BEWARE OF "CREEPY-CRAWLIES" THIS AUTUMN BY

Tim McManus, Veterinary Officer - East Coast
(Dr. McManus is a member of the Fingal/St.Marys Health Committee)

Mention "creepy-crawlies" and the hazards they present, and people automatically think of spiders and scorpions. But unpleasant as these arachnids are, they're not nearly as potentially dangerous to human health as several much smaller invertebrates.

Indeed it might surprise you to learn that there have been no recorded human deaths in Tasmania from spider or scorpion bites.

Confusion arises because some local species have similar names to their more toxic mainland counterparts, e.g. the funnel web spider. This does not mean that Tasmanian spiders and scorpions are harmless; that they are not, so don't take liberties with them as they become more prevalent during the next few weeks.

A much more dangerous beastie is the common jack-jumper (*Promyrcia pilosula*) to which some people can become allergic, with serious or even fatal consequences when next they are bitten.

There have been several unfortunate deaths of east coast residents from jack-jumper bites, and also from the common inchman or bullant (*Myrmecia forficata*). Both these ants are found in local gardens, notably around Scamander.

European wasps are on the increase and can also inflict painful stings to humans and animals. They are not difficult to eradicate if one takes the trouble to locate their nests. This is done by observing the line of return flight, especially at dusk, then walking along that line until the entrance is discovered.

European wasps frequently build extensive nests underground. Once sure of their location, contact one of the district Department of Primary Industry officers and we will advise you how to eliminate the wasps without risk to yourself.

By far the most frequent cause of sickness from insect bites this year has been mosquitoes; not all mosquitoes, only those carrying the Ross River virus. Ross River fever, as it is called, is a zoonosis, that is, an animal disease transmissible to humans.

The reservoir hosts are native fauna, mainly wallabies, which harbour and multiply the virus. So areas common to mosquitoes and macropods are the places where humans are at greatest risk.

The outcome, about 10 days after being badly bitten, is a red rash on the body followed by a painful arthritis of the wrists, knuckles, knees and ankles. Occasionally, after symptoms disappear, a Chronic Fatigue Syndrome occurs, characterised by lassitude and an uncontrollable desire to sleep.

The good news is that eventual recovery is assured, although it may take up to 6 months, and the disease usually occurs only once in a lifetime.

Other "creepy-crawlies" responsible for disease similar to Ross River fever are the common fern ticks. There are two infections transmitted by their bites. One is a rickettsial spotted fever, first reported on Flinders Island and now known to exist in coastal regions of Tasmania.....Cont'd

ST MARYS CRICKET CLUB

St Marys Cricket Club held its annual dinner and trophy presentation recently at the Pancake Parlour.

Retiring captain, Craig Searle thanked Olivier Chartrain for keeping the oval in such good order; Debbie Searle, Joy Nehls, and Leanne McDonald for so capably providing afternoon tea; and all trophy donors (L & H Newman, E & C Bean, R & T Bean, Charltons Sports Store, V & J McDonald, M & N Graham, M Schier, D & C Casbault). Special thanks went to Stephen Pitt for his untiring work as Secretary. Stephen was the unanimous choice as Best Clubman. A special trophy was presented to Chris Turner for the innings of the year - 120 not out.

The club has a promising group of young players and hopefully 1991/92 will see more on field success.

PHILOSOPHY

We have conducted a review of our school philosophy and the up-dated statement is now published for the interest of parents and the community in general.

As our school caters for students from Kindergarten to Year 12, we have a unique opportunity to provide a continuous education which allows for the progress of children as individuals.

We aim to prepare our students for useful and satisfying lives; to equip them to live in and contribute to a rapidly-changing society and to act as responsible, thinking and caring people.

Towards this end, we specifically aim to:

1. provide an atmosphere in which students and staff are recognised as individuals and work together with mutual care and respect.
2. provide a wide variety of stimulating learning experiences which challenge and encourage independent learning and initiative.
3. develop in our students an awareness of the rights and the responsibilities they have for themselves, other people and their environment.
4. develop the knowledge, skills and motivation that will enable learning to continue throughout life.

HARVEST DANCE:

Parents and Friends are starting fund-raising efforts this year with a harvest dance on Friday, 12th April.

We are promoting this as a family fun night where we can enjoy ourselves to the music of the Don Ives Band, refresh some of those older steps such as the Pride of Erin or learn something new like the Chicken Dance.

A feature of the night will be a continuously spinning chocolate wheel and the chance to win lots of fresh produce, preserves, meat and traditional harvest loaves.

Remember, it's a fund raiser so bring your family, your friends and enjoy yourself.

