## SIGHT & SOUND PLAYGROUND

### How it came to be.

The St Marys 1996 Leap Scheme commenced on Tuesday 5th March for a period of 6 months ending with a certificate presentation and BBQ on Friday 30th August at 12 noon.

The Scheme comprised of various projects allocated by Murray Luttrell from D.E.L.M. at St Helens and Drew Adam the Broker for Break O' Day Municipality.

The team was made up of one adult supervisor namely Henry and nine trainees, Troy, Kimbra, Kristen, Cameron, Michael, John, Andrew, Cathy and Lyle. It is primarily designed by academics for city type teenagers who have had little or no experience in rural life style or environmental management.

After completion of various projects such as, completion of Grays Mare Tail Waterfall walking track, removal of blackberries and willows from St Marys rivulet behind the library off Frank Street, construction of footpath through Progress Park at Scamander, clearing weeds and cottoneasters from around grave sites at Gray Road Cemetery, collation of all names and relevant historical data from both Cullenswood church cemetery and catholic cemetery opposite Cornwall turnoff and passing this information on to the library to be put on computer records, a more challenging task was requested by the team of their supervisor.

A chance conversation with Annette Wines from SMACD resulted in meetings with Council and the Streetscape Committee for Council to provide all materials so that the "team" could construct a Sight and Sound Playground above the old swimming pool site on the banks of the St Marys Rivulet.

As the Leap Schemes require 40% of the trainees time to be spent in a classroom situation attending courses such as chainsaw operators certificate, senior first aid certificate, occupation health and safety, plant identification, plant cultural practices, conservation concepts, workplace communication, business calculations and job seeking skills, only 42 working days remained to complete the construction of "St Marys Sight and Sound Playground" weather permitting.

Unfortunately due to the budget cutback, the Federal Government have seen fit to cancel this scheme. I feel that this is a retrograde step because although it doesn't provide jobs, the scheme helps prepare the trainees for the workforce by learning discipline and punctuality and working as a team. St Marys Community has a facility

Arts Tasmania funded the Break O'Day Council and SMACD inc to contract Strato Anagnostis from Tasmanian Kaleidoscope Factory to design and build the equipment for the playground. It has been designed to allow children & adults to explore the sound and composition of music, with conventional tunes able to be played on the instruments. Besides the musical instruments such as large cast bells and a marimba (percussion instrument resembling a xylophone) there is a major sight feature included in the project. The large outdoor kaleidoscope is made from stainless steel and is believed to be one of the first to be erected in Australia.

The St Marys Streetscape Project consultants identified the playground as opportunity to construct a unique attraction within St Marys.

Layout, design and construction of the playground was undertaken by Henry Biggelaar and a team of our local youth under a LEAP project which was funded by the Department of Environment and Land Management, with the assistance of Local Council. The plan includes a concrete path and a half pipe which will offer our local children an area to practise their skateboard and roller blading skills. A foot bridge across the rivulet to the public toilets is included in the plans and local artist Lorraine Biggs has applied for further funding through Arts Tasmania to construct an interpretive path (depicting local history) to the area. If Lorraine's application is successful, she will be working with local school children early in 1997. The St Marys Streetscape committee, Break O'Day Council and SMACD inc are presently working together in an attempt to have the project ready for an official opening on Tasmania Day. SMACD will be holding a raffle in October to raise further funds for the project and would like to hear from volunteers who could assist in the construction of the skate ramp.

*Annette Wines.*

which is unique in Tasmania if not Australia. I hope that the whole community supports Mark Bonnitcha and Annette Wines in their endeavours to finish this project in its entirety including skateboard ramps, cargo net, firemans pole and landscaping.

