

## WORLD ROWING CHAMPIONSHIPS

The long awaited World Rowing Championships are just a few weeks away and they are the biggest undertaking for any sport in Tasmania's history.

The World Rowing Championships are attracting a record 46 countries, 1200 competitors and officials and will inject a minimum 8 million dollars into the Tasmanian economy.

The 46 countries entered to compete at the Championships is a record in the 98 year history of FISA. Australia is poised to deliver one of the best world championship regattas to the international rowing community.

An International Congress of FISA on October 27th will precede the Championships. It is expected that each of the 67 countries affiliated with FISA will send delegates. The Congress will be held at the Launceston International Hotel.

- However, prior to and after the Championships, Lake Barrington will remain a gem in the array of venues in Tasmania of natural and enduring charm. As visitation rates of the general public to Lake Barrington for sporting and passive recreation reasons climb each year (now above 80,000 in 1989) the popularity of the lake and its future as a facility for all Tasmanians is assured.

East Coast residents can and should feel proud of David Schier, OAM, the long serving Chairman of the Organizing Committee, who comes from Falmouth.

David is the second eldest of six children born to Jean and Gilbert Schier of Falmouth. He was educated at the St. Marys High School and worked at the St. Marys Bakery, before joining the Air Force in 1966.

He served in Vietnam in 1968-69 and left the RAAF in 1972 to study law at the University of Tasmania. He graduated in 1977 and has practised as a barrister and solicitor in Burnie for the last 9 years.

Between 1973 and 1981 he was an active oarsman with the Tasmanian University Boat Club and the Franklin Rowing Club. David has won State Championships in senior eights, senior coxless pairs and junior sculls. He was a State representative in the

David Schier, OAM

Presidents Cup in 1978.

David, who is single and aged 'just over 40' has served on the Tasmanian Rowing Council as a delegate, and in 1983 was elected as President. At that time, at the age of 33, he was the youngest President of the TRC and was the first northern resident for 72 years.

He has been Chairman of the Organizing Committee for the Australian Rowing Championships and Kings Cup Regatta when held in Tasmania in 1984, 1987 and 1990.

It is a commonly held view that the organization of those Australian Championships has raised the standard of regatta organization in Australia.

David has been a member of the Australian Rowing Council from 1984 and is now the senior state delegate in the National Forum.

He participated in the preparation of the feasibility study which recognised Lake Barrington as Tasmania's best venue for a rowing course, and became the singularly most identifiable public advocate for the development of Lake Barrington from June 1981. He became Chairman of the Lake Barrington Rowing Committee in May 1982.

As a result of an intense lobbying campaign in public, government and sporting circles, the Gray Government announced in October 1982 that it would fund the development of Lake Barrington as an international standard rowing and canoeing facility. .... 5

WORLD ROWING CHAMPIONSHIPS  
(Cont'd from cover story)

David wrote and presented the application to FISA, the international controlling body of rowing, in January 1985 for the allocation of the 1990 World Rowing Championships to Lake Barrington, Tasmania, Australia. FISA granted the application at its Congress in Rome on January 13, 1985.

David Schier, OAM, has been an Australian delegate to the Congress of FISA in Rome 1985, Nottingham 1986, Copenhagen 1987, Seoul 1988 and in 1989 attended two conferences, one in Bled, Yugoslavia, and an extraordinary Congress of FISA in Athens.

In the context of the development of Lake Barrington and promotion of the World Rowing Championships, he has visited rowing courses in New Zealand, South Korea, Switzerland, Italy, France, West Germany, Austria, England, Scotland, Denmark, Holland, Yugoslavia and Belgium.

David has been the Chairman of the Organizing Committee for the 1990 World Rowing Championships from February 1985 until this day. He is a Director and Deputy Chairman of the Company, 1990 WRC LTD.

