A VERY BIG THANK YOU

I would like to give a very big "Thank You" to Ian and Jim (ambulance drivers) and also to "Julie" of the Paramedics when I so badly needed them. Also to my wonderful neighbours (Helen and Graham) who got out of their bed to come to my aid, and finally to the nursing staff of our little hospital. My family also join in with me in thanks to these people.

Town of Trees

by Rod McGiveron

I realise it was most likely a necessity that all those old river bank trees adjacent to the Jarvis house came down last weekend but it is sad just the same.

I suppose that when they have always been there standing high above like sentinels you come to expect it always to be the case. That said I trust the plans are afoot to regenerate the area with suitable native trees or whatever. Heaven forbid I'm no greenie (most definitely not) but had high hopes for a fantastic plan of the original S.M.A.C.D. around the mid 1990's to develop an arboretum in the St Marys township, eventually that St Marys become known as the town of trees.

I trust we can be assured that by way of sensible replanting this may still be a real possibility whether any of us see it in our lifetime or not.

Take a close look at our school drive to see what I mean. There has been all sorts planted over the years and it looks marvellous especially in spring. Imagine that same effect all around the whole town. Who knows it might even be a great reason for people to stop on their travels for a look.

Maybe one day!!

All welcome to attend

The long weekend as per last year was relatively quiet. The busiest times was when the traffic was passing through. As far as this goes, no vehicles were detected excessively speeding through St Marys during the times that the radar gun happened to be active. Unfortunately a number of tourists that happened to be travelling through Scamander may have thought that the speed limit was somewhat higher than the posted KMH limit. Speeds in this area were detected between 75 and 85kmh. Constable Bonner at Fingal also reports that there were a number of tourists and locals alike that fell into the grasps of his book as a result of that little black radar that is attached to the side of his vehicle. A positive side to the story is that there were no reported motor vehicle accidents for the weekend.

As quiet as St Marys may have been over the weekend there is always something going on. It just so happens that an upcoming scientist was experimenting with rocks and glass. The result of the discovery, that a rock is very capable of penetrating glass which is constructed into a frame, and commonly known as a window. In fact, there were six experiments conducted at the school, most likely occurring on Sunday evening. The upcoming scientists did not have permission to conduct the experiments and have now caused an inconvenience to the school both in repairing the windows and the monetary side of things. There are a number of juvenile suspects to these acts, and any other information about who was wandering the school over the weekend, will be appreciated.

A quick update regarding the police stations personnel status. To date there has been no applicants for the sergeants position. This poses a problem in respect of being a member down and not getting the coverage that we need. Negotiations are in place with the St Helens inspector in order to have a relieving officer until such time as the position is filled. I will keep you up to date with this issue.

State Emergency Service St Marys Sub-Unit Proposal

The State Emergency Service Break O'Day unit is based at St Helens and provides the Break O'Day municipality with Road Accident Rescue, Vertical Rescue, Storm Damage and Search and Rescue services. Due to the large area needed to be covered, several members have suggested that a sub-unit at St Marys would improve response times.

A meeting earlier in the year was held to discuss the proposal of setting up a sub-unit based at St Marys. This unit would be under the St Helens unit and would provide first response to the St Marys area and back-up response for the St Helens area.

Another meeting was held in October to discuss fundraising and details for setting up this sub-unit. It would cost approximately \$25000 to set up a sub-unit with minimal rescue equipment. We are in the process of looking for local sponsorship. We currently have 12 people interested in joining.

This is a much need community service, so please get behind it and give us your support.

Dissenters List comes to St Marys

People opposed to the Federal Governments policies towards asylum seekers, will have a chance to note their disapproval from 12th - 17th November at Todds Hall.

"Tasmania for Refugees" spokesperson, Kelly Madden says this is a chance for people to record their dissent, for history. After the list has finished its travels around the state it will be formally lodged with the Tasmanian Archives so that history will know that they did not support the government on these policies.

Volunteering Tasmania

All voluntary not-for-profit groups in the Break O'Day area are invited to send a representatives to one of a series of meetings being held in Fingal, Scamander, St Helens and St Marys to help to decide what kind of training and support groups may need.

Project officer Bob Holderness-Roddam, has contacted local groups and asked them to nominate their preferred location and time to attend a series of focus group meetings. "It is really important that as many groups are represented at these meetings as possible. There is absolutely no limitation on days of the week or time of day for these meetings" Bob said, "Some groups may question the value of the exercise to their activities". The project will identify appropriate sources of training and assistance and publish a short directory for community groups. Leaflets are available at Neighbourhood House, Library, BOD Council or contact Bob Holderness-Roddam, Project Officer on 6231 5550.

Further Tales concerning
Passport Issues

T.T.T No 1. In Poland (Warsaw)
I presented my passport after
arriving in the country at the
airport - no problem duly stamped
and allowed to go through! Chris
then presented his passport—all
mayhem broke out! Much sign
language and gesturing by
officials....problem Chris had
presented my passport!!! (I had
presented his without a problem, it
seems I look like Chris but HE
OBVIOUSLY doesn't look like me!
... or is it I've got charm !???)

