

FINGAL VALLEY TO RECEIVE \$1 950,000 TO SUPPORT LOCAL PRIMARY SCHOOLS

Dick Adams, Member for Lyons, was very pleased to announce that Avoca and Fingal Primary and St Marys District High will receive \$1, 950,000 for new infrastructure projects under the Primary Schools for the 21st Century (P21) Round Two funding.

This will bring total funding for primary schools in Lyons under P21 to over \$38 Million in Round Two, with over 30 schools in Lyons benefiting in this round.

"This is part of the largest school modernisation program in Australia's history, and will support local jobs, schools and communities.

"Teachers and students in our local schools should be teaching and learning in 21st Century facilities," Mr Adams said.

St Marys District High School.

St Marys District High will receive \$850,000 to construct new classrooms. Avoca Primary has been granted \$250,000 to upgrade sports facilities and Fingal Primary will receive \$850,000 to provide new Early Childhood Education and Birth to 4 year old facilities.

The \$12.4 Billion P21 element of the Education Revolution will deliver much needed funding for major infrastructure projects, including libraries, multipurpose halls and covered outdoor learning centres.

Dick Adams encouraged those schools that have not already done so to make an application for Round Three which closes on 10 July and will see remaining eligible primary schools receive funding.

"Funding for schools is a key element to the Rudd Government's

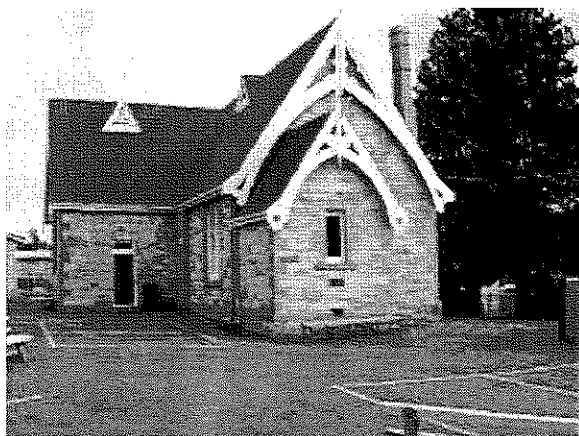

\$42 Billion Nation Building and economic Stimulus Plan to support jobs, stimulate economies and invest in important long term infrastructure.

"This funding is particularly important to smaller and regional schools, who are often the hub of small communities," Dick Adams said.

A full list of successful schools and their planned projects is available at:

www.buildingtheeducationrevolution.gov.au

or at www.economicstimulusplan.gov.au

Fingal Primary School.

Avoca Primary School.

Please note: Deadline for articles to be included in the next Valley Voice is: 5 pm Tuesday June 30, 2009.

Letters to the Editor

Vol. 42 No 1, 2009

The Editor
Valley Voice

Cllr Cato says (Voice 4 June) the Local Government Board will determine whether an amalgamation of the Glamorgan-Spring Bay and Break O'Day Councils (into the Broken Spring Council?) will be in the best interests of residents after "extensive" community consultation.

However, the Local Government Act only requires the Board to provide a "reasonable" opportunity for public consultation. Readers of the Hitch Hikers Guide to the Galaxy will be well aware of the extent and nature of the consultation that is likely to occur under that definition.

The Minister of Local Government has not asked the Council what it means by "extensive" consultation, although this was a key requirement of the motion passed by Council when surrendering its duty to the Local Government Board; the terms of reference of that consultation process should be determined by the full Council in open meeting before the Board even starts to look at the map.

This is our back yard; all who live in it should have the maximum chance to fully express and form their views over a reasonable time on whether we want to move in with the neighbours, before we find ourselves sharing the bathroom with them because a consultant asserts it will lead to a more intensive utilization of infrastructure and other economies of scale.

The Mayor, in secret meetings between October 2008 to February 2009 with the Mayor of Glamorgan -Spring Bay and the Minister for Local Government, has instigated and driven this process, claiming it is better to jump than be pushed, and that it will provide "massive" benefits to ratepayers; when asked what these benefits will be, he has replied that it will be up to the Board to decide!

What will be the benefits to the people of Weldborough of joining with the people of Buckland, or of Fingal with Orford, or Pyengana with Swansea? How big is the gap between "extensive" and "reasonable" consultation?
David Clement,
Councillor.

The letter below was received after the last edition of the Valley Voice was on sale, with the cars featured on the front page. Jim thought it may be of interest to our readers. Ed.

Post Vintage Car Club of Tasmania

Hello Jim,

I am Vice President and Event Manager for the above Club.

During our tour to Scamander last week many of our members visited the Museum and were particularly interested in the vehicles. Unfortunately I was not in the group that visited St Marys.

At our committee meeting on Thurs one of our members produced the copy of your local "voice" magazine with the car show on the cover and it was suggested that we keep in touch with you on some events that may be of mutual interest.

I am aware that at least one of the cars on display was at "Picnic at Ross" on May 17th as perhaps were others. I was the co-ordinator for that event so I thought I could give you advance notice about next year, the event to be held on Sun 16 May. It is a completely informal event and as such, 220 vehicles turned up this year from all over the State. I suggest your members, if interested keep an eye on our website as all relevant information will appear there. www.postvintage-tas.org

The same goes for the major event on our annual calendar, the West Point South East Rally of which you may be aware. We usually take entries from up to 130 classic vehicles and this one day event is to be conducted on 16 Jan 2010. Further information will appear on our website as time goes by and your members may be interested. Of course we would welcome them at any of our events.

Our Club will be returning to Scamander on the June long weekend next year for our second Ron McDonald Winter Tour, (we had 32 members attending this year) and we will look forward to visiting with you at that time.

Kind Regards,
Alan Keogh.

Letters to the Editor

Vol. 42, No. 1, 2009

Dear Editor,

I am writing in response to Paul Spilsbury letter VV Vol. 41, No24, June 4 2009

I would like to advise that my intentions were not to offend anyone but to bring to the community the health issues currently in the Break O'Day region that affect us all.

Firstly I am not anti-forestry or anti fuel reduction burn-offs, I was clearly stating my concerns.

I take offence that Paul is trying to use the 2006 fires and the Victorian fires as a wedge in this debate, I find this in extremely bad taste. My business and property were affected by the 2006 fires and I do understand and appreciate the need for managed fuel reduction burn-offs, I have done many on my own property and I encourage everyone to do so.

