Family Food Educators Graduate in St Marys

Benefits are already apparent as eight new Family Food Educators completed their final day of nutrition and physical activity training at St Marys District Hospital on May 11 2010.

The volunteers have participated in the 25 hour interactive Family Food PATCH course, which trains people with an interest in children's nutrition and physical activity to become peer educators in their local community.

Project Officer Emily Shepherd said, "These new Family Food Educators will become part of a wide network of approximately 200 Family Food Educators around the state who continue to receive support, resources and information on a regular basis."

Project Dietitian Kacey Rubie said, "Family Food Educators bring their own experiences, as parents or people working with children, that enrich their ability to share what they learn through this course with others."

Family Food Educator Natasha Kelder said the training "made me remember to have fun with food!"

Providing a good variety of healthy foods, enjoying active play and keeping screen time to a minimum are keys to good health for all children.

The volunteers are already making a difference by doing things such as sharing their knowledge on fruit and vegetable intake and screen time with groups of parents and changing habits within their own family environment.

For more information contact Emily Shepherd on 0409 405 789.

A LITTLE BIT OF HERITAGE: Jim Haas "Half a Century of Dedication"

After reading in last edition of Valley Voice that Eric Bean is not travelling all that well, I thought it time to once again touch on the heritage of the St Marys Races and the dedication Eric has given to ensuring the biggest event on the St Marys calendar continues year after year.

Very few communities in Tasmania, or indeed Australia, could boast holding a continuous sporting event, which has not only been a huge success, but has stood the test of time. Fewer still could boast having one man who has been the driving force for half a Century.

Horse racing has been a part of our community for 124 years and Eric Bean has been secretary of the St Marys Pacing Club for the past 51 years. Along with his committee and band of volunteers, Eric has staged an annual event in St Marys that has proven to be equal to any country race meet in Tasmania. Some 2,000 plus patrons turn up each year, not only to enjoy the races, but experience the laid back atmosphere of St Marys. As well as having a bet they meet and picnic with family and friends on this one day of the year, all making the same statement: "Where else would you want to be on New Year's Day?"

It was 1886 in a paddock halfway between Cornwall and Mt. Nicholas on the property "Woodlawn" when the first recorded horse race was held in the district. For seventeen years football and cricket were played on the southern side of the railway line, whilst the races were held on the northern side.

1903, however, saw a new track built at St Marys. It was reported to be a rough track and ran north along Gray Road to the corner of Harefield Road, then south along Harefield Road to finally join up with Gray Road again near the current Sports Centre. It was quite a job for blokes like Harold Thomas and Tom Spencer to go along and cut the ferns off the track in preparation for race day.

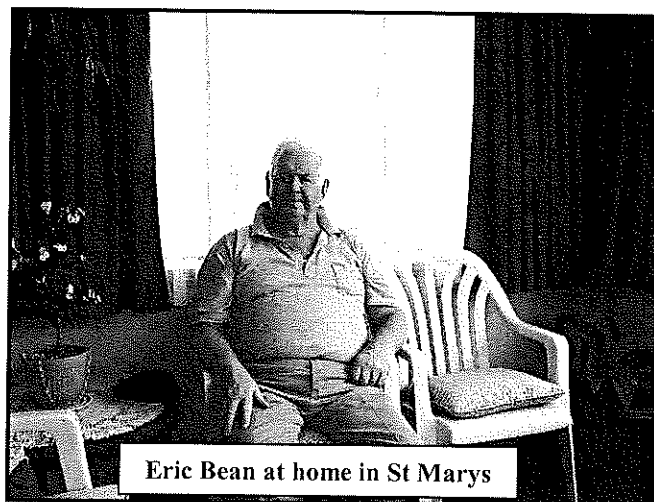

The 1950s saw a new flatter, smoother, one mile track built, along with a grandstand and other infrastructure, all of which has been continually improved over the years and today makes for the perfect venue for the annual meet.