T.T.T No 2. Local Issue
Whilst travelling overseas I had
"frozen" our medical insurance
payments for 7 weeks. However
on checking when we returned it
appeared not to have been
actioned - therefore I did not
"unfreeze" the account. Problems
arose when making a claim some
10 months later. After some effort
my account was corrected.
However when Chris tried to correct
his account, "we need your
passport sir" she said. Chris
showed the passport and medical
insurance card, but no not
sufficient, need your boarding pass
sir" she said. "I don't have those
now!" After great to and fro of
conversation "I have my passport,
why isn't that enough" Chris said, -
"after all I can get in and out of the
country with this" "I can see
that you are sitting there sir" she
said and I can see this is your
passport .. and this is your account,
but without your boarding pass I
can't be sure you are back in the
country "..... Needless to say Chris
left without solving the ISSUE - that
was left to you know who!!

PARENTS & FRIENDS

It was great to see some new faces at the last P & F meeting held the afternoon of Tuesday 29th October. Next year we will try alternating meetings between afternoon and evenings to accommodate more parents. Our last meeting date has yet to be decided as we are trying to arrange a suitable time for everyone. Thanking you for **P & F COMMITTEE**

Congratulations

Deanna Peardon gets selected for National Lawn Bowls Championships.

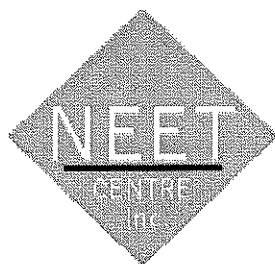

Bicheno bowler Deanna Peardon is thrilled that she has made it to the National Lawn Bowls Championship in Moama NSW. She starts the championship on the 30th of September and finishes on the 4th of October. Deanna had to tryout in Launceston and she was lucky enough to be chosen. Deanna said she has won two awards since she began playing: the Junior Singles and the Junior Pairs. She had been playing for one year before being joined by her younger sister. The two have been playing competitively for a further two years.

Deanna's main goal in Moama is to play her best and try to win. Article by Adrian Parsons (grade 7)

Pierre de Coubertin Award

On the 22nd of August 2002 one of our grade 10 students, Cameron Bean, was presented with the Pierre de Coubertin Award for good sportsmanship, being a good role model and excelling in sport. Cameron went to town to the T. I.S. (Tasmanian Institute of Sport) for a day where he did activities and Jackie Cooper the famous Australian freestyle swimmer was there and talked to the students. Officials will present Cameron with the Pierre de Coubertin Award from the T.I.S. at school soon. By Annabelle Pastula-Ramadier (grade 9)

GUIDED BUSHWALK

St Marys Break O'Day
'Spring Fair'

Greg Loudon and Ashley Mason will be leading a guided walk to the top of South Sister lookout. On a clear day, not only will you have a birds eye view of St Marys but should be able to see as far north as Flinders Island and the Hazards in the south.

Please be prepared for the fast changing spring weather conditions and wear suitable footwear. The walk is suitable for most levels of fitness and previous bush walking experience is not necessary.

Meet at the turn off for South Sister near Seaview Farm. The turn off is marked by a small sign for "South Sister Lookout"

Things are quiet on the Western Front right at the moment mainly due to a series of circumstances not withstanding a long weekend which is traditionally slow for the club.

People go camping or visiting or just use the time to catch up at home. However with that now behind us it is hoped that over the next few weekends a bit of good golf and bowls can be played.

This up-coming weekend on November 10th, is the second attempt at the mixed foursomes championships. By all accounts there will be a good field, even slightly increased on the original numbers which is great news. Hopefully there will be a few for the Saturday Comp as well.

Don't forget that also coming up in the next few weeks is the "Awesome Foursome Challenge", Monthly Trophy and so on. The sub-committee has plans for some great events over the summer, but they need all of us to support them. This is critical for the future of summer golf and we ask that each member try and be there to support the comps. There is no reason why summer golf can't be a success if players regularly attend.

The course is looking magnificent and is just begging for people to play on it.

PENNANT BOWLS has also had a break over the past few weeks courtesy of the bye and long weekend but now we have games for the next month to contend with. Please try and get to practice by 5pm on Thursday nights so that the selectors job is easier. While still on bowls if any member has some free time they can help out in any way please come over and assist. It will be appreciated by Peter and John.

The new bowls shirts are now available at \$48 each and are well worth it.

A big thankyou to "Smokey Dawson" for his painting efforts in the clubhouse recently and it will look really good. A top effort!!

While on that note we will need some substantial assistance from everyone to do some necessary work around the club-house itself and the entrance - driveway - carpark in the next two to three months, so please help where you can. A priority job will be fixing the roof and finishing off painting where needed.

A reminder to all - **YOUR SUBSCRIPTIONS MUST BE PAID BY DECEMBER 1st** so as not to be deemed unfinancial and thereby ineligible for some club privileges. Please do your best to accommodate this time frame if you can.

Finally a huge thank you to a really good friend of the club in Michael Polly M.H.A. who's support helped us secure a \$20000 grant to upgrade our irrigation system. Michael delivered the cheque last week so now we can get on with the job.

Anyway until next time - good hitting and rolling.