I would not stoop as low to compare the Victorian bushfires in this debate, I lost friends in the Victorian fires, so I do share Paul's concerns regarding fuel reduction and the need to have our properties prepared for future bush fires. *Paul how can I forget such a tragedy.* I was notified by several members of the St Helens community complaining about the burn-offs that week in May, many complained of respiratory problems and they were concerned about the lack of communications regarding these burn-offs, may I suggest that Forestry Tasmania place ads in the Valley Voice and the Coastal Column next time they plan a burn-off and have more consideration regarding our communities health, these burn-offs are creating health problems statewide, you only have to pick up the daily newspapers and read the complaints.

There were complaints made to Forestry Tasmania during the week of the fires by the public and no one has had a response to date.

I know and understand that Forestry Tasmania does not use 1080 however it is common knowledge that it is used in forestry operations and farming around the state, I did not state that Forestry Tasmania uses these chemicals, it is also known that triazines are used locally and have had an effect on our community.

My claims regarding the use of triazines is backed by doctors who see the ill effects that these insidious chemicals cause, so I am not that ill informed.

It is common knowledge that the forestry industry is dying out and that logging contractors have been affected by private companies ending contracts etc, the Greens have a package that has been tabled in parliament for retraining and payouts for the forestry industry.

It should be noted that tourism is the fastest growing industry in our region and that forestry is not the only industry that supports our community and economy.

My suggestion regarding the Tasmanian Devil and the use of 1080 is supported by scientific reports conducted by qualified eminent scientists such as Dr David Obendorf.

I still ask the community to question "is it worth letting the use of these chemicals for the gain of a handful of companies and their profit margins, to the detriment of our community?"

Recently, whilst staying with family, I happened to read the Central Coast Courier dated 4.6.2009.

2 Articles on Page 5, Glamorgan Spring Bay concerns, by Howard Harris and Voluntary Council Amalgamation by Cllr Jenifer Crawford, to which I have supplied and to which I hope can be printed with this letter....

I not only found both letters informative, but a delight to read as the concerns and facts were brief and kept to the point!

I ask why is it so hard for our representatives within the Break O'Day to express their concerns or questions in the same manner?

I, as many other rate payers don't care about personal squabbles, self interested opinions, buck passing, pathetic apologies, nor the long dictionary and thesaurus word inspired power plays which now consume our community paper.

My concern as a rate payer is quite simple "our Community".

My Question... I ask the dictionary eaters... **To what advantage would the proposed voluntary merger have upon our Hinterland Communities once added to a predominately Coastal Municipality?**

My Challenge... a dot point, factual answer.

Lynne Dawes,
St Marys.

(Articles referred to in this letter are located on page 19.)

Editor,

Valley Voice,

Hold on to your last edition of the Valley Voice as it will be a collector's item. Vic Cato actually put pen to paper. Maybe I could get him to sign my copy and add value.
Peter Kennedy.

Congratulations to Harry and Kerry Veldums and the committee (sorry I do not know everyone's name) on a great night with the launch of the Tigers.

The food was delicious thanks to the culinary skills of Irene and Maryanne Smith, not to forget Evelyn.

The band was good enough for me to get a promise from Daniel Rice that next time he would "save the last dance for me"

We both wish you every success.

Wendy and Reon,
St Marys.

On another issue, I placed a poster on the post office notice board in St Marys June the 4th and it was taken down within a day, only to return on the Friday with "poof" scribbled on it, I would like to thank the person for informing me of my sexuality, I did not know I was gay! maybe the person who did this is questioning his/her sexuality?

I will not be entering into any future correspondence regarding the above issues in the Valley Voice, I can be contacted directly.

Peter Power,
Greens Candidate Break O'Day.

A LITTLE BIT OF HERITAGE: Jim Haas "Isles of Scilly"

It has long been a mystery to historians how the St Marys Pass received the name St Marys way back in 1842. We know the township nearby, although originally named Armagh, adopted the name St Marys because it was continually referred to as "Near St Marys Pass". But "St Marys" appears to have no connection whatsoever to the area, or its early inhabitants.

Most towns, mountains, rivers, bays, roads etc. which were named in Van Diemens Land were after high ranking aristocrats from the homelands, or in Able Tasman's case he gave his ship's names, Heemskerck and Zeehaen, to the first two mountain peaks he saw after crossing the Southern Ocean in 1642.

The French, too, were dominant in naming many early land marks, in particular Baudin in 1802 who named hundreds of locations around Australia, some 240 of which still hold the names today. But as with Tasman, Furneaux, Baudin and other early explorers and settlers, the names they gave all have a source.

One theory going around was James Grant of "Tullochgorum", the main instigator to lobby Lieutenant-Colonel Snodgrass, the Lieutenant-Governor at the time, to allocate a convict contingent to build the Pass, had a family member named Mary. If that was the case, where did the "Saint" come from?

Another theory, and the one I like the best, is it was named after the Island of St Marys which is the largest island in the Isles of Scilly. These islands are situated just off the coast of Cornwall in the British Isles and would have been the last English land mark many of the ships leaving ports in the Thames River, or Dover, Plymouth and Liverpool would have seen before their long journey to the other side of the world.

St Marys Island, however, is a vastly different place than the St Marys we know. But like our St Marys it has a natural untouched beauty where people can live and visit in a tranquil peace rarely found on their respective mainlands.

On the front cover of the St Marys Island tourist brochure it reads: "Escape to a place nature cannot hide. To a wild archipelago that basks in a mild climate. To a place where the views flicker from sunshine glinting on the vast canvas of the Atlantic, to eerie fog and dramatic storm clouds thundering across the sea. To a place where ships have floundered on

granite reefs, lashed by ocean swells. To a place where the rugged coast is punctuated by soft pearly beaches. It is a place that lies just 28 miles off the western toe of Cornwall."

With a few geographical changes, this description could well describe Tasmania.

