### BUYERS BEWARE Extracts from Newsweek

Unscrupulous manufacturers the world over are turning out fakes of everything from car parts to birth control pills. This flourishing trade is costly to legitimate business -and potentially dangerous for all of us.

On a sales trip to Kuwait, some Toyota executives happened proudly upon a shop advertising "genuine Toyota parts." But when they looked closely, their delight turned to horror. The shiny new "Toyota" oil filters on display had been fashioned out of discarded fruit-juice tins, and could easily ruin a car's engine.

Fakes of everything from Louis Vuitton luggage to Apple Computers may account for three per cent of world trade -fully \$85,000 million, according to the International Chamber of Commerce.

While replicas of such brand-name items as Levi's jeans and Rolex watches comprise the bulk of ersatz products, few businesses are immune. Because fakes are almost always inferior to the genuine article, they can pose a real threat to public safety.

Counterfeit brake linings that cannot stop a car as quickly as the real thing are sold throughout the Middle East and Asia.

Bottles of bogus Vicks Formula 44 cough syrup and other pharmaceuticals have begun showing up on chemists' shelves in Asia. In 1983, authorities uncovered a Bangkok factory making imitation antibiotics packaged just like those produced by the British manufacturer Wellcome.

A few governments are beginning to confront the problem. It is now a federal crime in the United States knowingly to possess, distribute or sell counterfeit products, with fines of up to \$350,000 for individuals and \$1.4 million for corporations, plus up to five years in jail for those involved.

France is toughening its patent and trademark laws to allow customs officials to confiscate suspect goods. Italy, home to many

counterfeiters, is taking action against small-time copy-cats and outdoor markets that sell counterfeit goods. In 1983, Taiwan, one of the largest sources of fake goods began drafting extensive amendments to its trademark and copyright laws to tighten control over the bogus trade.

But customs officials inspect only a small portion of all imports to check for fakes. Most of the burden falls on the companies whose profits suffer and whose good names are damaged by cheap imitations.

Worldwide, more than 300 firms have joined the International Anti-Counterfeiting Coalition, which monitors counterfeiting and lobbies governments. The Paris-based International Chamber of Commerce has launched a similar operation to forward counterfeiting intelligence to companies and law-enforcement agencies.

Most of the copy-cats can be found in Asia, working in sweatshops and modern factories alike. Taiwanese fabricators use sophisticated techniques to duplicate everything from Cabbage Patch dolls to industrial chemicals. In Singapore, the underground manufacturers specialise in bogus cassettes and videotapes, while those in Hong-Kong specialise in phoney designer clothing and brand-name watches.

In some developing countries, where counterfeiting provides thousands of jobs, governments tend to look the other way. Penalties are frequently light, and enforcement is often non-existent.

## ST. MARYS GOLF NOTES by Tee Up

Well some very interesting news. Our members Pennant Team very successfully won the Round Robin at the Kings Meadows Golf Links last weekend. This makes the 3rd time to play a final in the south for State title. Perhaps the 3rd time may be lucky. Six players were successful for the first time to play in a winning side. The three Juniors I believe were outstanding. Nevertheless, every player had Round Robin experience. I believe the teller from one of our banks saved the day by sinking his 4ft putt on the 18th hole played against Longford. Well done David.

We are also pleased that St. Marys Club is the only Club to compete 3 times for State Title. St. Marys ended up winning the 3 games needed for success. Scores for the final were:-

St. Marys 5/4 D Longford  
St. Marys 7/2 D Port Sorell  
St. Marys 9/0 D Zeehan

The State final will be played against North West Bay later this month at the Tasmania Club.

The ladies were not so successful when they played last Monday along with 52 Clubs for the Barclay Shield.

The members Match Play is progressing well and the winners of the A Grade were:-

R. Ridgers 5/4 D L. Stingle  
Chris Davern 1 up 18th D S. Dawson  
K. Davern 1 up 19th D R. McGiveron

### B Grade

Peter Davern 6/5 D C. Hayes  
S. Mitchell 1 up 19th D G. King  
R. Spilsbury 1 up 18th D John Newman

Paul Davern won outright from S. Cooke.

The semi-finals will be played between A Grade:

D. Berwick v R. Ridgers  
Chris Davern v K. Davern

### B Grade:

Paul Davern v Rodney Spilsbury

## NURSING MOTHERS EAST COAST

Nursing Mothers East Coast Group are finishing up its activities for the year with a big luncheon being held on November 19th. The Group extends an open invitation to anyone who would like to help us make this day a real fun day for both adults and children.

This year has been one of mixed fortunes for nursing mothers. It saw a farewell to Mrs June Watts who is now residing on Flinders Island. June has now finished her training and is starting up a new group on the island.

Lorraine Smith has finished her training, just waiting for official word to return, then the east coast will have their own fully fledged NMAA group. It is anticipated that proper discussion meetings will commence February 1988 and be held on a monthly basis.

Anyone interested in attending the luncheon please contact Lorraine Smith 722214 or Lois Hoult 725342 or Jane McNaught 725181 for details. East Coast Nursing Mothers are holding a luncheon at Mrs Lois Hoult's home commencing 11.30ish. All mothers and children are welcome. For any details please contact Lorraine Smith 722214, Lois Hoult 725342 or Jane McNaught 725181.