E.N.E. SWIMMING CARNIVAL

On Thursday, March 14th, the S.M.D.H.S. Primary swimming team once again faced their rivals in the icy waters of the Campbell Town pool.

After opening the day with a second and a third in the gruelling 50M Open Boys Freestyle event, the next four races produced three firsts and a third courtesy of Kate Willans, Lisa Searle, James Bennet and Scotty Wilson in the 8 year old boys and girls backstroke.

Similar results occurred in the remaining age groups with Gypsy De Jonge gaining the prestigious E.N.E. OPEN BACKSTROKE CHAMPIONSHIP.

Following the backstroke events came the glamour stroke, "freestyle". Once again "super fishes" Kate and James blitzed their rivals with Candice Stingle and Tristan Ireland coming a creditable 3rd and 4th respectively.

Liberty Hynes swam well to gain a 2nd while Stuart Ireland and Adam Fletcher easily won their races gaining both E.N.E. CHAMPIONSHIP and RUNNER UP in their age group. A similar result occurred in the 10yr old girls with Bekah Andrews recording the second and Renee Lynch the third fastest time in their races.

The De Jonge family (Gypsy, Sol) provided further highlights gaining E.N.E. CHAMPION and RUNNER UP in their respective age groups.

With limited competitors in the Breast-stroke events, St. Marys still managed to produce a host of fine performances

WITH Sol De Jonge gaining E.N.E. CHAMPION (a title his brother earned 2 years earlier) and Bekah Andrews and Kate Willans both swimming second.

While swimming is generally regarded as an individual sport, those of us at St. Marys realise the importance of team spirit and team work. There was no greater example of this than that shown at the Campbell Town Pool with swimmers, parents and teachers cheering and congratulating every competitor regardless of their position at the end of the race.

Overall a great team effort with special thanks to all competitors, parents, Mr. James and Mrs. Searle.

HERBERT AND HARRY

Once upon a time there were two brothers who lived in the very same house, dug in exactly the same garden, and fished in the same boat.

One day when Herbert and Harry were out fishing they pulled up the nets

and in one of them was a treasure. Harry said "It's mine, I pulled it in." Then Herbert said, "No, it's mine. I decided to throw the net out here." Then Herbert pushed Harry into the water splash! Then Harry swam to shore, he was a very good swimmer.

Meanwhile, Herbert was trying to get as far away as he could from Harry. That night he couldn't sleep because he thought that someone would take the treasure so he stayed awake all night.

Then next morning he hid the treasure in a really old tree trunk. But he still couldn't sleep because he thought someone was watching him put it there. The next night he decided to go back to his own house. When he got home he untied the treasure chest and he found that there was only rocks in it, so he decided to play a trick on Harry.

He tied the treasure chest back up and decided to find Harry. Harry was in the kitchen frantically cooking lunch. It was only a very small kitchen as they never had much money.

Herbert said to Harry "I would like you to have the treasure as I have been very greedy." "That's very generous of you Herbert. Thank you."

When Harry untied the chest he was very angry at Herbert but after a while he forgave him. Things got back to normal and they both lived happily ever after.

WILD FLOWERS

Wild flowers can be seen in most places around coastal areas, in the forest reserves and in national parks.

Wild flowers are often seen in large fields and may include bright coloured flowers and even shrubs and a few trees.

Patches of pink, red and white are a variety of Heaths. White Clematis is one of a species which climbs up and around shrubs.

In damper areas in Tasmania, mauve and cream Melaleucas and slight patches of mauve and Native Iris may be seen.

ABC'S PALM SUNDAY SCREENING
WELCOMED

Senator John Watson (Lib. Tas) today welcomed this year's ABC'S palm Sunday screening for Easter, Where the River Flows.

This film, which focuses on the relevance of Christianity amongst Aborigines, inner-city areas and the young is a much more relevant and suitable film for this time of the Christian religious calendar."

"Last year a storm of protest hit my electorate office, with over 150 telephone calls in one day protesting against the screening of the 'Dead Sea Scrolls'." Senator Watson added

"Where the River Flows is a documentary from the book, by Peter and Sue Kaldor and is an Honest look at the effect of Christianity within large sections of Australian communities. The Church has opened itself to our modern-day society and has attempted to offer an insight into its progress."

"The film, made by Pilgrim International, had the assistance of such organisations as the Anglican Home Mission Society, World Vision, the Uniting Church, Scripture Union and the Sydney's Brotherhood Christian Motorcycle Club."

"This year's film should not incur the dissatisfaction of the 73% of Australians, according to the 1986 Census, who identify themselves with the Christian faith and denominations."

"CREEPY-CRAWLIES"

Cont'd from front page.....