Whilst today's racing is strictly a pacing event, it hasn't always been that way. Indeed, the early racing at "Woodlawn" was hack and the name was "St Marys Amateur Turf Club". But soon after the move to St Marys in 1903, trotting and steeple racing became part of the event and the name was changed to "St Marys Hack and Trotting Club". In 1960 the last gallop was held and the name changed again in 1962 to: "St Marys Trotting club". 1989 saw another change to "St Marys Pacing Club", which it has remained ever since.

The first half of the twentieth century saw horse racing in the Fingal Valley and East Coast enjoy a fair degree of popularity, with St Marys holding its traditional New Year's Day meeting, with another regular meeting in March. As well, regular meets were held at Avoca, Fingal and St Helens. But by the end of the 1950's support had dropped off and all race clubs except St Marys had folded. They too, after an unsuccessful year in 1965, had to abandon their March event.

Keeping the tradition of the New Year's Day races alive at St Marys has not always been easy for the Pacing Club. Lack of good fields, inclement weather and pressure from above are but a few problems the club has had to face and deal with over the years. But with a hard working committee and strong leadership they have come through and provided well over a century of entertainment to many thousands of horse lovers in that time.

We can only hope that the tradition lives on and wish Eric a speedy recovery so he can continue to play a significant role in the sport he loves.

Letters to the Editor

Vol. 42 No 22, 2010

It is with great interest I read of the Tiger's roaring again on the football field. It is unfortunate that an association wasn't viable which didn't involve extensive travel but I am very interested in the fact that an AFL Masters team will be formed.

About 13 years ago I decided I would check out the master's football here in Darwin, at that stage not affiliated with the AFL.

To say that I have enjoyed it is a large understatement. I am now a life member of the AFL NT Masters and still hold a committee members position, enjoy the training although I don't play many games.

When I joined the Masters I was 45 years of age and had not played regular football since 1978 with SMFC Tigers (a forgettable year of 3 wins only) and apart from a couple of games in London in the early 80's that is a break of nearly 20 years!

I have attended many annual national carnivals in nearly all states and have played against several former VFL and AFL players including Rene Kink, John 'the rat' Platten and Michael Long and Bruno Zelesco formerly from City South/South Launceston. Peter Hudson also had a long and distinguished career as a Master.

When the national carnival was held here in Darwin in 2008 I was a major organiser and we entertained over 900 players in over 40 teams which was then the largest AFL carnival ever. The estimated expenditure by the players and partners and families was between \$2.5 and \$3.8 million dollars into the Darwin economy.

In 2010 in Cairns they attracted 46 teams and almost 1000 players and I had the satisfaction of attending the opening of the carnival by my sister Val, the present Mayor of Cairns.

We play annually in Bali against teams from all over the world in the Bali 9's. This is a nine a side competition played on a converted soccer field, hence only having space for 9 players with two 12 minute halves with 18 games over the 9 hours. It is great fun on and off the field. Former St Mary's teacher Jim McKenzie now living back in the area, still plays and I don't think he will mind me saying he is on the other side of 65! I hope you can get him out playing.

I have immensely enjoyed the camaraderie of the older guys where "footy is for fun", the abridged rules helping lessen the injuries. The motto is "the older we get the better we were" or "the older we get the faster we were" or in the case of the Darwin players, "Drinkers with a football problem"!

Good luck to Harry, Michael, Ricky and Speed, hoping you get everybody behind you.

"We do not stop playing because we grow old, we grow old because we stop playing."

John Schier,
Darwin.

A grandfather was delivering his grandchildren to their home one day when a fire truck zoomed past. Sitting in the front seat of the fire truck was a Dalmatian dog. The children started discussing the dog's duties. "They use him to keep crowds back," said one child. "No," said another. "He's just for good luck." A third child brought the argument to a close. "They use the dogs," she said firmly, "to find the fire hydrants."

