### The MORITORIUM - TOO MANY STIRRERS?

On the 18th of September the second Moritorium March is to be held throughout the country. If there is increased enthusiasm for the march, Moritorium organisers can consider their efforts a justifiable success, as their main aim has been to change public opinion about Australia's involvement in South East Asia.

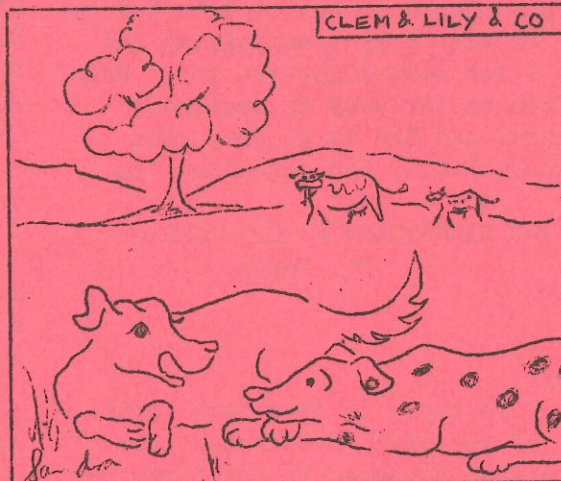

But it seems unlikely this situation will occur. Indications are that past enthusiasm has been difficult to maintain. If this is the case, on the 18th then, the adherents of the Moritorium will have to admit their philosophies are still not in accord with the majority.

All along, these people have been skating on very thin ice. No doubt the bulk of supporters for the Moritorium have a genuine concern about the issue, that is, humane rather than political, but a few militants have, by words and deeds, shown more doubtful motives. Ironically, it is perhaps the stirrers who have caused the observed lessening in enthusiasm; for it is in their stupid and unsubtle efforts of purporting to support such groups as the Liberation Front and the Viet Cong that has had an opposite effect to the one the Moritorium sought to achieve. It has hardened general opinion against the Moritorium Committee.

Had the organisers of the Moritorium gone less for direct demands of immediate troop withdrawal and non-commitment (which incidentally, is not a legitimate demand if it is not yet a majority demand) and more for a call of a Federal referendum on the issue, it may have worked better.

The fact they did not call for a referendum could perhaps, be interpreted as being a lack of confidence that the majority of Australians were with them.

## AUSTCARE

On Sunday, 27th Sept. 1970, Volunteer Collectors will visit as many homes as possible in these districts to receive donations to the Appeal. If you are visited - please give - give willingly - give generously.

If you are not visited or if a Volunteer Collector fails to contact you, please post your gift to Mrs. E.A. Dean, Box 37, St. Marys.

All banks will accept contributions to the Appeal which are paid in over the counter to a teller.

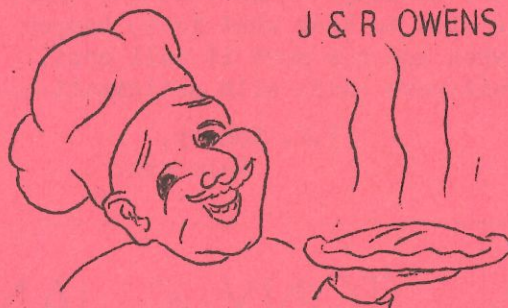

All donations will be receipted.

All Volunteer Collectors will wear an "Authority to Collect" badge.

All donations to the Appeal will be used only to provide care and relief to refugees. Bankers' Order Forms making regular contributions to AUSTCARE may be arranged through your own Bank. Your gift shows that WE DO CARE.

Dear Sir,

We would like to complain about the inefficiency of the Northern Tasmanian Regional Council for childrens films.

We believe many adults as well as children came along to buy tickets at the St. Marys School last Friday (11th Sept.) to see a screening of special films for children.

The form sent home with children did not make it very clear we were supposed to buy tickets beforehand. We were very disappointed and reckon a lot more kids were too. Some came from as far away as Scamander and Fingal and had to go home when told the N.T.R.C. had cancelled the show.

TWO DISAPPOINTED SCHOOLGIRLS,  
St. Marys.

Dear Sir,

In reply to 'Two Eyes' criticism of the list of selected best players that appeared in the "Examiner" on Monday Aug. 31st, after the Preliminary Final between St. Marys and Fingal, I wish to draw attention to the part regarding the "supposedly expert correspondent who picked these players and of his limited knowledge".

Firstly, I wish to advise anyone with limited vision to look before they leap and Secondly, to open BOTH eyes to the limit and look for the true facts of the matter concerned, before critising the efforts of other people. Persoanally, I had nothing to do with the selecting of the best players. The lists published were given to me by an official of the St. Marys Football Club and an official of the Fingal Football Club after the match.

S.L. SALTER, Examiner Correspondent,  
St. Marys.

To the Editor of the Valley Voice  
Sir,

I shall be glad when our reporter feels able to give us a report on the Council Meetings again. I miss them, it is nice to hear what is to happen and when and how much it will cost. I await news again with anticipation.

F.K. Lohrey,  
Falmouth.