The other is called Lyme Disease, about which very little is presently known in its Tasmanian context. Suffice it to say that any tick bite resulting in a site reaction, rash or fever should be examined by a doctor and a blood sample collected for diagnostic serology.

The same applies to reactions to attacks by mosquitoes in marshland localities such as Beaumaris, Scamander and Stieglitz, where there have already been several cases of Ross River Fever this year.

But of course, as always, prevention is better than cure, so if you live near or frequent hazardous areas, cover yourself up, especially on dull humid days or at dusk.

THANKYOU

FINGAL COUNCIL MUNICIPAL ELECTION

I would like to express to the Electors of the Fingal Municipality my appreciation for the support they gave me in last Saturdays Election.

I hope I can justify the confidence you place in me.

All candidates approached this unique election in the correct spirit.

To those unsuccessful, I say don't be disillusioned and to the successful I look forward to joining you at the Council Table.

ST. MARYS GOLF NOTES by Tee Up

I noticed Mr R. Field taking a heap of interested "littlies" from the school the other day and what caught my eye was the fact that after a little lesson, he brought all the boys and girls and showed them all around the inside of the Golf Club and took quite a long time explaining the etiquette of Golf to these boys and girls and you never know who our next lot of juniors are going to be. We have had a wonderful lot of good golfers in the Junior Division, but these are gradually growing up and of course losing their Junior status. So boys and girls what about it? And how great to see one of the "newies" in Norma Mallinson winning the Chicken Run last week with 24 stableford points. Norma told me she had a 48 round. Keep it coming Norma you're getting there. Don't forget Legacy on April 6th I see the Associates have started their S/spoon and Kath Wright in Div 1 had a lovely 64 nett. A fre tricks left yet Kath Ah! What!

The Results of the S/Spoon competition are as follows:

Div 1.	K. Wright	64 nett
	M. Cook	66 nett
	M. King	67 nett
Div 2.	L. Burness	70 nett
	J. Lohrey	71 nett

CLEAN UP AUSTRALIA DAY
SUNDAY 23rd MARCH, 1991

The Scamander River Barway Development Group Inc. would like to thank the residents of Scamander, Falmouth and Four Mile Creek for their willing participation on Sunday.

At Scamander 26 residents turned out working in two groups. One supervised by Margaret Atkinson, worked from the northern side of the bridge clearing rubbish from the Tasman Highway, car parks and a number of streets. The southern group supervised by Philip Corby, cleaned rubbish from the foreshore and coastal reserves, river banks and the Tasman Highway. Over 2 tonnes of rubbish was disposed of at the local tip.

At Four Mile Creek, Richard Buchorn's group cleaned up the foreshore in conjunction with a Landcare group Field day. The Barway Group urges all residents to take care in disposing of litter so that the benefit of the work put in on Sunday is long lasting.

CLEAN UP AUSTRALIA-FINGAL VALLEY

Fifty men, women and children (and 2 dogs!) took part in a very successful clean up at Fingal last Sunday. With the help of the Fire Brigade, the Fingal Primary School and other hard-working volunteers, over 120 bags of litter were collected from the highway

and the Mangana road. It was great to be able to channel hundreds of bottles and cans into the school's recycling project.

At Rossarden, 18 people removed a huge quantity of rubbish from the main road while at Avoca the roadsides were cleaned up by 21 residents.

Enthusiastic volunteers also helped in clean up at St Marys, and at Mathinna 61 people cleaned up large stretches of roadsides removing over 200 bags of litter.

WELL DONE, AND THANKYOU EVERYONE!

THANK YOU

PHILIP CORBY would like to thank all Electors of the Fingal Municipality and particularly those of the East Coast for their support and expressions of confidence.

BILLY-CART BLUES

Karen the "WIZ" went a-flying,
When the billycart she was a-driving
Went out of control,
When she hit a hole,
And on her face went a-sliding.

Everyone screamed,
They all thought the worst,
When they saw how the billycart
landed,

But although bruised and cut,
She arose from the rut,
And said, "Where's my glasses?"

When she came to her senses
And brushed off the dust,
She knew an earring was missing,
After a search, the earring emerged,
And this little poem is bust.

FINGAL MUNICIPAL ELECTIONS.

*I would sincerely like to thank all those electors who
made available their time and effort to vote in last
Saturdays elections, it is indeed gratifying to those
councillors elected to know that their efforts are rewarded
in the knowledge that a larger than normal percentage of
voters have, and share the interests of this our municipallity.*

*To those electors who placed their faith in me by voting
in my favour, I wish to re-affirm that I will attempt
to represent at all times honestly and with their interests
in mind.*

Kevin Faulkner.