Letter to the Editor

As a volunteer ambulance officer we are here to help you, sometimes, unfortunately, in a life threatening situation.

Please help us by helping yourselves by making your house numbers clearly visible even at night to all emergency services, it would make a HUGE DIFFERENCE. Thank you.

Jim Turner.

Letter from the Editor

Whilst there is some space available on this page, I would like to take the opportunity to say thank you to all the members of the public, who frequently send in stories and photos. Along with our regular contributors, these stories and photos are what keeps this publication going.

It makes my job as editor so much more easy, when emails arrive with letters, stories and photos about local events, sports achievements, good deeds done by the multitude of volunteers every day, current affairs, etc.

It's important to keep the public informed about local issues, and this is just one way of achieving this.

We are almost into our 43rd year of continuous publishing and there have been many volunteers pass through, without whom we could not continue.

So thanks to all who help me by making my job a lot easier. Keep the stories coming. I appreciate you, one and all.

Judy, Editor.

George Keri Wins the 2010 GET Photo Competition

A Cocktail Evening was held on the 6th May at St Marys' Purple Possum Café and Gallery to announce the winners of *Greater Esk Tourism's Photographic Competition "People and Places of the Valley"*.

Scamander photographer *George Keri* has taken out the prestigious 2010 prize from 12 finalists with his winning photo of St Marys' identity *Ian Summers* sitting on the wheel of his "Oldsmobile" restoration project at Cranks and Tinkerers.

George was presented with a \$250 cheque donated by *Carol Grey of Billy Bag Gift Shop Avoca* plus a \$100 mounted canvas print of his photo, donated by *Stallard's Camera House of Launceston*.

George's photo was one of 59 entries and was judged best photo by *Tasmania's Master Photographer Owen Hughes* who was unable to attend the evening but acknowledged the high standard of entries and his difficult task in choosing the winner. Owen made special mention of *Bruce Bain's* entry, the 'Wedge Tail Eagle in flight at Ben Lomond'. He said "It was an exceptional photo despite the fact that it did not portray a valley person or place – it is a great shot"

Modestly accepting his prize, George responded by saying he was "constantly inspired by the ever changing beauty and places of the Fingal Valley" and then spontaneously offered his winning canvas print to *Ian Summers*, who was overwhelmed and honoured to accept his offer.

The *People's Choice Award* was won by *Louisa Rhodes* of Fingal for her photo of the spectacular snow covered Ben Lomond National Park taken from her property in Fingal. In presenting a \$100 cheque to *Louisa* on behalf of the *Break O'Day Council*, Mayor *Robert Legge* acknowledged the high standard of the photographs and the ongoing work and initiatives undertaken by GET.

Greater Esk Tourism's President *Peter Troode* said "The *People's Choice Award* attracted tremendous interest, with the winner determined by the number of 'hits' recorded against each of the 59 images on the www.valleysofadventure.com.au website."

The 12 finalists and winners work will continue to be on display at the Purple Possum Café and Gallery for the remainder of May 2010 and residents are welcome to drop in and view the gallery of images.

Greater Esk Tourism Inc would like to thank everyone who participated this year and encourages everyone to dust off their cameras and start capturing the wonderful beauty and attractions of the valley in readiness for next year's competition.

Winning photographer *George Keri* of Scamander, with his first prize photo of local identity *Ian Summers*.

People's Choice Award winner Louisa Rhodes of Fingal, being presented her winner's cheque by *Break O'Day Mayor, Mr Robert Legge*.

The Say Cagerattler

I know I've touched on this subject before but..... I'm going to again. RUBBISH ARRANGEMENTS.

Why can't we get our trash picked up weekly instead of this inadequate fortnightly thing as is the case now. It's pretty ordinary isn't it. Other than school holidays we have to put up with this for the vast bulk of the year.

It wouldn't be so bad if we had daily access to the tip. This isn't the case either.