To his credit he has been awarded the Vietnam Medal, Active Service Medallion, Republic of Vietnam Campaign Medal (RAAF 1966-1972), the Medal of the Order of Australia -1986- for service to the community and to rowing, and in particular the creation of the international standard rowing facility at Lake Barrington, Tasmania.

The World Rowing Championships commence on October 29th and end with two final days on November 3rd and 4th. Ticket purchases for this once in a lifetime experience are recommended -contact 008-005-626.

ST MARYS GOLF NOTES by Tee Up

There is very little to report this issue as the greens have been undergoing their yearly face-lift and the green keeper apologies if you have been inconvenienced by the coring. It's a necessary essential as all Golfers understand.

Last issue I left out the name of the person who had reduced 6 strokes in a month and I am truly sorry but I'm hoping for forgiveness. The Golfer in question is Jim Haas of Cornwall and my congratulations Jim.

The inaugural Veterans Day Tournament is at Bicheno for the East Coast on October 25. There are good prizes and entries are expected to be heavy.

THE NUMBERS GAME

At a dull and uninspired meeting of the Fingal Council on Monday, watched by a capacity crowd of two ratepayers, the final outcome was a draw - RATEPAYERS 1.0 COUNCIL 1.0

Early proceedings were almost completely incomprehensible to spectators, as the Clerk did not provide them with a programme of the event or the rules of the game. However, Councillors were obviously emotionally involved, judging by the continuous cries of "so moved" uttered by or other or all of them.

Nevertheless, one exciting period of play revealed what Local Government is all about. After some initial discussion, during which one Councillor advised that he had received a phone call from a ratepayer who was not a ratbag, Council caved into sustained pressure from Scamander ratepayers and instructed the Works Supervisor to modify the kerbing profile being laid along the main drag of the town, to allow the outraged residents to get into their driveways. "We made a mistake giving access to the service station, there's no way we can refuse to do the same for them - we need to stop the flack now" - RATEPAYERS 1.0

But in a devastating counter-move, Council immediately re-established its authority, and showed that it was not going to make a habit of giving into the rabble; without a word being spoken, it stayed collectively silent, an unnerving experience for spectators, and mutely endorsed Council Clerk's crisp refusal to discuss a request that access and facilities should be provided in the Public Toilets at St Marys for disabled people: "there has been only one complaint", said the Clerk - COUNCIL 1.0

Council later showed its experience and tactical skill by "going into Committee" without telling anybody when it would come out again, a move which ruined the meeting as a spectacle. It is gamesmanship and professional fouls such as this which are keeping the crowds away from Council Meetings. ONLOOKER

## EDUCATION CUTS

What are some of the implications of the proposed education cuts for this school?

- \*Loss of Integrated Services (Pre-Kindergarten) aide time.
- \*Reduced Kindergarten aide time.
- \*Prep-Grade 6 classes to increase by up to 5 students.
- \*Reduced time for library duties.
- \*Fewer and larger teaching groups in the secondary area.
- \*Reduced options at Grade 9.
- \*Reduced capacity to cater for the individual needs of students, particularly those with special learning problems.
- \*Work Experience, Careers Education and Outdoor Education under threat.
- \*School farm under threat of sale.
- \*Reduced administrative time for increased responsibilities.
- \*Increased assessment, marking and report writing loads for teachers.
- \*Less time for professional development of teachers.
- \*Reduced money for school building maintenance.
- \*Higher "user-pays" rates for use of school facilities.
- \*School building re-development further away than ever.
- \*Tasmanian Certificate of Education for Grades 9 and 10 under threat. The abolition of a centrally-issued certificate has severe implications for the students of smaller country schools.
- \*Loss of experienced teachers.
- \*Loss of high quality young teachers.
- \*Questionable capacity of the "system" to provide required specialist staff.

## WORK-TO-RULES CAMPAIGN

The State Budget has severe implications for the quality of education in Tasmania. It will have two major effects:

1. To disadvantage Tasmanian students.
2. To put further unreasonable stress on teachers.

In order that classroom standards can be maintained, the Tasmanian Teachers Federation has instructed all members to strictly adhere to regulations and not to work beyond the hours of half an hour before and up to one hour after school with at least 30 minutes for lunch.