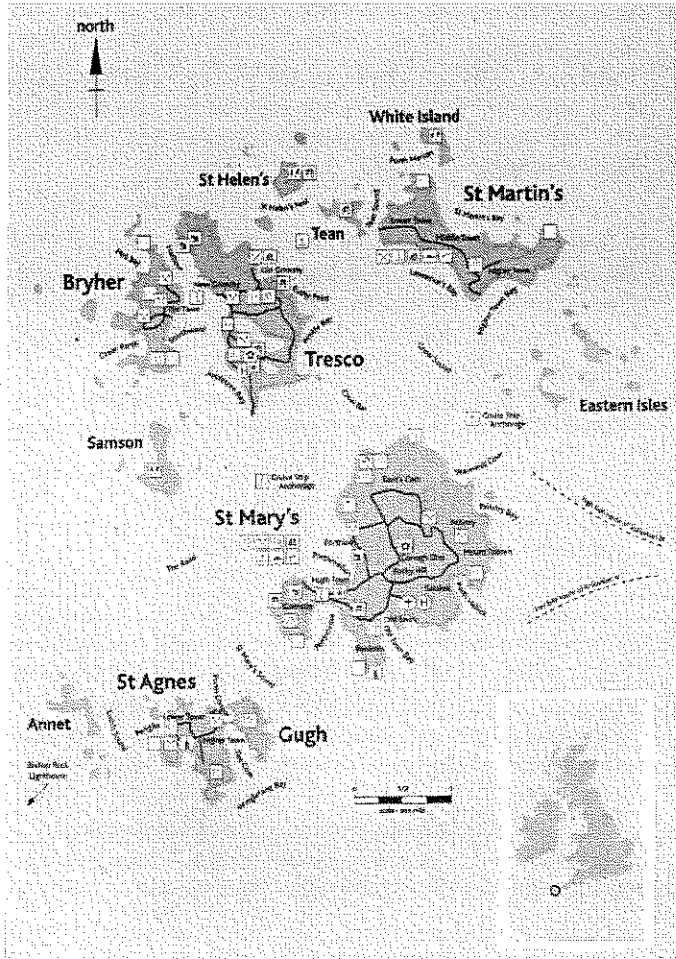

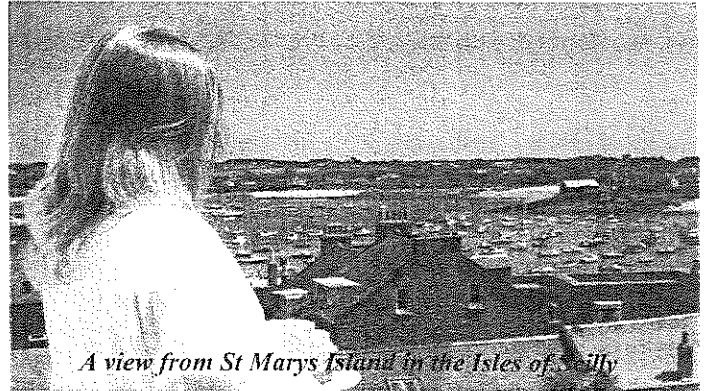

St Marys Island on the other hand is much smaller. It is only 1,554 acres in size and today has a permanent population of around 1,590. The main hub of the island has air and sea links to the mainland, a cluster of shops, restaurants, arts and crafts galleries, banks, three churches, a museum, bike hire, golf course, water sports and a range of accommodation from classic hotels to B&Bs and campsites.

The history of the Scilly Islands can be traced back to around 384 AD when Emperor Maximus exiled two Spanish bishops, Tiberianus and Inatantius, to the islands for heresy.

Christianity flourished on the islands after that and they became home to Abbots and Monks, who built tombs and churches. Many ruins of these ancient buildings can still be found scattered around the islands. The most significant ancient landmark is the ruins of the Castle of Ennor, built in 1244 and taken over by the Duchy of Cornwall in 1337.

Whether St Marys in the Isles of Scilly has any connection to our St Marys is hypothetical, but with prominent citizens on the island with the name Legg and place names like St Helens, Falmouth and Cornwall nearby, one can only wonder.

Whatever the case, however, it sounds good to me that our early pioneers would name our Pass after such a beautiful part of their homeland.

The Isles of Scilly

Letters to the Editor

Vol. 42 No 1, 2009

Dear Editor

St Marys Tigers Football Club Inc. Launch – 6 June

On what was probably the wettest, bleakest, most miserable night St Marys has seen for many years, it was so encouraging to see a hall full of mostly young enthusiastic people who sang and danced the night away supporting their local footy club.

Ray Singline and friends rocked the Community Hall like it hasn't been rocked for a long time. Bruce and Julie kept the drinks coming and Irene Smith, Marianne Smith and Evelyn McGee worked all day and put on some excellent food.

Len Miles officially "passed the baton" from the old club to the new. Michael Polley and David Llewellyn, two extremely busy politicians, managed to turn up, say a few words and both sincerely and honestly committed themselves to helping the club in any way they can; both have also written to the Premier seeking assistance for the Club through the Premier's Sundry Grants Program. David Llewellyn also made an extremely generous personal donation to the club, as did Michael Polley.

It was also great to see Councillor's Reon Johns and John McGiveron in attendance lending their support.

Was the night a success? – if your criteria is to see a heap of young people getting behind their local footy club (maybe a real generational change is about to hit the footy club and that's no bad thing), having a good time in a friendly social environment then the answer is yes.

If it is to see an already dedicated and hard working committee working effectively together to promote the club the answer is also yes.

If it is to see real generosity from people genuinely interested in supporting our local footy club to the extent of contributing a sizeable amount of money then the answer is again yes.

Finally, congratulations to Viv Young winner of our foundation member raffle. Viv is now officially our number 1 foundation membership card holder for 2009.

We will make sure Viv is treated as our special guest at any remaining functions this calendar year. We will shortly present Viv with a special certificate and her number 1 membership card. To all other members who signed up (many thanks to you all) your personalised membership card will be sent out to you shortly.

We are here, we are determined to succeed, and we are not going away!

Look out for a huge trivia night coming soon.

Harry Veldums,
Club President.

Letter to the Editor,

Perhaps an amalgamation of Council areas could be based on the Aboriginal tribal areas existing at the time of European occupation—the coastal strip of Break O'Day and Glamorgan Spring Bay councils would become the Oyster Bay Council, while St Marys and the surrounding areas going back through the Valley to Avoca would cover the Ben Lomond tribal area and become the Break Away Council.

Or, Northern Midlands Council could move its boundary with Glamorgan Spring Bay to gain a seaside front for its residents and take over Swansea, which is after all linked to Campbell Town by the Lake Leake road, and would have far more in common with Campbell Town than Weldborough.