Perhaps if you are a single person with limited opportunities to do other things in this regard you can cope with a 14 day rubbish pick up. I'd strongly think though for the majority of our households this may well not be the case.

The additional issue here is that if you work normal hours Tuesday and Thursday tip access is basically a waste of time because by the time you get home it's shut. This then only leaves you Sunday to do your stuff so to speak. Too bad if you want to use your Sundays for something else without having to rush home to get to the tip before it closes.

There is a solution. It's simple. Do a weekly rubbish pick up all year round. This would mean that apart from an occasional need to get rid of green waste, like trees or white goods or car bodies or something, extra trips to the tip would be kept to a minimum, I'd suggest.

I'd also suggest that this in turn would help reduce people taking it upon themselves to dump rubbish around some of our bushland areas. Believe me they do that because I've seen piles of rubbish in several locations left dumped. I expect this is probably linked in some way to either tip access or overflowing bins in many cases. It doesn't excuse them but makes it understandable to a point. Then you have the issues of feral cats accessing some of this rubbish, injury to native animals, and glass objects creating greater opportunities for radiant heat to start fires in warmer weather. Maybe a bit dramatic but certainly a possibility.

TO THE COUNCIL.. COULD YOU AT LEAST EXPLORE THE POSSIBILITIES OF WEEKLY NOT FORTNIGHTLY RUBBISH REMOVAL OR TELL US WHY IT'S NOT POSSIBLE..... PLEASE.

Is there other solutions? I'd like to hear them if there is.

Did anyone see and hear the street wash truck a few weeks back buzzing around town early one morning. On occasions this has been done in the evenings. What's the point of it? That morning recently it was in fact quite breezy as it happened. I was at work and saw the dirt and leaves going all over the place and surely soon finishing up again in the gutters and kerbs etc. I can understand cities doing this task, especially in high maintenance Central Business Districts and major shop fronts, but in country towns like ours why bother. I bet the operators with doubtless best intentions don't do it out of the goodness of their hearts so perhaps unless there is a very special reason to wash the streets, any costs incurred could be re-directed to some other duty.

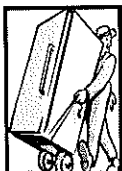

What do you think ?

Walking and talking their way through the understorey

On Sunday 16th May 2010, the Understorey Network invited members of the public to join them on a Walk and Talk at the South Sister, St Marys, with Ashley Mason a local horticulturalist and member of the Save our Sister group leading the activity! Funding for the Walk & Talk had been obtained through the NRM North Caring For Country small grant program under the auspices of the Understorey Network.

On a very cold and very misty Sunday morning about 26 people gathered outside the St Marys Town Hall at 9am to jump aboard the Yo-Yo bus, driven by Larry, for the trip up to the Sister. On climbing the road towards the South Sister the mist cleared and the Yo-Yo bus and a couple of tag along cars popped out of the mist into a glorious sunny morning where the South Sister stood beckoning to the group.

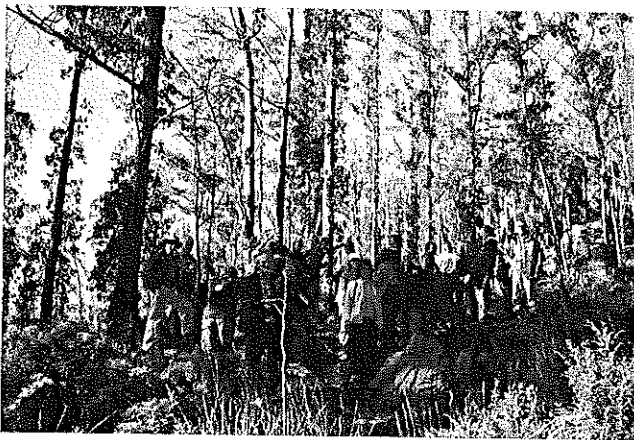

The walk started with a brief introduction to the area by Ashley Mason who described the area as one which contained a unique biodiversity which included healthy pockets of both Wet and Dry Sclerophyll Forest and also Temperate Rainforest including sub-alpine plants around the 832m summit. The area was described as rich in natural history with flora and fauna dating back to ancient times including the threatened Velvet Worm.

