## ***SOUTH ESK ADVENTURE TOURS INC***

Saturday March 19 saw the beginning of a canoe trip down the South Esk that came from conversation on a bus (wouldn't it be great to go down that river).

Our intrepid paddlers were - Robert & Matthew Brown, Mark and James Bennet, Randall Faulkner and Graham Saunders, Steve Bruinewood and me (Peter Lohrey).

We had decided to take "Bruno's" bus and Robert's trailer (gear and bodies on the bus and canoes on the trailer) with a car to run a shuttle between landing points.

The starting point was "Aberfoyle" Bridge with "Selma" being the destination for day one (22km). A 9km paddle to Llewellyn was the option for day two if the mind and bodies were willing.

Sconnie Davis at the Avoca Pub had us a little worried with tales of two girls who gave it away after 20 minutes and another group of blokes who took six hours to paddle from Aberfoyle to Avoca. But fear not we were going.

Having got ourselves on the river we were sent off by Jeff, Margaret & Linda and Vince & Mary who met us again one hour later at "Henbury" Bridge (thankfully the batteries on the video camera were spent).

After five minutes all the crews settled to a good rhythm with the river flowing quite swiftly and helping to drag us along. The only real worry was the lack of freeboard on "Bruno's" canoe. (He and I are not exactly lightweights) The first 2 km contained a few minor rapids but mostly just majestic river flowing through ferns, trees and old logs (very peaceful). Our first taste of fast water came in a 100 metre (or more) stretch just before "Henbury" Bridge. The first three boats went through with much banging on rocks, laughing and cursing but unscathed. Bruno and I were not so lucky, about halfway we hit rocks and stopped. With the water level on the

inside of the canoe the same as the outside, we found ourselves sunk. Thousands of litres of water flowing over solid granite for as many years as it's been there has produced a surface as slippery as polished ice as we discovered when we attempted to empty out our transport. No more incidents until lunch stop at Henbury Bridge when Robert Brown found that stepping out into four feet of water is not easy (at least he floated).

From Henbury to Avoca the scenery changed. Again with many beautiful rivers and beaches and stark rocky outcrops both above and below the water. Matthew and James took time for a swim in crystal clear water whilst several thirsty paddlers enjoyed a pit stop.

The number of rocks in the river and fast rapid sections also increased and many frantic hand signals warned the following paddlers of the least damaging line to take through each section.

With the fast water increasing, all I could hear from Bruno was "let's go for it". What could I do I was in the back of the canoe, I had to follow. A large arched log in the centre of a fast section allowed only one passage, a four foot gap to the left. As we came closer the sheer force of the water turned us sideways to the log and we were the FIRST capsize. The power of the water was such that it took four of us to right the canoe and only two minutes to roll it again. (I had a little difficulty in getting back in) At this point it can be said that Bruno knows all about stone

washed jeans - enough said.

Boulders coming out of the water, logs and sandy beaches with lots of rapids saw us almost to Avoca where a very swift passage turned over "The Wizard" and Randall. One minute they were fine, the next a little willow in the middle of the river turned them side-on. To look back and see Graham Saunders trying to keep a chicken roll above water level whilst gently rolling over, cannot accurately be described.

Beyond Avoca, the river alternated between narrow passages to broad water. This was where the work rate increased. The broad sections meant constant paddling. Scenery wise still absolutely brilliant with a backdrop of Ben Lomond, willows turning golden brown, sand and still big rocks at water level.

At a point called the "Horseshoe" we had the only carry. The river was so congested for 100 metres by willows, we had to take the canoes overland.

Tiredness was beginning to affect us as each section of broadwater was completed. As we rounded a right hand bend to see firstly "Eastbourne" and then at the end of the straight "Selma", paddles suddenly dug deeper and more frequently. We could see food and a thirst quencher. At this point came the quote of the trip - Bruno in true "Jacko of the Nile" TV fame came out with

"AND HE'S STILL GOING - OIYE!!"

## THEM AND US ON A BUS.

There once was a time and quite recently too,  
When I spotted in the traffic a bus coming through,  
I would be loaded with old folk going out for the day  
The heads at the window bald, silver and grey;  
And I'd feel a pang for those old past their prime,  
I thought "Did they do this to fill in their time?"  
They looked all alert staring out from their seats,  
Being taken en masse for interesting treats.  
And where were they heading I wanted to know,  
Could it be to the city for lunch and a show?  
Now if it was a film then what would they choose?  
Perhaps "Sound of Music" where they'd have a good snooze;

And wake up refreshed and go on their way,  
Telling themselves they'd had a great day.