Bicheno and Coles Bay might join with Falmouth, Four Mile Creek, Scamander, St Helens and Binalong Bay and enter into a Federation with Hokitika and Fox Glacier on the South Island of New Zealand as a Tasman Sea Tourist Council.

King Island, Flinders Island, Maria Island and Bruny Island could form an Islands Authority incorporating an Art, Culture, and Heritage Sanctuary, Beef and Mutton Bird Union, Islands Rock Festivals Commission and GM Free Food Zone.

Consultants could be commissioned to develop Strategies, Partnerships, Vision Statements and Plans, logos and signage to market the new area brands, and build new Visitor Information facilities.

Playing with maps is such fun, but where is the benefit to the ratepayers of getting their rates notice on a different letterhead?

Concerned ratepayer. (Name supplied)

Grade 10 Science trip to Hobart

Congratulations to the 7 Grade 10 students from St Marys District High School who travelled to Hobart on Tuesday 16, to compete in the Neuroscience Australia Brain Bee Challenge.

They are: Zoe Greenfield, Brendan Tildesley, Lawrence Bretag, Bronti Cooke, Joel Bennett and Elise Wright.

They did St Marys School proud, with good results achieved by all in team challenges and individually.

Congratulations and well done everyone of you.

Full results will be published in next issue.

THANK YOU

to all the people who were able to contribute to the recent

SALVATION ARMY RED SHIELD APPEAL

Your kindness and generosity is
much appreciated.

For those people who either missed the chance to
donate at the Supermarket or
were waiting at home for a collector at the door...

IT'S NOT TOO LATE!

Your donation can still be collected...please contact
Envoy Melanie Norton on 6372 2099 or 0409 838 816.

Trudy Barnes, front left, pictured with the Sunrise Choir members and Sunrise crew.

THANK-YOU!!!!

A warm thank-you to everybody for their messages of congratulations on getting into the Sunrise Choir.

I had such an interesting & exciting time and hope they do it again. I gave Tassie and the east coast a big plug but they didn't show it.

It is a pleasure to be a valleytarian!

Kind Regards

Trudy Barnes www.gypsyrosemusic.com.au

Love the Irish

Gallagher opened the morning newspaper and was dumb-founded to read in the obituary column that he had died.

He quickly phoned his best friend, Finn.

"Did you see the paper?" asked Gallagher. "They say I died!" "Yes, I saw it!" replied Finn. "Where are ye callin' from?"

The Say Cagerattler

A few days ago I bumped into a fellow St Maryite and the topic eventually revolved around the upcoming Winter Solstice. As we all know this is now an iconic event that Grassy Bottom Regional Arts should be justifiably proud of.

This year the Solstice has numerous activities earlier in the day leading up to the dark time events and music performances follow all this. Another thing is that after several years at the Recreation Ground, primarily due to major fireworks displays etc., the Solstice returns to the Main Street and Faulkners Green which should be really good.

All this is tempered with a need for two important things. Number one is; should anyone who can help out with activities or assisting the hardworking organisers run the day, then apparently according to my friend they will be warmly welcomed on board. Just contact Grassy Bottom Regional Arts if that's you and number two is the rest of us. We really need to, (as they say in the classics) do ourselves a favour and join in the festivities during the day. It's well worth the time and repays these community minded people who give time and services to showcase the town. So, this upcoming Saturday let's do something to make sure the St Marys Winter Solstice continues for many years yet.

As we all know it's almost certain that the St Marys Tigers Football Club will again start up, and this is fabulous news indeed. Unfortunately though in recent times several other sporting groups have struggled to attract followings of the past, despite the population of the town increasing if anything.

Even given the marvelous volunteers at these clubs abundant participants are often hard to attract. I personally have direct involvement with one of these clubs. We have a wonderful facility, excellent people involved in running the overall organisation and within the two frontline sports this same description applies. Every week a dedicated bunch give freely of their time to keep the maintenance right up to scratch on both playing areas as well as the clubhouse and yet we struggle to attract new members for some strange reason. St Marys is EXTREMELY LUCKY to have this club right within the town precinct and all that goes along with it.

The reality is that if there are too many more years like the past decade or so there might come a time when clubs like ours will struggle to continue. This is almost unthinkable isn't it and like the footy club's number of years non existence, there truly was something missing for the whole town. Quite apart from everything else ALL sporting clubs or recreational groups provide a myriad of great reasons to be around, so we ALL need to get behind these clubs if we can or if we are new to the area investigate joining in at one of these clubs. I suggest strongly that you consider doing this because everyone then benefits from your participation.

What do you think?

THANK YOU

To the lovely, thoughtful person
who took the time
to leave a lovely card of
encouragement & gratitude
for our businesses.

It is wonderful to be recognised
for our efforts.

Your support is very much appreciated.

Clare—Happy Belly Deli.

Kim—Main Street Clothing.

THANK YOU

Craig, Hayley, Jimmy and Wally send a big
'thank you' to family, friends and the community
of St Marys for gifts, flowers, cards, phone calls
and visits since the arrival of

Wally Bob Freiboth on 20/5/09.

Your kindness and generosity
has been overwhelming.

Welcome home Kelly from Strawberry Jelly.

Without your presence
the town lacked from a little less "light".

From your friends in St Marys.

OUT OF THE WOODWORK
Wendy Brennan Secretary

Thank you to **Rob and his wife Eevee** owners of the St Marys Railway who have kindly donated to the Guild 12 chairs which was much appreciated.

A few columns ago I wrote about the feasibility of the Guild becoming a sub-branch of the Tasmanian Regional Arts to cover more exhibitions and insurance. After liaising with the appropriate people the Guild was told that this could only come to fruition if we were willing to combine our venture with the East Coast. The Guild was unanimous in the decision to stop this proposal as members all felt that the Valley needed more recognition in this area.

We are at present holding discussions with the Fingal Valley Neighbour House and are in the process of writing a letter to see if we could come under their insurance, as our **current Public Liability insurance** doesn't have a volunteer's component. In return The Guild might hold courses or help with any future community needs in the Valley area. Thank you to **Debbie Speers** who was an immense help in giving us guidance.

In our last article I made the mistake of saying that a chair was part of our raffle.

This is incorrect, the chair will be raffled at our next father's day opening. My apologies. However, please don't forget to get behind our trusty ticket seller **Pete Williams** and **buy a ticket for the Ute#** (not truck) and trailer load of fire wood. All monies are put back into the club.