Ashley took us along a gradually climbing bush track and we stopped at various intervals to discuss the changing landscapes around us and the way in which the bush is regenerating following the 2007 bushfires. Plants of interest were pointed out and many questions were asked by group members. Morning tea was catered by the Happy Belly Deli and provided a welcome break in the sunshine for all the group to discuss how they were so far enjoying the walk and what to expect as we approached the summit.

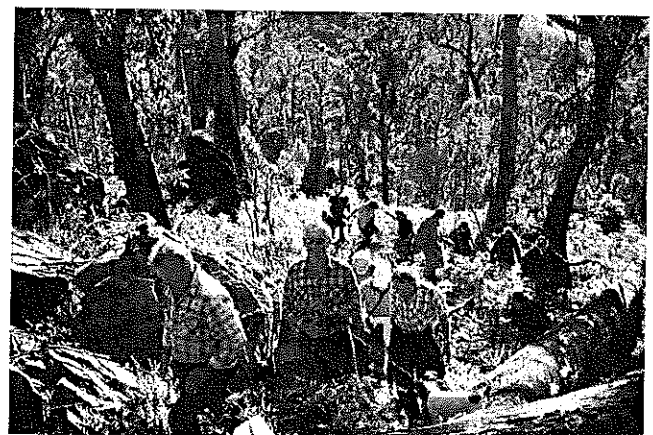

A search was made for Velvet Worm in what looked to be a likely spot but sadly on this day we did not find even one! As we returned along the track to the road, some members chose to walk back down to the Yo-Yo bus whilst others decided to climb to the summit and those who had never climbed the South Sister before were astounded by the natural beauty of the summit area and the wonderful views from the lookout tower, they say you can see the islands on a good day, and this REALLY was a good day, crystal clear blue skies and fantastic visibility.

The morning had been planned to finish at mid day however it was 1.30pm before we were climbing back onto the Yo-Yo bus for the drive to St Marys, everyone seemed very, very pleased with the morning even if a tad tired after a slightly strenuous walk in parts.

The Understorey Network is always looking for new members to undertake it's core activity of growing plants to assist local land owner/selves with regeneration work, alongside of information sessions and activities such as this Walk & Talk. More information can be obtained from Janet Drummond on 6372 2851 or Alison Hugo on 0488 677 727.

Photos from the Understorey Walk and Talk kindly provided by Janet Drummond.

COMBINED SCENARIO. SES, FIRE & AMBULANCE

Ian Bradbury

7pm one night last week, saw the three services attend a 2 car vs school bus collision.

On arriving, the 3 teams were confronted by a major task that, in reality, could actually happen here.

Power lines down, 3 motor vehicles that were on fire.

As all services went to their jobs it was found that there were 4 occupants in cars and another 8 in the bus.

After being triaged, we had 9 category 2 patients with injuries ranging from neck and spinal injuries, broken shoulders and legs, chest pain and unconscious patients.

We had three walking wounded who received minor injuries.

This amount of patients would have seen back-up coming from ambulances from St Helens, Campbell Town, Launceston, Bicheno and Avoca.

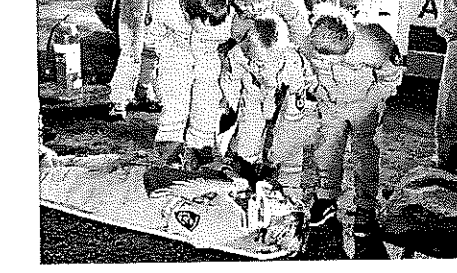

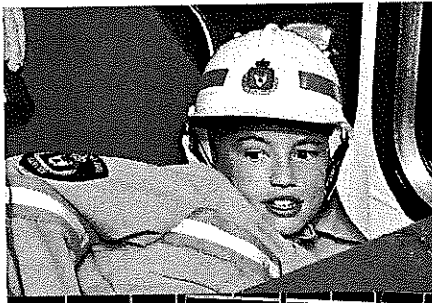

Within an hour and a half with a great deal of co-operation between the three services, every patient was extracted from the vehicles.