*Henry Biggelaar.*

## BREAK O'DAY COUNCIL

### CELEBRATE TASMANIA

Any group or organisation who are holding a special event during November are urged to register it as a Celebrate Tasmania event. One of the main benefits from registration is the extensive state wide publicity which will result. Application can also be made for a Celebrate Tasmania Medallion to be presented in association with the event, competition or function. Under some circumstances a small grant made also be to help with the event. Registration forms must be lodged by the 14th September and are available from Break O'Day Council Offices at St Helens & Fingal and Cllr Stephen Salter at St Marys.

### BREAK O'DAY TASMANIA DAY CITIZEN OF THE YEAR

Nominations are being sought from the community for the Break O'Day - "Tasmania Day Citizen of the Year Award" in an open and junior category. If you know of someone who you think deserves recognition please nominate them. There is no nomination form to fill out, just write to council outlining why you think the person deserves special recognition. Nominations should be received by Council no later than 11th October and should be addressed to: Citizen of the Year

P.O. Box 21 ST HELENS 7216

## CREATION OF 1500 JOBS ON EAST COAST A POSSIBILITY

If the Tasmanian Government grants racing group Teletrak a licence to operate proprietary racing in the state it is estimated it will generate 1500 jobs in this area as they propose to establish a racing track facility at Chain of Lagoons.

Sale agreements have been exchanged for the prestige Chain of Lagoons property with the vendors.

The intended racing course, a 2000 metre all-weather, grass straight-line track will be installed on the property to provide night telecasts to a world-wide audience. Other features of this region and the 2500 hectare property and it's 17 km ocean frontage will be screened in an eight minute documentary at the commencement of each broadcast. Obviously this kind of focus will be extremely favourable to tourism. According to Councillor Stephen Salter who initiated the approach to Teletrak, the economic benefits to the Break O' Day Municipality and the state were massive. Not only will it create employment, promote tourism and generate overseas earnings, but it will also fit in with our "clean green image".

"All it now requires is for the Minister Mr Bonde and government to show initiative".

## LETTERS TO THE EDITOR

### JUNIOR FOOTBALL AT ST MARYS

Over the past few months we have been privileged to see our junior footballers participating, mainly on Saturday mornings, in various age groups. These lads come from St Marys, Cornwall, Scamander, Fingal, Bicheno, Coles Bay and Royal George and other places. Recently the school carnival was a great success with teams from Midlands (2) and North East (2). Some very talented players amongst them. These games were well attended by many parents from all districts.

Friday night last we saw these young fellows play under lights at our local ground, again with a remarkable turnout of parents and supporters. It was very cold but everyone present, especially the players gave it the thumbs up. It was very pleasing to my wife and I as we had four grand children playing as did many others. If this game is allowed to be forgotten in our district these boys or a lot of them will be lost to football forever. What a great effort from David Bain, Barry LeFevre Glen McDonald, the umpires, coaches, the ladies committee and the people manning the barbecues and many other duties. Also I understand there were many donations both large and small which I am sure were all greatly welcomed.

Congratulations on a great effort by everyone concerned. One downer - It seems a pity some could not afford the \$2 donation for car at the gate !! also a few could learn that the game of football is a team game and not individuals. It seems a pity that we could not form a team to play in another association this year and players had to travel every week to play at some other venue with another team. Lots of reasons given for not fielding a team but the main reason whether we like it or lump it is that old disease "Parochialism" on all sides. Hoping we can get a team next year.

Eric Bean

Dear Editor

In the August Break O' Day Newsletter it's major works scheduled for 1996/97 the St Marys Hall was allocated \$23,000 for work, now \$5000 of this has been given to St Helens Hall for curtains.

St Helens area is allocated approx \$300,000 compared to St Marys area of approx \$76,000.

As the St Marys Hall has no curtains, heaters, decent crockery or cutlery. I find it hard to see how the council justify taking \$5000 from the Hall money allocated to spend on St Helens Hall. I wonder how many people know what happens to money allocated that is not spent on that particular project.