This will mean that, for the indefinite future, all teaching duties including preparation, assessment, marking and report writing, all normal administrative duties, parent interviews, student supervision, curriculum development and syllabus revision will have to take place between 8.15am and 4.15pm.

Camps and excursions will not take place and while our school athletic sports will be held, it is expected that the Inter-High Athletics Carnival scheduled for 20th November will be cancelled.

## HOME SCHOOL LIAISON OFFICER

Katherine Ball has been recently appointed to this position. Her role is extremely varied with duties including:

- \*developing the support and confidence of parents of students at this and associated schools
- \*developing closer liaison with the associated schools so that the Grade 6/7 transition can be as smooth as possible for students and encouraging participation by the new parents in school activities.
- \*supporting and assisting the students and parents with year 10/11 transition
- \*to work with staff to encourage the closer involvement of parents in their children's education, both in the High School and in further education
- \*supporting and assisting staff, if needed, with direct parent contact where communication problems exist
- \*developing an on-going liaison programme with students at HSC annex and individual homes

\*assisting parents with communication with the school.

We see the role as most useful to the school and to parents in facilitating communication. If you have any problems you wish to discuss or if you would like to meet Katherine please call the school to make an appointment.

### THE RAT AND THE CAT

In the dump with all the junk  
There was a cat that was very fat,  
It ate rats and other cats  
for delicious snacks. In the red old broken shed there was a rat having a heart attack.  
The cat found the rat and put it on a mat. It left the rat until the cat wanted another snack. After the cat ate the rat for a snack, there was a fire that scared the cat, which made the cat have a heart attack.

### THE CITY

The intoxicating smell of fumes,  
drifting through the air,  
The hustle and bustle of people everywhere.  
The look on people's expressionless faces,  
The sound of the people's quickening paces.

And for some the end of a hard working day.  
As you walk past the children you hear them say,

#### SATURDAY 22nd

The Annual Seniors and Reserves dinner was held in the Community Hall on Saturday evening with a packed house out to celebrate the great Centenary Premiership win. In attendance were Mr G Salter, Patron, Mr and Mrs George Shaw, Mr Michael Polley and Mr and Mrs Peter Bowls from Longford and Mr Glen Woods, President of the Fingal Football Association. The President Mr Len Miles welcomed all in attendance. The senior coach Lyndon Dakin spoke on the season completed winning the premiership in his first year of coaching and thanked all for their efforts and also stated what a pleasure it was to be part of such a wonderful hard-working and loyal club. At the end of his speech he was given a standing ovation. Reserves coach Glen McDonald likewise thanked all for their effort particularly his players and also those who had played all the year and missed out in the last two games but still turned up to help. He was also given a resounding ovation. This evening was probably

the best and quietest evening (while speeches were on) and the best meal I have had the pleasure of partaking in. Congratulations once again to the ladies and others on such a magnificent evening. There was plenty to eat and drink and the evening certainly warmed up later with Paul Gough and his band providing the music and a tireless crew behind the bar.

Congratulations to Garry, Bruce all the committee and the ladies and all helpers.

Life Memberships were awarded to Mrs Heather Newman, Mrs Anne Birrell, Mr Len Miles, Mr Bruce Spilsbury and Mr Glen McDonald.

Thanks to all trophy donors and anyone who helped in any way through the year.

### GILES WINS TITLES

Athletes from 22 schools took part in the Northern All Schools Athletics Championships at St.Leonards last weekend. The black and gold stripe of St.Marys District High School was prominent, with Giles Clement winning the 800m and 1500m titles to achieve a fine double. Giles ran a classic 800m race to win the Boys Under 13 title, holding fourth place through the first 400m before moving easily into third position at the bell, then accelerating past the leaders through an inside opening on the bend to stride out along the back straight, coming out of the last bend with a lead of 30meters to win in 2min 34. Three hours later he left the opposition behind from the start in the 1500m, with a fast 57secs over the initial 300m, then settled down to run a clockwork 90secs, 91secs and 89 secs over the 3 x 400m laps to win comfortably in 5.29.40.