## VALLEY HISTORY

### ST THOMAS'S ANGLICAN CHURCH AVOCA

EXTRACT FROM LAUNCESTON EXAMINER 1841

The New Episcopal Church at Avoca was opened for divine service on the 8th May 1842 when the Reverend Mr Richardson preached an appropriate sermon to a congregation of about one hundred and twenty persons: after service, the Sacrament was administered. The collection on the occasion amounted to 9 pounds ten shillings.

Rev Richardson served by far the longest term of any Rector of Avoca, 30 years.

Consecration of the church did not take place until Aug 10th 1885, when Bishop Sandford took the service. A church is consecrated when the title of the lands and burial grounds are secured and the building free from debt.

The church registers are of great interest for they reflect just how hard life must have been in the early days. The marriage register shows how few people could write, and the burial register records that many people died due to accident. Several drowned, some died of fever, one of indigestion and two shot by bushrangers.

Of Particular note is the entry:-

Ellen Dickenson aged 40 drowned 1843 Free.

The first burial was James Alcock 1841

The first baptism was Charles Berwic 1841.

The first marriage in the church was between; James Whybrow-Alicia Sullivan. The butcher and the nurse.

However two earlier weddings are recorded as having been held in the place of worship. and Miss Elsie Raake in 1942 related how her mother witnessed a wedding service within St Thomas's before it was completed.

Her mother Mrs Maria Raake was born at Avoca on the "Rockford" Estate. She died on the 12th June 1932 in her 101st year. She could recall much of the early days, and could remember prisoners working on the construction of the coach road to Cranbrook, attending services. She remembered the West end of the church filled with prisoners and soldiers at the morning service, Captain Gardiner and Captain Grey was in charge of them. She recalled the first meeting of the pioneers held to discuss the building of the church, and she can remember the stone lying on the hill and being prepared for the building.

THE ID CARD

The ID Card is not yet Dead and Buried! BIG BROTHER IS HERE!

At the time of writing, it appears the Government has been stumped by a legal technicality. However, Mr Hawke has made his intention perfectly clear and it is likely some other technique will be tried in order to achieve the same purpose.

Those opposed to the card need to maintain a constant vigil.

The ID Card is not just another card and it's not just Liberals Democrats and Nationals who oppose it. Half the A.L.P. is also against it - for solid reasons. Despite the fact that all the reasons the Government claims we need the Id Card have proven to be false, it has decided that, as well as for Tax and Social Security matters you must also use the Id Card to:

- 1. Go to Hospital
- 2. Sell your house
- 3. Get a job
- 4. Pay anybody - including the baby sitter
- 5. Open a bank account
- 6. Claim Medicare benefits.

More Government Departments are awaiting approval for access to the ID Card information.

Heavy fines and penalties ranging from \$500 to \$20,000 and/or 6 months to 2 years imprisonment will be imposed for various offences such as failing to report the loss of your ID Card within 21 days or destroying or defacing your ID Card.

The Government constantly condemns those who oppose the ID Card as cheats or the friends of cheats. Nothing could be further from the truth. I do NOT condone cheats. More efficient administration is needed to stop the cheats but the Card simply covers-up bad administration. The right to privacy of all individuals must not be comprised by a Government that is not willing to look for alternatives to fight fraud. If you feel strongly about the introduction of the ID Card, Petitions are still available from my office.

RED FACE DEPT.

Who had the red face when a lady  
turned up at the P.O. with a "baby"  
wrapped in a rug, and claiming  
"Wombat" was the father?

AS AN "upside down flag" is a sign  
of distress, it would be interest-  
ing to know just what was wrong  
with Pete No. 2 at the P.O. last  
week when the Bicentennial flag  
was noticed in an upside down position.

MOTHERS CLUB:

Mothers Club held a tuckshop on 7th October and \$115.68 was raised. This was due to the tremendous support of parents and children.

At the Athletics Carnival, the Mothers Club provided a Porta Loo for the use of the younger children in Primary. Thank you to the Fingal Council for the loan of this and to all people concerned in its arrival at St. Marys.

Mothers Club will be holding a Fancy Dress Ball on 6th November- 7-9.30 p.m. (fancy dress optional). Children will need to bring a plate of supper and parents will be charged 50c admission to pay for the hire of hall and music.

Mothers Club has been quite concerned about the traffic congestion after school with bikes, buses and cars, and have written to the D.M.R. requesting that a bikeway be provided for children travelling from school to the town. Stephen Salter is consulting with the D.M.R. regarding this problem.

Our next meeting will be held on Monday 16th November at 1.30 in the Primary Staff Room. Cheryl McFadzean, the new Senior Teacher (Infant) for 1988, will be attending to meet the Mums and Dads.

PROGRESS REPORT ON FUND RAISING FOR THE SWIMMING POOL:

Fund raising activities have been in full swing for the last two months and to date a total of over \$6,500 has been raised. This has been achieved due to the tireless efforts of the volunteer ladies and the generous support of countless parents and numerous local businesses.

On Friday 13th November, we will be holding a PROGRESSIVE DINNER. Tickets will be available from Health & beauty Centre at a cost of \$10.00 a head. Donations of rice, vegetables, salad items, fruit coffee or sugar OR cash donations for the purchase of food items for cooking will be most gratefully appreciated.

Any persons willing to host any fund raising function are asked to please contact M. McKenzie on 722496. Fundraising Co-ordinator