#please note that the Ute is not part of the prize.

The Guild meets on the last Saturday of the month at the Old Railway Goods Shed at **2.00 pm.**

The Guild is open Monday, Wednesday, Friday and Saturday. Any other times by appointment.

Below is a photo of the firewood which is part of our upcoming raffle.

ST MARYS OP-SHOP

Dog Payments at Fingal

Dog owners in the Fingal Valley are advised that payments can be made for dog registrations at the Fingal Neighbourhood House between the 15th June 2009 and the 30th June 2009.

Payments will be accepted in the form of cash or cheque (made out to Fingal Valley Neighbourhood House), and dog renewal notices must be presented at the time of payment.

All dog renewals are due by the 30th June 2009. After this date the fees increase and payments will not be accepted at the Neighbourhood House and must be forwarded directly to Council.

Andrea Gillies
Rates Officer
Break O'Day Council.

DOING THE ROUNDS

Cllr Reon Johns.

Like to raise an issue? Feel free to contact me on mobile 0429 722 091 or Fax 6372 2098

During the recent rain storms the Council staff have worked very hard to keep the stormwater moving in the right direction, this means cleaning out blocked drains and gutters. Not a pleasant job in the best of times but, working in the rain makes it all the more difficult. Tracy of Cornwall has been noticed by a few people doing just that. Well done to all the staff.

Due to cars trouble I was 45 minutes late for the June Council meeting. It was over and done in a few hours as there was little debate and Councillors happened to agree on most items. However, the new direction of having Councillor's motions be approved before they are presented was tested for the first time. Cllr Clement presented a motion on Cemetery site and reservation fees, this was seconded and then defeated without debate. I feel that this procedure could limit the introduction of some progressive ideas and might be a backward step, only time will tell.

Optus/Daly submitted an Application to build a communications tower at "Sunny Banks" St Marys, on the southern side on the Tasman Hwy between the sewerage ponds and Mr and Mrs Perryman's. The Application was defeated and all Councillors agreed that this was not the appropriate site as it would interfere with the landscape of the surrounding mountains and views.

I have been asked about the street furniture for Mangana; the answer is that it is in the process of construction and when this is done it will be installed.

DO YOU KNOW?

That if you pay your rates in full by the due date you will receive a discount.

Please note that I have changed my visits to the LAST Thursday of each month.

I will be in Fingal. At 08:30 to 9:30 at the Neighbourhood House, Mathinna from 10:00 to 11:00 at the Post Office.

St Marys, 11:30 to 12:30 at the Bakery. Then on to St Helens Neighbourhood House from 2:00pm till 3:00pm. Mouth Café Scamander from 3:30 to 4:00.

I would like to invite any other Councillor to share this article with me and help keep the Break O'Day informed.

**ST MARYS ASSOCIATION FOR
COMMUNITY DEVELOPMENT INC.**
Extracts from Minutes of General Meeting
held on 1st June 2009

CORRESPONDENCE IN:

Letter from Aurecon inviting SMACD to participate in Vision East workshops.

Letter from Premier David Bartlett informing the Online Centre that Public Liability will be covered for community groups using Education Department owned facilities.

PRESIDENTS REPORT:

Ed tabled documentation containing information on bicycle powered generators capable of running a computer. She asked if costing could be done and, if feasible, the project be put on the agenda for the next financial year. This would be a positive way in showing how we are contributing to reducing our carbon footprint. She also discussed and tabled plans for a seat in the shape of an elephant to be placed in the new SMACD Park at the entrance to the NEET Centre.

MANAGERS REPORT:

Greg reported that Darlene Wright and Joy Neils had almost completed Certificate 1 in ICT.

Greg said he had been advised by TCO that new computers were on the way and would, hopefully, be here by the end of the year.

He said with the completion of the new training room one computer had been moved to outside the history room for history research. However, this computer could still be used for general purpose when not in use by the history room.

GENERAL BUSINESS:

Neil reported that all committees concerned with Trails Tasmania had been disbanded for the present.

Neil also reported that he was in negotiations with Councillor Reon Johns to investigate the possibility of making the old railway line between St Marys and Fingal into a walking, cycle and horse riding trail. To start the project he would concentrate on the section from St Marys to Cornwall as this would provide a good flat trail and link up with other trails in the Cornwall area.

It was moved Neil, seconded Fe that SMACD investigate a sponsorship for Daniel Rice in his walk for Family Based Care. (Carried)

Next meeting: Monday the 29th June 2009 at 12.30 pm

ST MARYS WORLD WAR TWO VICTORY BALL

Article taken from the Examiner Newspaper
23rd March 1946

A Victory Ball was held in Jansen's Hall, St Marys, last night, with twelve debutantes being presented to Premier Robert Cosgrove and Mrs Cosgrove. On arrival, the guests were met by Mr. and Mrs C. F. Salter, Mr and Mrs G. H. Napier, Mr and Mrs H. L. Swift and Mr and Mrs N. T. Dawson. The debutantes were presented Mrs J. D. McGeachie.

A flower girl, Barbara Wardlaw, daintily frocked in pale blue organdie, presented a bouquet of red gladioli and autumn leaves to Mrs Cosgrove, who was wearing a smartly cut frock of black. Mrs McGeachie's petunia crepe frock was finished at the square neckline and sleeves with gold brocade, and she carried a bouquet of pink gladioli and autumn leaves. Mrs C. F. Salter wore black georgette with lace sleeves and panels in the skirt, and Mrs Napier also wore black. Her crepe frock was trimmed with gold and silver beading on the square neckline. Mrs Swift's frock was floral satin in red, green and black toning and Mrs N. Dawson topped her slim-fitting black skirt with a white satin jacket.

The white frocked debutantes presented a graceful picture as they entered the hall. They were: Colleen Elliot, Hilda Fitzgerald, Betty Causby, Norma Brough, Betty Gray, Dawn and Dorothy Bushing, Joyce Bomford, Nita Peters, Shirley Lohrey, Betty Hayes and Edith Cooke. Each girl carried a posy of pastel-toned gladioli and dahlias, with matching headdress. Their Partners were Messrs. L. Markey, M. & P. Britton, A. Aulich, J. & D. Parsons, K. & L. Bullock, C. Brown, J. Morris, M. Mulholland and V. Robinson.