SENIOR CITIZEN TOUR

Last year we thought we had a trip that would be hard to beat, but this one was even better. Firstly weather was in our favour - absolutely glorious. The bus left St. Helens at 9 o'clock and picked up passengers at Scamander, St. Marys and Campbell Town. At Campbell Town we had a very welcome cup of tea and light snack. Then on to Brighton for lunch and to stretch our legs. Then to Kermadie. Our rooms at the Port Huon Village Complex were very roomy and our beds most comfy. As we arrived there at about 4 o'clock we had plenty at time to look at the other rooms, unpack and freshen up before our dinner. The only complaint on meals, they gave us too much. One thing we did enjoy was their Hot Mini Loaf - not rolls but small loaves which we cut ourselves. Our second day saw us on the road to Hastings. We didn't go into the caves but we saw the Thermal Springs, had another tea break then on to Southport, and back to Dover for lunch. At Dover we saw the most beautiful daffodils - all double. We learnt that it had taken 20 years to get the result. Unfortunately at the moment you can't buy the bulbs. We visited craft shops, saw them doing wood carving and wood lathe work. The gardens around Huon were a mass of flowers especially the flowering Prunus, so naturally we had to go to the nursery. Next day was our trip to Bruny Island. We left at 8 o'clock and arrived back very tired at 8.30pm. While waiting to be able to board the ferry we were amazed as to how many cars he was going to carry and we began to worry a bit when we saw Telecom vans go on and woodchip lorries pull in behind us. At last we were given the signal to drive on. In no time at all we were on Bruny Island. Our driver, the one and only Frank Leary took us all over the island. We visited the Morella Nursery. Dinner time again, this time we were catered for by the C.W.A.

ladies which was very welcome. We arrived back at 3.30pm to catch the ferry again, plenty of time, even though our driver admitted he was lost for a while. We had a break at Kingston, where we looked around the shops, just like oversea tourists, then on again for another meal, this time Cygnet, when we arrived at our Hotel we all trooped to our beds. We were tired, our voices were tired. The weather had been so warm 23° and we were really tired. Thursday was to be a quiet day, only our cruise on the Huon. In my eyes it puts the Gordon cruise to shame. A smaller boat which can get closer in to shore etc. Our fishermen among us would have loved to have had a rod in the trout ponds, we even saw them being towed down to Dover to be processed. The smorgasbord luncheon prepared by the Hotel staff was pleasing to the eye as well as good for the palate. Our last night turned into a talent quest, with many winning liquid prizes, many danced, many told jokes but everyone enjoyed themselves.

Everyone was sorry our little trip was over and the manager and staff were sorry to see us go, but we will be like McCarthy We will return.

These trips would not be enjoyable if the people didn't go with the idea of enjoying themselves and also if the coach captain wasn't friendly and willing to mix. In Frank Leary we have that.

To the people who went and to Frank, thank you for a marvellous trip.

P.S. God willing we are having another trip next year, so begin saving.

THE ST. MARYS AND DISTRICTS  
CHRISTMAS COMMITTEE

The St. Marys & Districts Annual Christmas Party/Parade will be held this year on Friday 21st December.

We are hoping for an even bigger and better rollup and involvement than last year.

CAN YOU HELP?

Will you or your business, Club, or Organisation put some thought into supplying a float, unusual vehicle, boat, vintage car, decorated bike, clowns or whatever, for the Christmas Parade.

Stephen Salter (722387) and John McGiveron (722231) will be in charge of organising the parade, s if you are interested and able to contribute to help to make this day one to remember for both young and old, give Stephen or John a call.

We will be in touch with all interested parties early in Decemb-er.