D. Smith St Marys

# LANDCARE NEWS

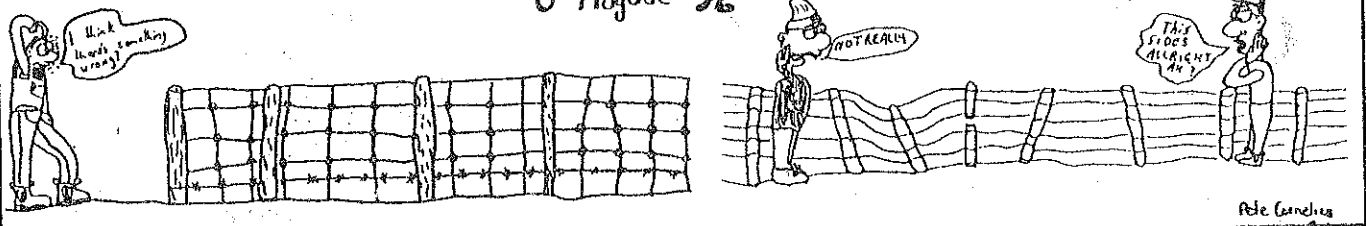

## Fencing day at St Marys District High School.

Some of the fun and games we had, illustrated by Pete Cornelius. What a learning experience was given to us at the fencing day!

Thanks to Anna Propsting from Websters, Campbelltown and Chris Browne-Price from BHP Wire Products and well done to all who helped and braved the cold, blustery day.

## FENCING DAY-

8<sup>th</sup> August '96

## Did You Hear About .....?

One young St Marys golfer took up the challenge when his mother offered him \$5 if he could beat his father.

The son not just bettered his Dads score but did it by 15 strokes!

Someone at the Post Office is now wondering if he should get in a bit more practice and try to win the next \$5.

The "other" person at the Post Office woke the other night and realised that his teeth were missing.

After much searching between the sheets and under the bed, they were eventually found across the other side of the room under the curtains!

He's still trying to work out how they got there.

Where are my teeth?

## S.M.A.C.D. Inc

Report from last meeting 26/8/96

The Association held its latest meeting at the firehedges with eight people attending. Mr Bonnitcha chaired the meeting as President. There were several matters discussed including the re-commencement of the popular market days. The first one will be on September 21st followed by October 19th, November 23rd and December 20th. It is anticipated that the November 23rd market will tie in nicely with the Lions Billy Cart Derby and the Landcare Arts Festival -Tasmania Day weekend.

Other topics included the C.I.N. Network proposal still in abeyance. The street lighting concerns were answered by Council and Hydro but no information has been forthcoming as yet to SMACD Inc regarding water purity concerns. Further discussion on the Youth Group also took place with re-iteration that SMACD Inc will try and offer assistance wherever possible. All were happy with the progress of the flooring of the hall, it was evident however the job was still incomplete. Mrs Karen Saunders asked for discussion on the position of the Association in relation to the Teletrak proposal. Some small reservations were put forward but all felt that support might be offered if and when it happens subject to environmental approval.

Another major concern put forward by Annette Wines was that of the playground lacking a roller track that was originally planned. Mrs Wines felt very strongly on this matter and offered her services in a liaison capacity to develop this part of the playground ready for it's official opening. This was greatly appreciated by all members attending.

A proposal for a fundraising golf tournament was also put forward by secretary that had proved popular in previous times. He offered to help organise with golf club a day before the end of the up-coming summer.

It was moved A. Wines - 2nd M.Bonnitcha that two invoices totalling \$2250 be passed for payment on the National Estate Project.

No further business Mr Bonnitcha thanked all the members for attending and asked all possible to attend the next meeting on 30th September at 7.30pm.

**Les and Heather Newman**  
**St Marys Takeaway**  
 26 Main Street, St Marys.

Les was born at Smithton and came to St Marys when he was aged two. Heather was born at St Marys and has always lived here. They have three daughters, Jodie who is living in Queensland and is working at Sandy Pt. Resort and Mariner Mirage. Kylie, lives in St Marys and works in the family business. Kim is living in Launceston and works at Hawkes Real Estate Agency.