A buffet supper was served from tables decorated with bowls of mixed autumn flowers and leaves.

Proceeds of the ball will be divided between the St Marys Agricultural Association and the Community Centre.

For more on the history of the Fingal Valley visit our website www.fingalvalleyhistory.com, call into the St Marys Online Access Centre, see our display at the Cranks and Tinkerers Motor Museum in Main Street, St Marys, or phone: Darlene, 6372 2222, Barry, 6372 5752, or Jim 6372 2127

Strange weather patterns.

Another hailstorm of significance recently occurred. The Mt Elephant area seems to have its own unique weather pattern, and influences weather conditions in the region—hailstorms, firestorms, floods etc.

Many people are still unaware of the hailstorms and the damage and danger they incurred.

On Saturday 31st January, shortly before 6pm, an unexpected severe hailstorm occurred in the Gray, Mt Elephant and Little Beach areas.

It began with a thunderstorm that caused several dry lightning strikes in surrounding areas. The hailstorm was of 5 to 20 minutes duration (depending on location).

While the average hailstones were of golf ball size, there were stones of tennis ball size. Ground cover was about 10cm deep, with ½ metre drifts remaining for several days. It was deposited in a narrow strip about 3 kms wide and covered approximately 30 sq/kms.

The hailstorm was accompanied by winds estimated at 179 to 250 kms/hr, which uprooted or smashed about 20 large trees near Mt Elephant road only 150 meters from homes.

Insurance companies made payouts of thousands of dollars for the reroofing of homes, repairing of sheds, replacing broken windows and repairs to damaged vehicles and cars and caravans that were declared write-offs.

Many residents are still experiencing the long-term damage sustained to gardens and businesses.

The large deposits of fine fuel litter in the region remains a grave concern (it will still be there for this summer's bushfire season).

On Monday the 8th of June, and unexpected hailstorm occurred late in the afternoon in the vicinity of St Marys Pass/ Falmouth. It appears to have fallen in a narrow strip 200 to 300 metres wide. While hailstones were only pea size, roads were considered dangerous for about 2 hours.

One significant car accident occurred, and at least 3 other cars skidded off the icy roads. This hailstorm was preceded by a thunderstorm.

A report on the January hailstorm was compiled, and copies provided to people in positions of authority etc. Consequently, people in government, emergency services and the weather bureau etc. expressed interest.

Perhaps the Mt Elephant region could become a significant place for studying unusual and extreme weather patterns and weather conditions.

Maybe this area is a "key" to help in the better understanding of possible climate change.

Anyone interested?

Peter & Beverly Rubenach.

N.B. Copies of the January 31st hailstorm, compiled by Hannah Rubenach, can be obtained by contacting 6372 2348. (Between 9am and 8pm please)

5.00	Fire Sculpture

Police Report

A report has been taken involving destroy property, at a house in St Marys. Persons unknown have smashed two windows to the house which is used by the owners as a weekender; it is not known whether entry was gained to the house. Any information about this matter can be given to the station

or through crime stoppers.

Of concern to police is the number of persons detected on the radar for traveling through the Valley at high speeds. Vehicles have been checked at 128, 133, 140 and 154km/h in 100km/hr zone. There has also been speeds of up to 80km/hr in a 50km/hr zone. The irresponsibility shown by these drivers should be of great concern to all road users. The potential of fatal and serious accidents involving high speeds is greatly increased. Be assured any person found doing these speeds have been given infringement notices, including automatic disqualification of their license.

There are also a number of local residents who have lost their license through court disqualification. Over the last two months a number of these drivers have been found driving on the road. Each offender has been arrested and will appear in court. Statistical analysis from DIER show that suspended and disqualified drivers are grossly over represented in the number of serious and fatal crashed.

Driving is a privilege not a right. The majority of licensed road users drive in a sensible manner and should not have to contend with those who disregard the law and court orders.

We urge all drivers to exercise caution especially during winter months. All drivers should drive to the road conditions not necessarily the road speed limits.

This weekend also sees the running of the Annual Winter Solstice at St Marys. We would like all patrons to enjoy themselves however we would urge caution to road users driving in the area due to the expected large volume of pedestrian movements.

Helping Tasmanian screenwriters on to the world stage

An internationally renowned feature film script development agency, Eurista, will spend nine days in Tasmania with Australia's emerging screenwriters to help take locally produced stories from page to screen.

The Minister for Economic Development, Michael Aird, said the Eurista workshops in Hobart and Coles Bay were a significant investment by Screen Tasmania in the continued growth of the screen industry.

"Hosting these national screenwriting workshops is an important step in creating a sustainable screen industry in Tasmania," Mr Aird said.

"We are fortunate that Stephen Cleary, the highly respected former head of development at the British Film Council, will be sharing his expertise with our best new writers.

"Scriptwriters from across Australia will attend the workshops, and this brings the added benefits of developing creative partnerships, exchanging knowledge and strengthening industry networks for our local writers.

"The workshops will bring a significant economic boost to Tasmania, particularly the Coles Bay community who will host a week long workshop."

Mr Aird said there were many steps involved in building a local screen industry.

"Script development is a key aspect of the industry need and we will continue to invest in the development of our local talent in order to bring Tasmanian stories to the world.

"Mr Cleary and his team will work with our local writers and script executives, for a week-long workshop in Freycinet and a two-day master-class on adaptation in Hobart.

"Tasmania has many talented published authors and this will be an excellent opportunity for any writer wanting to turn their literary work into a feature film.

"Box office statistics show that feature film adaptations of novels, comic books or real-life events, usually have above average box office success.

"Adaptations of *The Bourne Identity* or *The Lord of the Rings* trilogy demonstrate this and I am convinced that we have the talent right here in Tasmania to achieve that level of world-wide success."

For further information on both the Eurista residential workshop and adaptation master-class please visit www.screentasmnia.com

Council Watch

The following motion was moved at the Break O'Day Council Meeting of 9th June by Cllr David Clement, seconded by Cllr Raoul Harper

" **1** a discount be applied to the appropriate site fee applicable to lawn cemeteries, graveyard land, columbarium walls and rose gardens within the municipality specified in Council's Schedule of Fees and Charges current at the time of application for a site for a deceased person, such discount to be based on the number of completed years of permanent residence in the municipality of the deceased at the time of death, at the rate of 5% per year of residence to a maximum of 100% after 20 years residence, with proof of permanent residence provided by a Statutory Declaration by the next of kin or an executor accompanied by a single piece of appropriate documentary evidence.