NOW

The tables have turned and I'm on that trip,  
But OUR crowd is different, we're really Quite "hip"  
Not for us to stare out dourly at the view,  
We laugh and we joke, we're young through and through.  
But I sometimes do wonder sitting up there so high,  
At young ones looking up as OUR bus passes by,  
And think to themselves how old we all look,  
How pathetically sad and desperately crook,  
But WE are exceptional and ever so clever,  
Retired we are, but getting old? NEVER.

WE ARE EXCEPTIONAL AND EVER SO CLEVER.

**DON'T FORGET to come along and  
join us on Wednesdays 1pm to 3pm**

Nel Townsend shared some Jokes with last week:

"If I died, would remarry?" asked the wife.

"Probably would," came the reply.

"And would you let her be your golfing partner?"

Yes, I think so."

"But surely you wouldn't give her my clubs?"

"Oh no. She's left-handed."

**DID YOU GUESS  
WHEN? & WHERE?**

The statement was said in the 1977

St Marys District Hospital History published as a commemoration of 50 years of ongoing history.

The picture was taken of the old hospital building in 1939.

Mrs Marj Oliver and the other ladies and gentleman sitting at her table shared some fond memories of the hospitals early years.

In 1921 a group of people held a meeting to build a Hospital. The Committee met in a Church Hall on Saturday May 18th, 1921.

Those present were Rev R.C. Ivory, Dr. Webster, R.W. Legge, A Cresswell, C. F. Salter, A M Manning, G. Bolton, J. Brough, S. Trinder, W Reece, V Hayes.

The name was to be St. Marys Children's and Maternity Hospital. It was 6 years later in December 1927 that St. Marys District Hospital was accepted.

This quote is a gift from Ethel Langley

"What's your golf score?" the country club interviewer asked the prospective new member.

"Well, not so good," replied the golfer. "It's 69."

"Hey, that's not bad. In fact, it's very good."

"Glad you think so. I'm hoping to do even better on the next hole," the golfer confided.

## PRINCIPAL'S REPORT

I would like to extend an invitation to parents, particularly parents of grade 10 students to a meeting next Tuesday at 7.30 pm in the staffroom. During the meeting I would like to discuss the following issues -

- 1 Leavers Dinner  
Do we have one?  
What format will it take? etc
- 2 The drug policy of our school
- 3 The decision making process we should encourage our students to become involved in.
- 4 Other concerns

I hope as many people as possible will be able to attend to put their views and participate in an informal discussion.

## Speech & Drama News!!

Auditions have begun for the musical 'Scool Daze' which will be performed in Term 3. One hundred and sixty students expressed a wish to be auditioned, this ranges from Grade 5 to Grade 12. Unfortunately we have only about 40 parts so many students are going to be disappointed but it is great to see that so many of our students are confident enough to give it a go.

### PROPS NEEDED:

Do you have anything that might be useful as a prop for Speech & Drama? We need old glasses (including sunnies), plastic flowers, hats, walking sticks, masks, old jackets, coats and shoes, etc. Please send these in to myself or the school office if you have anything to spare.

Many thanks,

### TALK ABOUT IT!

This person owes her  
life to an organ donor.  
She knows how  
important organ  
donation is.

Unfortunately, organ  
donation is a subject  
most people don't talk  
about very much.

Many parents have no  
idea what their children's wishes are in respect to  
organ donation.

Many students don't even know what their parents  
wishes are!

The fact is that in the event of a tragedy, you or your  
family may be asked to make a decision about organ  
donation. If the family have never discussed it, they are  
left with a very difficult and confusing decision.

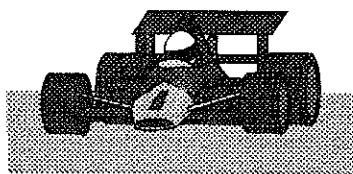

It's OK to say YES or NO to organ donation, but  
please, tell your family.

We cracked up.

