated, no further

Grade 11 and 12 classes will be set up in country high schools. This is not saying that nothing will be done, but that we could be looking for a start probably in 1987.

PARENTS AND FRIENDS ASSOCIATION

MEETING:

The next general meeting of the Parents and Friends Association has been re-scheduled for Tuesday, 22nd October at 7.30 p.m. so that Mr. Rod Grosvenor, the Secretary of the Schools Board of Tasmania will be able to discuss proposed changes to school certification with parents, teachers and students from the Fingal Valley and East Coast areas.

STUDENTS' WORK

Once deep in the wood there was a cottage and in that cottage lived a little girl. One day the girl went for a walk and she saw a gold rock so she picked it up and walked home. The next day the rock did a dance for the girl then it said, "I am a magic rock and I am yours", said the rock. The girl was so amazed that she said "Thank you". So they danced around the house proudly.

by Theresa Dawson, Grade 2.

BURGLAR

Once upon a time there was a burglar. It had a name. It was Burglar Bill. He used to steal chains and money. Burglar Bill stole them in the bank. He lived in the forest. He was naughty. He was trapped in gaol. He was a prisoner. He escaped. He went on stealing and got in trouble with the policeman.

by Carla Spencer, Grade 1.

DIVISION OF ROAD SAFETY

SEAT BELT LAWS

Traffic Regulations governing the restraint of children and seat belts for adults provide that:

- *children up to 12 months old must use an approved child restraint* if available in the vehicle or travel in the back seat;
- *children aged 1 to 8 years must use an approved child restraint* or a seat belt. If neither is available a child must travel in the back seat (unless the back seat is full);
- *any restraint worn by a child must be properly adjusted and securely fastened;
- *the driver is responsible for ensuring that children under 8 years are properly restrained; children over 8 years are regarded as adult passengers and must use seat belts if they are available;
- *the maximum penalty for failing to comply with the regulations is \$200

DONT MAKE THE MISTAKE OF BELIEVING THAT BECAUSE YOUR CHILD RIDES IN THE BACK SEAT A CHILD RESTRAINT OR SEAT BELT IS NOT NECESSARY.

The truth is that when a child is not strapped in, the back seat is not much safer than the front. Even at slow speed, in a collision or a sudden stop, your child will be flung about like a rag doll. Children need to be restrained wherever they are sitting.

DON'T TRAVEL WITH A CHILD ON YOUR LAP. THIS IS ONE OF THE RARE OCCASIONS WHEN A CHILD IS NOT SAFE IN MOTHER'S ARMS. It has been shown that in a crash, even at a low speed, the forces involved are such that the strength needed to hang on to a child is similar to lifting one end of a small car.

DONT PUT A CHILD INTO A SEAT WITH YOU. In a crash, the weight of your body would cause serious or even fatal injury to the child.

IF YOUR CHILD CAN'T SEE OUT, DON'T raise him by means of an ordinary cushion. It will not stay in place in a crash and the child can slip out of the straps and be strangled. Use an approved booster cushion with a child harness or an adult seat belt.

ST. MARYS DISTRICT HOSPITAL AUXILIARY

PRESIDENT'S REPORT 1985

I have much pleasure in presenting the Annual Report of our Auxiliary for 1984/1985.

This Auxiliary was formed at a meeting in the St Marys Institute on Friday, 10 February 1928. It was then called the Ladies Committee and this was changed later on to its present name. Over the years since then, except for a few months recess, it has been an active organisation and has given valuable assistance to the hospital in many ways, especially with donations to help with the comfort of patients and staff.

We have 24 members, some being social members and an average meeting attendance of 12. We hold an annual fair in March each year and I am pleased to report the amount raised this year exceeded all previous years, being over \$3,200.

This annual Christmas party was held followed by the Carols by Candlelight service, on the Sunday before Christmas day. We thank the Lions Club for its support at this function, compere Ron and especially the school orchestral group.

Gifts are given to patients at Christmas time, Easter and Mothers Day.

We also make a donation toward the patients Christmas party.

During the year the following donations have been made to the hospital, at a value of \$3688.00 -- 2 colour TV sets; Bed and accessories; Foam Cushions; Video recorder; patient arm chairs; Blood pressure monitor; Mobile emergency spotlight.

We wish to thank all the people of the districts served by the hospital for their donations of money and gifts. We especially thank Mr Cook the Board Secretary for his advice and help. Mrs. Franklin for typing; Matron Lavelle and her staff for arranging a stall at the fair. We wish Matron better health in the coming year. Thanks are also due to Doris Bullock our Representative on the hospital Board, all members for their time and the use of their cars. Special thanks to Mr. and Mrs. Robinson for all their help prior to the fair. As this will be my last report as your President, a position I have held with pride for 31 years, I thank members present and past for all the help, support and kindness shown to me in all these years. Owing to health reasons, I am resigning this position as from tonight. I offer my sincere appreciation for your co-operation ...
continue page...

...continue from previous ^{page} at all times. To your Secretary, Mrs. Birrell and your Treasurer Mr. Napier I cannot find words enough to express the members appreciation for all you have done over many years. The help and co-operation I have received has made the task as President an easy one. It has been a tremendous pleasure.

....remembering our motto.....

LET US HOLD HIGH, O LORD
THE LAMP OF SERVICE FOR THE
WELFARE OF OUR HOSPITAL.....

Amy Jarvis,
PRESIDENT.

The money raised at the Street Stall on Wed 2/10/85 helped to-wards the cost of the bus for our travelling to Launceston. The raffle was won by Mrs Sharryn Binns.