2 In the case of a reserved site, a refund be made to the estate of the deceased on application in accordance with 1 above."

Submission in support of motion

1 The motion refers to site fees only, and not to Grave digging charges.

2 The proposal is for a progressive discount over 20 years permanent residence, to avoid opposition to the proposal based on a view that a policy based on a simple reduction in fees irrespective of time of residence would be ridiculed as "Come to Break O'Day and Die".

3 The discounted site fee is a recognition of the contribution to the community by the deceased as a resident and member of the community over a period of time

4 The amount involved is minimal, and is income foregone on a shared basis by the community as a whole as a mark of respect for the deceased and compassion for the family of the deceased, and a recognition of "send not to ask for whom the bell tolls, it tolls for thee".

5 The discount is a symbolic gesture that the community wishes to provide a resting place for the deceased within the community without seeking to maximise a financial contribution from the deceased even unto death.

6 Cemeteries should be maintained by the community as a whole rather than on a user pays basis, as they represent the history of the community, the commemoration of the people who have lived in the community and contributed to its development and activities over their lifetimes.

The motion was moved, seconded and immediately rejected 6 -2 , **without any discussion**. There was no declaration of pecuniary interest by any Councillor owning a cemetery.

Copy of letter to the Editor which appeared in the Central Coast Courier, June 4th 2009. (as referred to by Lynne Dawes in her letter this issue.)

Most readers of the Central Coast Courier will be aware that the Glamorgan Spring Bay Council passed a recommendation to request the Minister for Local Government to instruct the Local Government Board to investigate a potential merger with the Break O'Day Council.

The process that the Local Government Board must follow is set out in the Constitution Act (1934) The following is a summary of the relevant sections of that Act. Potential Scope of Local Government Board Review.

- The act states no municipal area is to be altered without the recommendation of the Local Government Board.
- The local Government Board is an independent board which may determine how it carries out a review, it develops its own guidelines.
- Matters, that may be considered by the Board in its review include:
Potential benefits (generally) of a voluntary merger.
Merits of a specific council merger proposal
Adequacy of community representation in a merged Council.
Staff and transitional arrangements for a voluntary Merger.

Other impacts.

- The Board is to provide reasonable opportunity for public consultation. The Board is required to publish, in a daily newspaper, a statement specifying that a review is to be carried out and to invite submissions in relation to the matter under review.
 - Board hearings are generally open to the public.
- Local Government Board Review Process

The Board review is initiated by the Minister for Local Government.

The Board carries out its review.

The Board determines whether the merger is in the interests of the affected communities and submits a written report (including recommendations) to the Minister.

The Minister provides the report to affected councils, inviting them to make submissions on any matter covered by the report.

The Minister is required to consider the council's submission and either:

- accept any or all of the Board's recommendations
- reject any or all of the Board's recommendations
- request the Board to reconsider any or all of its recommendations.
- refer to the Board any alterations to its report requested by a council.

The Minister then decides whether to proceed with the recommendation/s.

A decision to proceed with the merger proposal requires the Minister to make a recommendation to the Governor. If the Minister has rejected a Board recommendation, he cannot make a recommendation to the Governor on that matter.

The Governor, acting on the recommendation of the Minister, may, create or abolish a council, alter and define the boundaries of a municipal area, combine 2 or more municipal areas to form one municipal area, name or change the name of a municipal area. —————>

(Cont'd from previous column)

For any of the above to occur, there must first be a positive recommendation for a merger from the Board.

Put simply, the outcome of this review has the potential to be the biggest change to our municipal area since the 1993 amalgamation. It will affect you, but you do have a voice, so whatever your view, when the Board advertises for contributions, please attend the public hearings and/ or put in a submission.

Copy of letter to the Editor which appeared in the Central Coast Courier, June 4th 2009. (as referred to by Lynne Dawes in her letter this issue.)

I have huge concerns about water and sewer rates to be raised by the new Bulk Water Authorities, and Council's abilities to increase rates for 09/10 year.

First the pain about to be inflicted onto the residents and ratepayers of Glamorgan Spring Bay have not been fully explained.

Over and above rate increases announced by Council Management and supported by Councillors, together with the increased water and sewer charges to be imposed by the new Bulk Water and Sewer Authority have not had any explanation of the costs (Nodal) accepted by Councillors Fama, Parker, Bacon, Cadart, Johnson and Whitton while being rejected by Councillors Arnol, Crawford and Stanley of the \$8.5 million debt agreed by the above Councillors, unless the State Government has accepted this charge.

This community of approximately 4500 have been inflicted with an "estimated \$8.5million" Nodal for Swansea Water dam and filtration—not a grant. This deal has been arranged between Councillors, Treasury and Hobart Water to borrow money for an Authority which did not exist at that time, and the repayment costs are then to be isolated to Glamorgan Spring Bay Ratepayers and residents over future years, although the infrastructure will be owned and operated by the new Authority!

This borrowing is far higher than a Council is allowed by Government, although by borrowing to, or through another Authority has been allowed.

The Councillors voting for this huge debt have taken Council from a credit position, to the largest debt EVER, in the history of this Council.

I question if Council has made Ratepayers and Residents of the Glamorgan Spring bay aware of this impost over and above of any increase to Council rates and over and above the increases to Water and Sewer charges for many years to come?

Remembering the infrastructure will be owned by the new Authority debt free, while the \$8.5 million debt is being paid for by Residents and Ratepayers of Glamorgan Spring Bay for years to come.

Over and above the financial debacle above, Councillors Cadart, Bacon, Johnson, Fama, and Whitton have voted without any consultation with the ratepayers or residents to hold amalgamation discussions with the Break O'Day Council and State Government.

Are we as a Community being communicated with, or DICTATED to??

Howard Harris, Triabunna.

Is a non profit organisation holding markets every Saturday from 8am in St Helens, at the Library car park.

There is a variety of stalls and the fees charged to stall holders is donated to various charities.

For stall booking or any other inquiries, please phone Sylvia on 6376 8390. Or Saturday mornings only: 0447 589 803.

ARTS ON TOUR 2009

After weeks of hectic rehearsal the Arts on Tour crew (consisting of seven actors and fourteen band members) packed up their costumes, sets and instruments and headed down south for a three day tour of Hobart.