The shearers quarters were extremely comfortable after six hours in a canoe. 7BU and HOFM on the radios, a huge barbecue, a few cans and a few games of patience later, we attempted to get a TV reception. Benno's Telecom experience must have worked, with the aid of several water pipes and a metal draining rack, he managed to fix the aerial so that when the Fosters Cup Grand Final came on we could only see 72 players not 368. Football must be an incentive for appetites. Someone, not naming anyone, put down six saveloys. It must take a lot of energy to drive a tow truck. A few cans of amber and then sleep.

The talk at breakfast was that "Selma" had a ghost! Apparently during the night the walls moved in and out to a loud rasping nasal grating. Personally I didn't hear a thing. I had a good night's sleep.

Indecision was the order of the day. Are we too tired, do we go on or go home. I think James and Matthew with their enthusiasm finally won the day - so onto Llewellyn. No words can describe the majesty and magnificence of this part of the river. Sunlight coming through dappled willows, huge rocks - boulders some 10 feet square only inches below the surface and some really good rapids. We were by now "experienced" so when Benno and James took one arm of a strip of rapid water and the rest of the pack took the other we didn't think twice. A drinks break was called and after a couple of minutes Benno and James joined us on land, slightly damper than when we had last seen them. They had been "over" and we didn't get to see it.

Broadwater dominated the last section so it was paddle and reflect time - there must be a few thousand rocks with red, white and green paint and orange plastic on them, canoes stuck high and dry on rocks with paddlers trying to get purchase on water, huge amounts of advice as to what went wrong, which way to go and which rock to bounce

off. Lots of laughter, no people and no rubbish.

Llewellyn arrived and we pulled our boats from the river, satisfied with ourselves and thankful for no problems, no accidents, great companionship, especially Matthew and James who fitted into an "adult" group easily. Basically it was a hell of a lot of good clean fun. Thanks must to to Nicki and Ian Loane at Ormley, Graeme Allan at Selma, Michael and Sophie Legge for their hospitality and use of the shearers quarters and Sconnie and Les at the Avoca Pub for home delivery and for really looking after us on the Sunday. Sconnie, we will be back.

## THE NATIONAL ANTHEM ADVANCE AUSTRALIA FAIR

Australians all let us rejoice,  
For we are young and free;  
We've golden soil and wealth for toil;  
Our home is girt by sea;  
Our land abounds in nature's gifts  
Of beauty rich and rare;  
In history's page, let every stage  
Advance Australia Fair.  
In joyful strains then let us sing,  
Advance Australia Fair.

Beneath our radiant Southern Cross  
We'll toil with hearts and hands;  
To make this Commonwealth of ours  
Renowned of all the lands;  
For those who've come across the seas  
We've boundless plains to share;  
With courage let us all combine  
To Advance Australia Fair.  
In joyful strains then let us sing,  
Advance Australia Fair.

## EARLY SETTLERS

Many of the early settlers who sailed from Germany & England on board the "Amercia" and reported to have landed at Falmouth, still have descendents in this area.

The "America" was build in 1848 by J Frederickson of maitland, Nova Scotia. She was a wooden vessel of 706 tons. She was bought by James Baines & Co's Black Ball Line (Liverpool) in 1954. James Baines specialised in migrant shipping, and was the owner of the famous "Marco Polo", which (under Captain "Bully" Forbes) set a Livierpool-Australia record of 68 days in July-September 1852.

Below is an extract from the passenger list. The original can be consulted in Archives, reference CB7/12/5 Book 22.

## FALLS HURT!!!

Falls are the most common reason that kids need medical attention. Please take this advice from Kidsafe:

- \* steps and stairs should be well lit, with switches children can reach.
- \* Use gate barriers to keep small children away from steps, stairs and balconies.
- \* Avoid highly-polished floors and keep floor coverings in good condition.
- \* Use a full body harness with prams, strollers and high chairs.
- \* Use change tables with care - always keep one hand on the baby.
- \* Don't use a baby walker, especially near changes in floor surface or level.
- \* Use corner protectors on sharp- cornered furniture.
- \* Make sure bunk beds have guard rails and a fixed ladder.
- \* Children under 9 should not sleep in top bunks.
- \* Insist on protective gear with bikes, skateboard and rollerblades.

