### Oh Those Conservative Young . . . . .

Recently New South Wales decided to reduce the voting age to 18: but before anybody makes the mistake of thinking this will give the vote to nearly a quarter of a million young revolutionaries, lots take a look at some figures released by the Bureau of Census and Statistics.

Contrary to outward signs, a majority of the young support Australia's commitment in Vietnam. Generally they are less ecumenical than their elders but keener on Aboriginal Welfare and the compulsory wearing of seat belts.

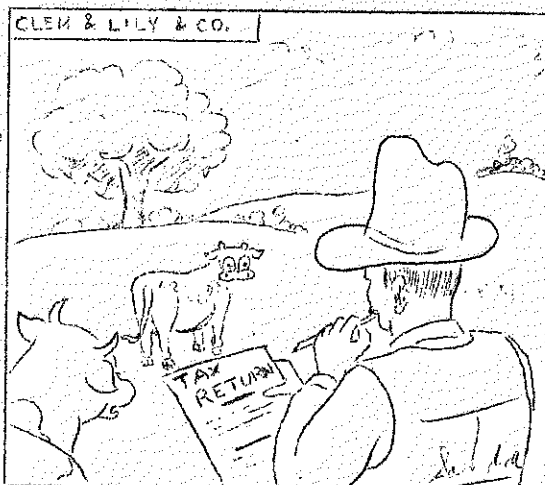

In terms of party allegiance they tend towards the Liberals and curiously enough, the one group that is especially hostile to the A.L.P. is the 14 to 17 age group where only 37 percent supported the ideals of the A.L.P. (The only other age group to come anywhere near that figure was the over 70 group.)

So it seems, that by giving the vote to the young we will, rather than create a new radical society, most likely become a little more conservative.

THE HUNTER RIVER VALLEY RESEARCH FOUNDATION has now made known its findings and as expected these findings have been met with a certain amount of reservations from many sectors of the community. Some of the critics say the document is rather ordinary and something that could have been gathered by any State Department at less expense.

Maybe so, but as no one has done it this report will have to be accepted as a valid estimate of the financial and social discrepancies of this State. One important statement to come out of the report is the one implying that in the past Tasmania has not been discriminatory enough in encouraging industries into the State which would most benefit and make the most use of Tasmania's natural assets.

One good example of this must be the recent installation of Thermal Power at Bell Bay which is to be fired by imported oil.

"NO, LILY, I DON'T THINK WE SHOULD MENTION THE POKER MACHINE IN THE DAIRY!"

### Editorial cont.

Also closely related is the recommendation of the Foundation for a Tasmanian Nuclear Power Station to offset any further threat of drought.

But why not extra Thermal power stations as a less expensive alternative. Or at least a full enquiry into the Fingal Valley coal to see if it is a feasible alternative.

### TOUCHE'

WHEN TWO POLICEMEN set up a speed trap, it wasn't until about the fiftieth motorist had cruised past sticking to one or two miles under the speed limit that they became a little suspicious of such behaviour on a notoriously fast stretch. A short trip a mile up the road explained their lack of bookings. Strategically placed, was notice in large black letters, 'MICE, watch out for the COP CATS.'

*Miss Piffle*

ALL MANGANA residents are glad that Mr. Roy Mills is home and progressing satisfactorily after his recent accident.

MRS. SECCOMBE spent the weekend with her mother Mrs. Clever of Mangana. Malcolm Russell also spent the weekend with his grandmother Mrs. Clever.

MICHAEL SWEENEY of Mangana is attending an apprenticeship course at the Launceston Technical College.

MR. & MRS. B. BURT of Launceston spent the weekend with Mr. & Mrs. Pat Burt of Mangana.

ALL MANGANA residents were sorry to hear that Mrs. Johns had resigned from the mail run to Mathinna and Mangana after almost ten years, and extend their thanks and appreciation for her many kindnesses and courtesy to them during that time. Mr. Cash of Mathinna has taken over the mail run.

SR. D. KINGSTON of St. Helens is looking forward to her holidays part of which she will be spending in Adelaide with her son Gerald.

BEST OF LUCK to Tony and Jan Verrall of Fingal, in their new enterprise. They have recently taken over the management of the Fingal General Store. It is probably not well known that, in the past, Tony has been a regular contributor to this paper through the column, in "The Eye of the Law."