## TOUCHE'

WHEN THE DOMICILIARY nursing team were at Cosgrove Park this Wednesday learning some of the details of how the scheme works, a map on the wall of the office showed the names of the "streets" in the Park. One of these was called "Binalong Way". This we thought most appropriate for a Geriatric Unit.

## DOMICILIARY NURSING SERVICE

Due to the wonderful effort of the Senior Citizens' Clubs a Domiciliary Nursing operating from St. Marys District Hospital commenced yesterday. Details of Service will be available from Dr. I.C. Roddick, Sister A. Gerrie, The District Hospital and the Elderly Citizens Clubs.

During the first few weeks Sister Gerrie will be supplied with a Government Vehicle and the new Domiciliary Vehicle for which our Senior Citizens have worked so spendidly should be here within a month.

The total raised from the Glamorous Grandmother Competition was \$1632.31, this amount being raised in 6 weeks.

At a function held in the St. Marys Community Hall Dr. Nigel Abbott presented the Grandmothers with gold broaches on behalf of the Fingal Valley Senior Citizens Welfare Committee, and a pendant to the winner Mrs. W. Haas of Cornwall.

A total of over \$2,000 was handed to the Chairman of the Hospital Board for the purchase of the Domiciliary Nursing Van. Of this amount special congratulations is offered to the small district of Mangana who raised \$95.00 and to the Buffalo Lodge who raised \$120.00

## RETURN THANKS

MRS. STREET of Fingal wishes to thank the people of Mangana, Mathinna, Westbury and Fingal for the generous help they gave to her during the Glamorous Grandmother Competition.

## HERITAGE CORNER

Excerpt from the Newspaper 1905 to 1945. Does this still hold today?

"SPARKS from the NEWS ANVIL "by Smith.

As regards elections - did I mention elections in that last paragraph? - that tie in the Town Ward Election in the Fingal Municipality certainly had full rights to be called an extraordinary election. In the end it boiled down to a pure gamble, if any gamble can be pure. The drawing of lots after the dead heat, in case you have any idea that this seems a casual way of fixing things, is definitely in accordance with the Local Government Act.

I think it would be a good idea, and save a lot of time and money, if some elections we know of were decided in this first-out-of-the-hat style. Really, some of the candidates are so equal in excellence that it seems a pity to have to show preferences for one or the other. Let's draw it like Tatt's. We might get a winner occasionally, some politician making his marble good.

An extraordinary election was held to fill the Town Ward vacancy on the Fingal Municipal Council between two candidates, Mr A.N. Butler and Mr A.T. Berwick, who received 84 votes each. When lots were drawn the seat was secured by Mr Berwick who was declared elected.

### FROM THE PULPIT

"Mary also sat at Jesus' feet and heard His Word." (Luke 10;39)

At Jesus' feet - that is our place of privilege and of blessing. Here it is we are to be educated and fitted for the practical duties of life. Here we are to renew our strength while we wait on Him and to mount on wings as eagles. Here we become possessed of that true knowledge which is power.

Here we learn how real work is to be done and to be armed with the true motive to do it. Here we find solace amidst the trials of work (and they are not few) and the trials of life in general. Here also we may anticipate something of the blessedness of Heaven amid the days on Earth.

For to sit at His feet is indeed to be in Heavenly places and to gaze upon His Glory is to do what we shall never tire of doing yonder.

### REV. BEAVERSTOCK AT MANGANA

Last Monday night, the Church of The Holy Cross was packed at Mangana for the celebration of The Festival of "THE HOLY CROSS" The Rev. Beaverstock, a former Rector, celebrated Communion.

John Beaverstock played the organ. Many visitors came from Fingal for the service. A social evening was held in the school afterwards, and those present enjoyed a showing of slides, taken by the Rev. Beaverstock during his time in the North of Australia with the Church of England Mission.

Slides of Mangana were also shown.

## PORTLAND GARDEN CLUB SPRING SHOW

### RESULTS.

The Show staged on Saturday 12th Sept. in conjunction with the Parish Fair at St. Helens, resulted in a good showing of daffodils, floral art and spring flowers. It was encouraging to see the interest of new exhibitors.

Mr. G. Smythe won the champion bloom award with a perfect golden-green daffodil aptly named 'Limeade'. He also won the section trophy for daffodils.

Mrs. M. Eddington, Cut Flowers.

Mrs. L. Rattray, Pot Plants; and Floral art, open.

Miss Beth LeFevre, Floral art, novice trophy. Juvenile exhibitors who won prizes were: Claire Jestrinski, Sandra Jestrinski, Christine Viney, R. Saunders, T. Gough, Cathy King, Karen Haley, Lee Haley, Linda Partridge, Linda Jestrinski.

### SCAMANDER GARDEN CLUB NOTES

The September meeting of the Scamander Garden Club was held recently at Mrs. E. Richardson's home.

Members were introduced to the art of Bonsai, by Mrs. J. Napier who demonstrated how to pot a tree. She used elm pieces and cottoneasters.

Mrs. A. McBeth conducted a garden quiz which resulted in Mrs. M. Petersen 1st, Mrs. A. Rowe 2nd and Miss Bailey and Mrs. Welch equal 3rd.