## ANZACS

SINCE IT'S CLOSE to Anzac Day, we thought you'd be interested in some of the history we've been able to research on a traditional Aussie treat - Anzac biscuits.

Authorities differ on when the first Anzacs were baked. Most believe that this long-keeping, tasty food was first made to send to the boys at the Front during World War I. Others think that Anzacs appeared later, during the early '20s, after the invention of two other Australian food legends, lamingtons and Vegemite. Anzac biscuits were mentioned in a 1925 Federal Government health campaign encouraging people to eat a three hearty meals a day - including morning and afternoon tea!

### HERE'S THE CLASSIC RECIPE FOR ANZACS:

125 g butter  
1 tblsp golden syrup  
2 cups rolled oats  
1/2 cup sugar  
1/4 cup plain flour  
1 tsp bicarbonate of soda  
2 tblsp boiling water

#### METHOD

Melt butter and golden syrup together. Dissolve soda in water and add to butter/syrup mixture. Mix flour, oats and sugar. Pour in butter mixture and combine thoroughly. Place dessert-spoonfuls well apart on greased tray. Bake at 160°C for 20 minutes. Makes about 36 biscuits.

THIS IS THE GROCERY ORDER TAKEN FROM AN  
OLD ORDER BOOK AT UPPER ESK.

**TO PRESERVE HUSBANDS**

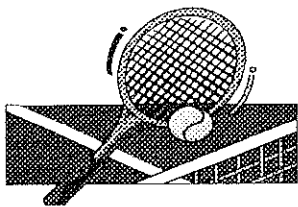

Husbands, like peaches, will not keep the year around unless they are well preserved.

First select him carefully; be sure he is not too green, neither should he be overripe. He might look very tempting and mellow in the market but if he is too old he will not stand the test of the preserving process, and will expose his hard stony heart.

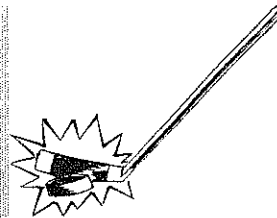

Husbands grown in the tropics of pleasure look very fine, but are usually insipid. The home grown are the best. Select your husband, if possible from a family tree growing on the sunny side of a church. You will be sure then that he has a sound heart.

Unsound husbands, like unsound peaches, often have to be sorrowfully cast away. Having selected your husband, you should have a clear, steady, cheery fire of love. Your preserving pan (the home) must be clean and neat. Give him plenty of sweetness, much sugar is needed- vinegar is never used in sweet preserves. If you think he demands a little spice, use it with caution. Do not keep stirring him up, neither should you keep poking him with sharp points to see if he is done -it will spoil his looks.

If you follow this recipe, love will be preserved.

The Golf Calendar is very interesting - coming up is a visit from Mowbray on Saturday 16 April. The Club wants 48 players from the St Marys Club to even the score of 48 from Mowbray. A Barbecue to follow and the cost is \$5 for the day. Come along boys and enjoy a wonderful day.

**April 30 & May 1** is the Mixed Foursome Championship. There should be some very interesting scores handed in for this part of the Clubs Sports Calendar.

Pennant Players names are wanted on the board. There are 13 names down so far and six of those belong to our very promising Juniors who I may say are still bringing in terrific scores. On Sunday 9 April, Luke Faulkner came in with a 56 nett - Jason Lynch 61 and Troy Dawson (one of the newest recruits) 62 and Corey Chesshire 62 and nearest the pin Robert Peake.

Now don't tell me that's not good reading. These young Juniors coming up the ranks are to be congratulated for their keenness for the sport and their individual behaviour in the Club House. Adam Fletcher had an eagle on the 8th playing in the Pinehurst Foursomes with Johnny Miles. Congratulations Adam.

### ST MARYS with Ol' Tige SENIORS

In what was a scrappy opener to the season the Tigers although showing glimpses of brilliance, struggled to counter Bracknell's hard slogging style of football, to go down by 11 points at the final siren.

Although it would be fair to say that both sides squandered frequent opportunities in front of goals, St. Marys would not have had better chances than in the last quarter, with several easy goals being missed from close range.

Of our better players on the day, none tried harder than Justin Cashion at full back or Darcy Williams on the back flank. Dale Ridgers still running hard despite advancing years, Andrew House was always at the bottom of packs for the hard ball, Brent Leedham on the wing & Scott Miller in the ruck also turned in serviceable games.