SUE LAWSON, who will be remembered in St. Marys as the daughter of Mr. & Mrs. Lawson is back from Canada and staying with Mr. & Mrs. Ron Lohrey. Mr. & Mrs. Lohrey's daughter Judy is very pleased to see Sue as the girls are great friends. Sue intends to start her general nursing training at Albury in September. She says it is great to be home.

STORE NEWS.....CONGRATULATIONS TO:

Mr. & Mrs. J. Snodgrass of Fingal on the arrival of a son Robert Lennox, born at St. Marys District Hospital on July 2nd.

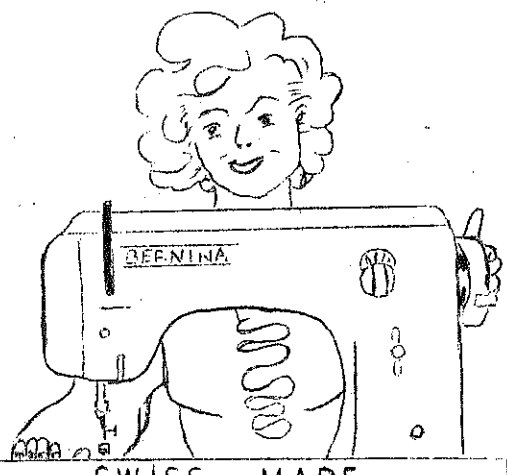

Mr. & Mrs. G. E. Bishop of Fingal, on the arrival of a son born July 1st at the Q.V.H., Launceston.

HERITAGE CORNER

The following advertisement must surely find an honourable place in any history of salesmanship!

From an old handbill in the Ladies' Magazine January 1870 comes this advertisement concerning a Kangaroo brought to England from Botany Bay by some enterprising person.

"The wonderful Kangaroo from Botany Bay (the only one ever brought alive to Europe.) Removed from the Haymarket and now exhibited at the Lyceum, in the Strand, from eight o'clock in the morning to eight in the evening.

This amazing, beautiful, and tame animal is about five feet in height, of fawn colour, and distinguishes itself in shape, make and true symmetry of parts, different from all other quadrupeds. Its swiftness when pursued, is superior to the Greyhound: to enumerate its extraordinary qualities would exceed the common limits of a public notice. Let it suffice to observe that the public in general are pleased to bestow their plaudits; the ingenious are delighted; the virtuoso, and connoisseur, are taught to admire! impressing the beholder with wonder and astonishment, at the sight of the unparalleled animal from the Southern Hemisphere, that almost surpasses belief; therefore ocular demonstration will exceed all that words can describe, or pencil delineate .....Admittance, one shilling each."

RECIPE CORNER: Boiled Water.

Requirements - water  
leakproof cooking utensil  
heat

Method:- Place required amount of water in leakproof utensil. Prepare heat - if electricity plug in to power point on the wall and put the switch down... part of which should then heat. When using gas, matches are also required. Strike the match to light it. If it breaks, start again. When a flame issues forth, turn on the gas tap and place flame near jet. If an explosion occurs - try again until blue flames appear on stove. Place utensil with the water on it on top of heat. When the liquid starts to bubble over the top you have boiled water.

1ST ST. MARYS GIRL GUIDE COMPANY

St. Marys Girl Guides, past and present have many happy memories of all aspects of Guiding over the years. Baden Powell said a Scout and Guide should aim to be a good citizen of The World and with the help of the local association many opportunities have been afforded the girls to meet interstate and overseas members of the movement. In 1964 two girls took part in the Interstate Heritage Trail in Tasmania. In 1965 three girls took part in the Interstate Camp in Sydney. In 1968 one girl attended the Interstate camp in Queensland and in January of this year two girls attended the World Camp in Victoria.

Since then the local association embarked on the ambitious plan of sending Sue Herring to the World Camp in Japan and to another camp in Korea. With the help of generous donations from Members of Parliament, business establishments, local and throughout northern Tasmania with the work of the small local association the money for Sue's fare has been raised and she will be off to Japan on July 24th.