First stop, Swansea, and a very energetic crew are off the bus and into setting the stage. The whole of Swansea Primary poured into the hall and the nerves were starting to kick in. But the show was a huge hit amongst kids and the teachers.

It was back on the bus and on our way into the big city! We arrived at the Blue Lagoon Christian Camp with enough time to unpack before heading out on the town!

We were let loose in the restaurant district with only one thing on our minds....FOOD!! Some of us ran to the nearest take away and some of us took a more adult approach and attempted to dine by ourselves at some of the fancy restaurants.

After dinner the group split up to see the film of their choice.

Rise and shine and, at 6AM, some of us were a bit slow to get moving! But we all managed to pile into the bus and make our way to South Hobart Primary.

After a slow ride in the Hobart traffic we got to the school with no time to lose.

Everyone was frantic to get the gear off the bus and get set up! But the show was another great success with a lot of laughs from the young audience.

Next stop, Campbell Street Primary, and an actual stage to perform on!!! But with a massive hall comes a massive audience and this proved to be our toughest performance yet. But we all pulled it off and by the end the kids and teachers were laughing and dancing in the aisles!

Our final destination was the famous, Glenorchy Primary School, and new home to Susan Miles!! We were greeted by a friendly Susan who had "talked" us up to the whole of the school so the expectations were high. But, with our best performance space yet, by the end we had the kids laughing, moshing and roaring for an encore!!

Back at the camp the annual Arts on Tour Talent Quest was held, and, without giving too much away, there were a lot of unusual and entertaining acts with special judge, Mr. Kleinert, being shocked and horrified by some of the acts. But as they say, what happens on tour stays on tour....!!

The next morning we were up early again and, with our bags packed, we were ready to go.

With one last tour performance at Richmond Primary the exhausted crew were ready for home. But we couldn't slack off yet. We still had our biggest challenge ahead of us, the public performance!!

With excited parents, siblings, family and friends eagerly anticipating this year's Arts on Tour, we couldn't let them down.

And we didn't! The best show by far with the crowd laughing and toe tapping in their seats.

A big thanks to Miss Hickey and Mr Emmerton for such an awesome experience and the time and effort they put into this year's play.

Until next year.....!!!

Fingal Primary School News

ENE CROSS COUNTRY

Congratulations to all our students who participated in the ENE Cross Country Carnival at Mathinna on Wednesday 21st May. The students fantastic efforts and participation resulted in our school winning the Division C shield.

It was very satisfying to see that our children displayed excellent sportsmanship and that their behaviour was of a very high standard. It was also pleasing to note that all our children ran consistent races. Most have improved their fitness enough to run throughout the race. Congratulations on your terrific efforts.

Cross Country Team who ran at Mathinna were;

Clare Bishop	Nakea Brown	Rebecca Brown	Kimberly Burns
Leo Davies	Lloyd Bosworth	Aiden Flemming	Carley Baldwin
Sharnee Casserly	Melanie Guy	Kurtis Tuck	Jayden Bosworth
Sam Herbert	Daniel Newton Denholm		Aaron Rush
Grace Gee	Demi Brown	Jorgia Woods	Chloe Harris
Bridgette Burns	Daniel Bishop	Harvey Flynn	Joel Cox
Dylan Brown	Ashleigh Templar	Zoe Simpson	Breeana Francis
Thomas Gee			

Zoe Simpson

Mr Padgett, Thomas Gee, Alana Barr and Breeana Francis with the Division C shield

St Marys Sports Centre Inc. news Kackhander

Without sounding like a scratched record, a big massive and heartfelt thanks must go to the incredible McDonald Family (a special mention to Macca, Leeanne, John, Valda and Brad) for continuing unabated despite the deluge of rain leading up to the recent McDonald's Cup.

On the Saturday no one in their right mind would have even considered playing golf after 135+mm of rain yet 48 hardy souls turned up to support the day. From everyone at the club we thank all our visiting golfers who chanced turning up and to the local members alike who helped out making the day a goer given the terrible weather. To the McDonald's, the helpers the nutcase players and anyone else, **THANKYOU FOR YOUR INVALUABLE SUPPORT.**

Thanks also to all those involved in the venerable Geoff King Memorial Veterans Day this past week. Once again a big thanks to our visitors and helpers and again a day well worth it's significance was had.

All golfers keep out a watch for Col's Calendar of events with some really good comps about to happen, so if you want to enjoy the course playing quite nicely, now is a good time. It really is.

VERY IMPORTANT: ANNUAL GENERAL MEETING: This is scheduled for Friday 26th June at 7.30 pm and a special request is for anyone interested in coming on the committee please try to declare your intentions soon if you can, by way of filling out a nomination form or attending the AGM. We need a quorum of 15 minimum so please try to support the club so it can continue into the future with some confidence. **HERE IS YOUR CHANCE TO HAVE A REAL SAY IN PROCEEDINGS.**

Anyway until next time. good hitting and rolling.

East Coast Motocross Up 'n' Coming Events Sunday June 21st

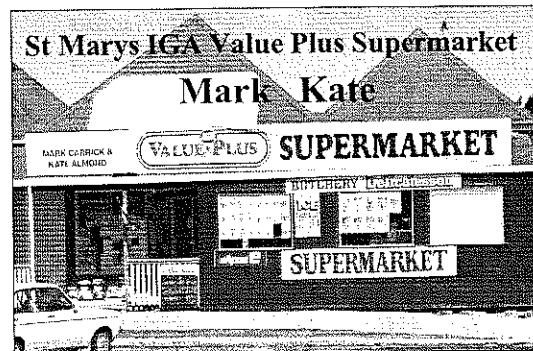

This is a Club Race Day at the Bar 20 Track, Goshen. This will be a bigger than normal Race Day with riders from around the State coming to check out the track before the State Championship in July.

Saturday 4th & Sunday 5th July

This will be the first time the East Coast Motocross Club has held a 2 Day Tasmanian Motorcycle Championship. 2 days of non stop racing of over 160 bikes from all over the State including 12 local riders. Riders will be looking at big point gains at this round - as this is the 2nd last round for the year. It will cause some very exciting racing between riders who are close in points.

The Club is also looking for helpers for the 2 day State Round. For more information about the ECMC or wanting to come along and help at the Club please contact Anne on 63 761 380 a.h.