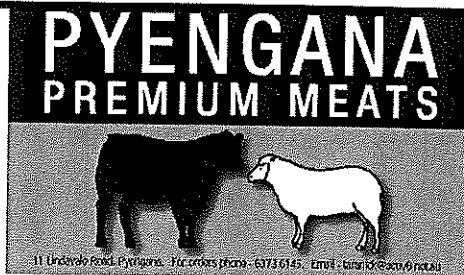

Everyone did their jobs brilliantly!

A big thanks goes to Jim Watson for putting together a difficult and very potential scenario, which we hope never happens.

A huge thanks to the 12 junior fire brigade volunteers who acted as patients.

Photos: courtesy Peter Troode.

Quality meat from the lush Pyengana valley.
Packed and labeled ready to freeze or cook.

BEEF

*A ¼ pack beef contains all cuts of beef,
including eye fillet, tbone, scotch,

GET YOUR MUSCLES IN TIP TOP SHAPE

Peter Horsfield, 'the muscle man' can help you experience relief from aches and pains through the use of the Lester Cox muscle manipulation technique.

Muscle manipulation, or the corrective manipulation of muscle, tendons and ligaments, is a little known Australian technique that has been practiced for many years. It is based on the principle that muscles can be jolted out of alignment by a fall, heavy lifting, pulling a muscle, or repetitive strain. Nerves are then pinched and then there can be a domino effect causing pain throughout the whole injured area.

For example, in the upper half of the body, the long head of the biceps tendon can be pulled forward, taking the rotator cuff muscles with it, and eventually the trapezius and the rhomboids between the shoulder blades will succumb too. Patients can then lose the strength in that arm, cannot lift it sideways, neck rotation becomes restricted and painful and the patient may start getting headaches. Stiffness and soreness between the shoulder blades is also a possibility.

Left unchecked, the muscles can then misalign down arms to the wrist, where RSI and carpal tunnel eventually set in. Muscle manipulation literally reverses this process by the practitioner realigning the muscles in the reverse order of injury, thus putting things back the way they were. Patients get their full range of movement back and the pain subsides.

Mr Horsfield, based in Scamander, said the technique while not always a replacement for surgery, muscle manipulation is a non-invasive way to relieve body aches and pains and is in favour with many Australian Rules clubs and their players.

Sore Neck - Back Aching - Feeling Miserable

Come and see the muscle man at the Healthy House in St Helens on Mondays.
He will realign your muscles, release pinched nerves, restore your strength and the pain will go.

RED SHIELD APPEAL

Once again, the Salvation Army will be holding the annual
RED SHIELD APPEAL
at the end of this month of MAY.

As for other years, we will conduct a "shop-sit" at the St Marys IGA Supermarket on Friday and Saturday of the weekend of 29th and 30th of May.

We would also love to be able to doorknock around St Marys/Cornwall/Irishtown and Fingal but....
... we lack volunteers to help us!

If you would be available to contribute to the Salvation Army's annual appeal for help,

so that we can help others,

then would you please contact Melanie on 0409 838 816 or 6372 2099 asap.

Salvation Army Church for SALE

You may have noticed that a "For Sale" notice has been attached to the fence at the church.

We want everyone to know that this does not mean the end of **JAM**, **JOY** or **WOW** or indeed any of the many other ministries, which emanate from this Salvation Army church.

The owners of the building have decided to sell, but they are legally obligated to honour the two and half years remaining on the lease.