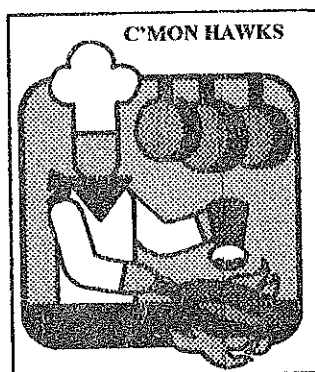

Before buying the Takeaway over four years ago, Les worked with the Department of Mines for 23 years.

Heather worked in Davis's shop, Scamander Post Office and Tele-Exchange then St Marys Tele-Exchange until it went automatic -and also worked at the St Marys Hospital with the Elderly people. Les and Heather both love their football and are Life Members of the St Marys Football Club. Les has the distinction of having

played over 380 games with St Marys, he is also a full member of the Hawthorn football club and enjoys golf, bowls and cricket when he's not busy cooking takeaways!

Les and Heather are very supportive of sporting bodies in the district and school activities and also are sponsors of the Police Association Tasmanian Child Safety Booklet.

St Marys Takeaway sell the usual takeaway foods and now also make takeaway nachos. You can buy ammo, fishing gear and some giftware as well as batteries, films, groceries, fruit and vegetables and in season, fish and scallops.

**Dana Smith**

**Smiths Valley Traders**

44 Main Street, St Marys

Dana's parents lived at Mt Nicholas before moving to St Marys where Dana has always lived. Dana's husband Michael works for Telstra and they have two sons, Lyle who is presently employed on a local LEAP project and Rhet attends St Marys High School.

Dana has been in business for three years and has just moved into larger premises next door to where her business began. Dana

tries to keep basic stock that suits the needs of the local people. Clothing for adults, children and infants, haberdashery, manchester, wreaths and some giftware is also stocked.

*Dana aims to keep prices competitive.*

In her spare time Dana enjoys a friendly game of ladies tennis at the St Marys club.

The Smith family are Richmond supporters.

### POOR TREES??

Each year at this time, I feel sad for some of the pink flowering trees that start to blossom and announce that spring is here or not far away.

They certainly add colour and cheer to the nature strips in our towns but some of these must feel very embarrassed by the flat crew cuts they have been given and some are even made to look like baskets!

How beautiful and more natural are the trees that have been pruned after flowering, not just before, allowing the long flowering branches which I think are far more attractive.

The natural look.

# Football

What an evening last Friday night turned out to be. The night game for the juniors was a great success. A large crowd on hand to witness the football skills that the boys had to offer. Anyone who has followed the junior footy since its inception would agree that the skills have picked up markedly since the start of the roster. Once again it was good to see the 7 & 8 year olds strut their stuff, remarkable skills for their ages. With only one junior game to go - (on the 21st September prior to the old timers game at 9.30am) the organisers would like to thank all the helpers with the ground, facilities and kiosk for their efforts and a special thanks to those who washed jumpers during the roster. This last game will be used for the presentation of medallions to those who have played 3 games or more this year. All up an overwhelming success because without the junior footy what would 80 or so youngsters have done very Saturday?

Whilst on the subject of the old timers game, rumors are rife that the coasties have a strong line up in the over 30's. The Hillbillies warn me they also have a few surprises in store, this looks like being a fantastic fun day for all the family and the mere mention of the day makes old bones creak. But I know everyone is looking forward to the day. So get along for a look, or even better put your name forward for a game.

The time-table will be :

**U12 -14** Combined game at 10am, so be at the ground 9.30am

**The Over 30's** 2 X 20 minute quarters and the

**Under 30's** 4 X 15 minute quarters commencing 1pm followed by BBQ & refreshments.

A super day for the wind up of the juniors, and a get together for old & new friends.