Sue will travel with another Guide from Western Australia a Guider from South Australia and a Ranger from Victoria and she will be attending a camp of 4,000 Guides in Japan and attending Expo.

This Company is very excited about this venture and looking forward to hearing Sue's first hand report of the trip.

They are also keen to get the necessary qualifications to enable them to do a similar trip.

FROM THE PULPIT

A great surgeon operated on a poor boy whose foot was twisted out of shape. The operation was successful and a friend came to take the little invalid home. He said to the boy "What a beautiful hospital you have been in!" "Yes," said the boy, "but I like the doctor best." When he brought the boy home, his mother was thrilled to see her son again. She fell on her knees and looked at his foot. "Why, it's just like any other boy's foot now", she exclaimed with delight. All the time the lad was saying to his mother, "You ought to know the doctor who made me walk."

There is not one of us for whom Jesus has not done a thousand times more than the surgeon did for that boy. Yet we have rarely spoken of Jesus and insisted on making Him known to others.

## DOMICILIARY NURSING SERVICE

It is generally known that the three Senior Citizen's Clubs have a project in hand to buy a vehicle for the St. Marys Hospital. This effort will result in the starting of a Domiciliary Nursing Service throughout the Municipality. The service will operate under the direction of the Doctor and the Hospital which will be its headquarters.

As this kind of nursing aid will give service to those who need it most throughout the whole district it was thought that everyone would like to contribute to the fund one way or another. Already a good start has been made as people generally are keen to help our elderly citizens effort to be the means of launching something that will mean so much to the Valley in the future.

As part of their project the Clubs are promoting a GLAMOROUS GRANDMOTHER COMPETITION. There will be 3 contestants - Mrs. Wally Hayes - Cornwall Golden Years Club. Mrs. Doris Berwick - St. Marys Silver Threads Club. Mrs. Mick Street - Fingal Sunshine Welcome Club. The Glamorous Grandmother Competitions will commence on July 24th and will finish on September 24th. The Grandmother raising the largest sum of money in the 6 weeks will be decorated the winner.

All three contestants will be entertained at a function concluding the contest and each will be presented with a token of honour.

Tigers return to Form:

St. Marys defeated Avoca by 13 points in the mud on Saturday and showed that when all their players return after injuries they will be a hard team to beat in the finals. With Kent Mitchell and Merv Turner winning the ball away from the packs all day, St. Marys never looked like being beaten. Other good players for the 'Tigers' were McCarter who won in the ruck all day, Leedham on the wing, who missed out in a place in both combined sides after being the most consistent player in the Association, Bye, Morris, Currie and Don Singline. Best players for Avoca were Denis Williams, who proved a stumbling block for St. Marys, Yard bobbing up all day with kicks all round the ground, Johns, Richardson and White. The standard of umpiring left a lot to be desired.

St. Helens defeated Swansea by 10 points at the Bay in a hard close game and the Bay must consider themselves a very lucky side for the number of close games they have won this year. Best player for St. Helens was Lohrey on the wing who has made the Association side for the first time; Rawnsley at Centre half back was also a major factor for St. Helens victory; Viv Chapple, Polites, Freeman were also good for the Bay. For Swansea, Fry, McConnor, Lyne and Vic Hugo played well all day.

At Fingal, Rossarden was defeated comfortably by Fingal by 89 points and it now appears that the Redlegs could miss out on the four for the first time for many years.

The Association side picked to play the Midlands looks a good combination once again, blended with experience and youth. If they can play up to their form in Club Games they should defeat the Midlands. The backmen with Williams and Ruffin in the key positions and with Kitchen and Freeman to back them up appear to be capable of holding the Midlands from a winning score. The centre line, White, Barr and Lohrey are a very fast trio and although they lack height they should make up for it with talent. The forwards appear to have enough talent to kick a winning score if they combine as they should. (cont.)

- Q. What would you get if you crossed a mouse with a hippopotamus?  
A. Large holes in the skirting.

cont.

The rucks and rovers with new players in McCarter, Amos and Youd should be good replacements for Wilson, Wardlaw and Tapp, and Salter, Barnes and Cruickshank are all in great form.

The second eighteen, although hard to assess in their first game, should be too strong for the Midlands. The Schoolboys are a good side again this year and Wayne Freeman should be able to lead his side to a good win.