So we want you to please be assured that all is well at the St Marys Salvation Army and we remain committed to your children at **JAM**, the congregation at **JOY**, the Women at **WOW** and in fact the whole of St Marys.

We just pray that more people will avail themselves of the opportunity to find friendship and fellowship within the walls of this 100year old (plus) building!

Please note:

JOY - held every Sunday at the new WINTER time of 12.30pm for a shared lunch and gathering
and

WOW - Women Of Worth and Women On Wednesday - originally held on the first Wednesday of each month, but as of this month the women have asked for WOW to be held fortnightly!

**SO WHY NOT COME ALONG? YOU MAY BE SURPRISED –
NEXT WOW WILL BE ON JUNE 2ND. 1pm – 2.30pm**

For further questions and/or concerns, please phone Melanie on 6372 2099 or 0409 838 816

OUT OF THE WOODWORK
Wendy Brennan
 Secretary

The Guild's extension is near completion and this will provide much more needed space for our members.

We had a visit from the new general manager of the Break O'Day Council, Mr Des Jennings who came and not only enjoyed a cuppa; he was impressed by what our club is committed to achieving and our progress so far.

It was also encouraging to hear the Prime Minister the Hon. Kevin Rudd talking on the benefits which have been achieved both socially and economically for isolated rural communities by the establishing of mens' sheds.

The Guild is planning an orientation day for our new members; this should happen within the next couple of weeks.

Keep an eye on this article as we are planning some interesting activities for the near future.

A gentle reminder that membership subscriptions are due, \$16.00 for the year. New members who joined in April are exempt.

The Guild meets on the last Saturday of the month at the Old Railway Goods Shed at 2.00 pm. The Guild is open Monday, Wednesday, Friday and Saturday. Any other times by appointment.

Right is picture of the Guild's extension.

HANDMADE in ST MARYS"

Grassy Bottom Regional Arts invites you to the

Winter Solstice Celebration

Saturday 19th June 2010

4.30pm - 10.30pm

Featuring a **Bush Dance** with the
Tasmanian Heritage Fiddle Ensemble from
Hobart

4.30pm - children meet us at the hall to choose a lantern and get ready for the lantern parade. Or you can bring your own.

5.30pm - Fire Sculptures by John McColl lit on Faulkner's Green

6pm - the lantern parade begins at the fire sculptures, ending at the front of the hall.

6pm onwards - dinner in the hall - there will be soups and bread rolls, curries with rice and accompaniments, and hot jacket potatoes. Mulled wine, beer, wine, and non-alcoholic drinks will be available. Listen to music by students of St Marys High School while you eat.

7.30pm - dance will start - come and kick up your heels dancing to the amazing sounds of the Tasmanian Heritage Fiddle Ensemble, a group of 12-15 players of all ages, complete with caller to teach you the steps. Or if you'd rather, just sit back and enjoy this unique opportunity to listen to some great music!

Supper will be available during the evening - lamingtons and scones, tea/coffee and hot chocolate.

There will be a display of photos going back to the days of the early dances held in the hall, activities for the children during supper and spot prizes throughout the night.

Dance - \$12 family (\$10 members)

\$7 adult (\$5 members), children under 5 free

Grassy Bottom Regional Arts Needs You!!

Are you **passionate** about the arts? Are you **interested** in helping to bring events to St Marys and the surrounding district, showcasing local & interstate talent in drama, music & art? GBRA is seeking motivated **community members** to help present workshops, concerts, theatre & other varied events to the Break O'Day municipality. Upcoming gigs include:

a bush dance featuring the Tasmanian Heritage Fiddle Ensemble from Hobart for the Winter Solstice on Saturday 19th June
the Harambee A Cappella choir from Melbourne who will perform on Monday 5th July and run a singing workshop the following day
and a range of art exhibitions to be displayed at various venues around St Marys throughout the year.

GBRA **urgently** requires some positions on the committee filled – eg secretary, funding/grants co-ordinator, school liaison, media co-ordinator, etc.