A bouquet was presented to Miss Bailey for her birthday anniversary.

A raffle, won by Mrs. B. Mallinson, made \$2 for club funds and a trade table conducted by Mrs. J. Wright made \$2.63.

Members are reminded of the next meeting at Mrs. M. Petersen's home at 2.00 p.m. on Tuesday October 13th.

## TASSIE FACTS

### DID YOU KNOW THAT

Tasmania has a hydro-electric scheme bigger than the Snowy and a dam bigger than Sydney Harbour?

That Tasmania will soon have Australia's first casino and is already planning a second?

That Tasmania has the country's only pheasant farm?

That a bigger proportion of its area is set aside in national parks and reserves than in any other state?

That it has more history on show than anywhere else?

That discoveries of Aboriginal carvings and relics are still being made?

That Westbury, on the Bass Highway, claims the only village green in the southern hemisphere?

### SOME UNUSUAL RECIPES

Hang All Night Pudding:-  $3\frac{1}{2}$  cups flour, 2 ditto brown sugar, 2 pieces candied peel, 3 teaspoons carb.soda, packet mixed spice, 1 cup raisins, 3 tablespoons dripping. Mix with boiling water. Tie in cloth and hang all night, then boil for three hours.

### Some Unusual Recipes cont.

Beetroot Leaves: Choose only the youngest leaves, wash thoroughly, and boil carefully in skimmed stock to which a little lemon juice has been added. Thicken some of the stock with a little flour with a little flour and the yolk of an egg, and pour over the leaves after they have been dished up.

Beetroot Pickle: Use thick slices of cooked beetroot and an unsweetened batter. The best batter is made from the following ingredients: To each egg, allow  $\frac{1}{4}$  lb of self raising flour, and add a little milk and pepper and salt to taste. The beetroot slices should have a fairly thick coating of batter and be cooked in deep boiling fat.

Another way to pickle beetroot, quite easily, is to obtain equal parts of cold cooked beetroot and raw onion. Slice both fairly thinly, and place in layers in a jar. Cover with vinegar, and allow to stand for three or four days, when it is ready for use.

## FOOTBALL FINALS 1970

by "One-Eye"

At the Grand Final game last Saturday week, when St. Helens defeated St. Marys by 4 points, I think perhaps it was St. Helens small men, (Krushka, Barr and Riley who revelled in the windy conditions), that was the big factor in the "Bay" win.

St. Marys matched the "Swans" all day but the hard game against Fingal the week before seemed to leave the "Tigers" a bit leg weary and they were a little sluggish especially in the last quarter when Stephen Salter played such a great captain's game and with Derek Chapple's support turned back many "Tiger" attacks. In this quarter the "Tigers" couldn't manage a score and although Tapp, Bye and Dean were outstanding in defence, the "Tiger" forwards couldn't get the ball past the half forward line. All in all it was a great game to finish the season with and although the "Bay" deserved their good win the Tigers deserve almost as much credit for the way they came back after an injury riddled season to go close to a premiership. It didn't help the "Tigers" to have the injured, McCarter, Morris, Newman and Richards, watching from the side lines.

My pick for best players were:

St. Helens:- Krushka (best on ground)  
 Riley, Barr, D. Chapple, Coker, and  
 Salter (last quarter).

St. Marys:- Tapp, Targett, Bye, Dean,  
 Barnes and Turner.

The Seconds match was also an interesting game and a very close one. The best players for the "Tigers" were Midson, Mawson, French, Mitchell and Gillies for Fingal, P. Webb, B. Woods, Williams, Webb, Cowie and A. Woods.

The thirds game, after St. Marys smaller team put up a great fight, went to St. Helens. The St. Helens bigger boys proved too big for St. Marys and they ran out easy winners. The great play from Wayne Freeman and George Hollis were the highlights of the game.

### LET'S LAUGH

A pedestrian is a man who has two cars, a wife and a son.

A truck driver pulled up alongside one of those tiny foreign sports cars, stalled on the highway, and poked his head out.

"What's a trouble, pal?" he grinned. "Need a new flint?"

Dean: "And now that you've spent a year in college, what did you find the hardest thing to deal with?"

Student: "An old pack of cards."

"What does the bride think when she walks into the church?"

"Aisle, Altar, Hymn."

## ANTI POLLUTION EXHAUSTS

An inexpensive manganese-dioxide catalyst developed by Mitsui Mining and Smelting Co. of Tokyo is said to remove virtually all poisonous substances from automobile exhaust gases. Mitsui claims that the new catalyst converts carbon monoxide to harmless carbon dioxide, absorbs all the lead content in fuel and reduces hydrocarbons to water and carbon. The catalyst can be produced at a cost of about \$330 a ton and is a more effective anti-pollutant than platinum, the material heretofore most commonly used to decompose the harmful substances in exhaust gases. Japan's Ministry of International Trade and Industry will subsidize Mitsui Mining and Smelting's development of a car-mounted filter containing the new catalyst, and the firm hopes to have the filters ready to install on cars before the end of the year.