Unfortunately the club may have lost the services of veteran Andrew Viney, who after showing so much promise in early pre-season, dislocated his troublesome right shoulder once more.

Even though coach Craig Jones and supporters may have been disappointed at the opening game, with many players down on form, we can all look forward to a sharp improvement, maybe in the next two games away from home against Evandale and Hagley. Scores Bracknell 9 - 17:71 def St. Marys 8 - 12:60

### RESERVES

From the very first bounce of the game it could be seen that the Tigers were going to struggle, with Bracknell's hard running and commitment constantly putting St. Marys under pressure.

Coach Peter Dakin's early season worries must have been well founded as his team constantly showed lack of training and skills which left them floundering as Bracknell ran out easy winners. With such an able coach as Peter let's hope he gets the respect he deserves and the team also shows a pride that made them such a power in previous years.

Scores Bracknell 11-17:83 def St. Marys 1-3:9.

### UNDER 16'S

No bad reports from this game as Simon Dakin and Brent Leedham saw the young

Tigers show great improvement, that must have impressed their supporters as they ran neck and neck with one of last seasons big name sides in a hard fought game. It took the youngsters half a game to settle but once they did showed us some brilliant run-on football which I'm sure Simon will be trying to get from them for a larger portion of the game. It was hard to separate individuals in a good early display, but Adam Johnson was the stand out effort of the day at centre half back, repelling many attacks.

Andrew Seymour won many possessions on the wing, as did Daniel Morris roving all over the ground. Daniel Guy had a serviceable game at full back along with Adam Williams a half back, a great effort from all concerned and wins won't be far away.

Scores Bracknell 6-8:44 St. Marys 2-7:19.

A noticeable turnout was seen at the jumper presentation night on Thursday the 7th April, making it a great initiation for our new guernseys. After seeing the sides on the ground last week, the new jumpers created an impressive sight and did not seem to detract at all from the feeling of being the mighty Tigers.

**Coming Event:** after next home game against Fingal, a music night at the sheds with some local entertainment. Winner of the can raffle- Ian Bradbury. Winner of the first Foot Tipping Competition- Michelle Griffiths. Entry forms from Newman's Take-away & St Marys Hotel.

### FINGAL

The club had a great start to the season winning the Lightning Premiership at Mole Creek on 26 March. It was an outstanding team effort and our congratulations go to all players who participated on the day.

The Seniors, under coach David Lowe, with talented local players such as Craig Woods, Jason Hall, Thierry David, Craig Baldwin, Robin Youd and David Hoskinson, with new recruits Buffy

Newitt, Paul Rundle and Stephen Sonners, together with the experience of Ox Bryan and Patrick Taylor are looking forward to a successful year. The reserves under the experience of Tony Turner will be pushing very hard for senior selection as there is a wealth of talent in the younger players in the club.

Under 16's coach Jason Hall, is in his second year of coaching the boys and has shown great leadership and is to be commended on his commitment to our younger players.

On Saturday 9 April Fingal travelled to Campbell Town for the first roster match for the 1994 season. Although the winning margin was 52 points by Fingal, it did not do justice to the standard of play from both sides for the day. Campbell Town showed they will be the big improvers of the competition. Fingal had many good players all over the ground, none better than new recruit Paul Rundle. Playing in the centre he gave the Blues great drive. Others to do well were David Hoskinson - full back, Craig Woods- Ruck, put in his usual solid game, also Jarrad Woods, Jason Hall and Matty Williams played well in a great team effort.

Next week Cressy travel to Fingal in what would be a top class game. For Fingal to win they must win the ball away from the centre breaks and move the ball quickly to their forwards in Triffitt, Davis and Bryan. The main danger for Fingal will be Cressy's Peter Lawrence. If David Hoskinson can keep him goalless we should see the Blues set up another victory.

Fingal Reserves were beaten by 6 goals by Campbell Town, but full credit to the young boys from last years Under 16 side for the way they stuck to the task. If the reserves can pick up 3 or 4 experienced players to help Danny Woods, Travis Wickham and Wayne Gillies they will become a very competitive side.

The Under 16's who won on a forfeit from Campbell Town, face a very strong Cressy side. Fingal have lost 11 from last years finals side.