Also, general helping hands are always welcome & very important! If you have a particular skill or interest for any of these roles, or would like to know more about them, we need **you** to continue the good work of GBRA for our community. Without a committee of local, enthusiastic people **GBRA will cease to exist!**

So join us for **wine and cheese** at the supper room at the rear of St Marys Town Hall **this Friday 7th May** from 6.30-7.30pm with a view to contributing to this vibrant arts group.

In particular we will be planning for the Winter Solstice and require someone with their RSA certificate and helpers for setting up, serving food and packing up.

Can't make it? Call Leissa on 6372 2686 or email at pl_elemental@hotmail.com to discuss how you may be able to help.

Finn pictured with the Tasmanian Commissioner Mr Paul Mason

'I am on the Commissioner for Children's Consultative Council and won a competition to be the Commissioner for a day.

On Wednesday 12th of May I travelled down to Hobart to be the Commissioner for Children for the day. I took part in a day long meeting. I met commissioners from each state and territory along with special guests.

One of the guests was the deputy secretary to the human services portfolio - Lyn Jacobs. The commissioners role is to advise government on all things about children. After a long and tiring day we headed back up the coast.

The meeting may not have sounded fun but I enjoyed it'.

Finn Buchhorn

Cross Country

CROSS COUNTRY CARNIVAL 4TH MAY 2010

Our annual Cross Country Carnival was held in brilliant running weather. Once again, we welcomed students from Fingai and St. Helens to join in the day. It was the first BIG carnival for the Kindergarten students for the year and we congratulate them on a truly awesome effort. Miss Coleman was out and about on the field, Mr. Lynch was working hard as a judge at the finishing line and Miss Bramich was the marshal/starter.

The Primary component of the carnival commenced in the morning and from the results of the Grade 3 - 6 events, the East North East Cross Country Team was selected. The Secondary component kicked off at about 11.30am and the grade 7 - 10 Interhigh Team was selected from these events.

We would like to offer a huge thank you to the HUGE number of spectators - family and friends - who attended the day. There were so many spectators at the finish line that next year we may even have to rope off a section so that the finish line is clear of excited spectators!!

We congratulate all our students who made a real effort on the day. The Cross Country forms part of the Health & Physical Education Personal Fitness Unit and so all students are expected to participate. Well done to all students whether you ran the whole way, jogged or power walked. Thank you to all staff check points who guided runners around the course.

St Marys Sports Centre Inc. news Kackhander

Congratulations to Jim Haas for winning the Harold and Tom Newman Memorial Trophy for 2010 last weekend. Jim shot an excellent nett 59. Gross was won by Jack Viney. with 76.

There were some other excellent scores in the mix as well. Thanks to all that played.

The Bowls AGM was held on May 14th and the Annual Dinner is this upcoming Saturday May 22nd. Thanks to all those involved with the organisation of the night. It's a joint Golf and Bowls event.

The Annual General Meeting of the Sports Centre is set down for June 11th. Nominations for committee forms will be available soon. Perhaps it's time to see a few more new faces standing this year.

Until next time, good hitting and rolling.

Soccer News

The soccer season is now under way in St Marys. The Soccer Club is running junior training after school Wednesdays on the main football oval. All ages, boys and girls are welcome to come along and play.

There are no registration fees this year. All players must wear shin pads and the soccer club has some junior shin pads available for \$8.00 and \$12.00 if you need to purchase some.

Soccer is a great fun game to play and it is not for nothing that soccer is the world's most popular sport!

NB: We will not be hosting St Helens Soccer club on the 22nd May as previously stated.

Please phone Jack Foreman with any queries - 6372 2034.

Scamander Surf Life Saving Club

will be holding their
AGM

on Friday, May 28th.

7.30pm, in the

Probus Room at the

Scamander Beach Resort.

All members and new members are welcome to attend.
