Volume 43 No. 21. Thursday, April 21, 2011.

50 cents

LOCAL BOYS IN TARGA.

Too many good people passed away in 2010, a few of them not much older than me, so it gets you thinking about what you want to do before the inevitable. On the Sunday before Easter 2010, I visited a friend for the last time, and the last words he spoke were; "if ya got something you want to do mate, do it and don't bummer around!"

I called in to work on the way home one Sunday in July 2010 to check emails including some Targa info, which stated that if I applied and paid a deposit to enter the Tour section of Targa Tasmania 2010 before July 31st, (that night!), I could save \$1000! So with 2 hours to decide before the deal expired I sent my credit card no., and thought I'll work out how to fit it into my life later!

The Tour class of Targa was introduced in 2003 with the intentions of attracting a broader range of classic and historical cars back to experience all that Targa has to offer but without the modifications required on the competition cars such as roll cages and racing harnesses etc. The tradeoff being having to drive at a slower pace, (but still a little faster than normal), and no recording of Targa stage times. Also a fair bit cheaper too!

For the event I chose my '74 Falcon GT which has been in the family since 1975, and has been back on the road since 2002 after a 10 year restoration by me.

I was much relieved when my brother Randal accepted the invitation to co-drive as the task of choosing from a dozen or so great rellies and mates was daunting!

So after more than a few weekends preparing the car, we arrived at the Velodrome on Monday April 4th for documentation and scrutineering, and immediately formed friendships with a dozen fellow Tour entrants.

Lining up for the George Town prologue on Tuesday, I realized that we were the first car off the line for the entire Targa fleet and the first stage of Targa Tasmania 20th anniversary and the honour of being entrant No. 20!

Wednesday had us touring around both sides of the Tamar valley, finding that we struggled too keep up with the tour leader but comfortably in front of the Porsche behind us.

Thursday was a different story with us getting closer to the Tour leader's Subaru as we traveled the familiar roads of the northeast and finally filling the WRX's rear view mirror at Elephant Pass hairpin!

Friday consisted of northern midlands sections ending with a 6 hour repair on a non closing sunroof! Can't go to the west coast next day with a hole in the roof! After a half hour brake line repair on Saturday morning with great help by Nick at the Chudleigh servo, we worked our way through the great Targa stages of the north west hinterland, down the west coast and to a great welcome at Strahan. After having perfect autumn weather for the first 5 days, the rain started at Helyer and didn't stop till arriving back at St.Marys on Tuesday night!

Arriving to a huge welcome at Wrest Point on Sunday we were both sad to end 6 fantastic days of driving some of the best roads in the world but relieved that we had brought our much loved childhood family car home unscathed.

In Tasmania we are lucky to have this event as there is much more to it than a bunch of rich boys darting around the countryside in their toys. It was a privilege to have the opportunity to drive great roads a little faster without oncoming traffic, surrounded by great cars and people. Can't be many places in the world where you can do this!

Will I do it again? Bloody hell yeah! I encourage anyone with an interest in motorsport give it a go as Targa is a great way to get into the sport, and cheaper than you think too!

To end I thank the many kind offers of encouragement and sponsorship and the interest by locals both before and after Targa was flattering to say the least!

Cheers, Blackie.

“Poppy’s Book”

In the research room of the St Patricks Head & Esk Valley Historical Society Inc., which is currently in the St Marys Online Access Centre, we have a variety of books and documentation relating to the history of Tasmania, with a number dealing specifically with the Fingal Valley. One such book simply called “Poppy’s Book”, is the record of a life time of memories written in around 1985 by the late Alf Faulkner.

He was born in 1906; the third member of eight children, and although Alf spent most of his adult life living in St Marys, his birth place was his parent’s humble dwelling in the small coal mining town of Mt Nicholas. Like most small country towns in those days Mt Nicholas had no medical facilities and the only assistance Alf’s mother had at the births was the help of a woman neighbour. A doctor, who was hours or sometimes even days away, was only called in an extreme emergency.

Alf’s story tells of growing up in Mt Nicholas at a time when there was very little money and children had to make their own fun. He remembers the strong bond he had with his brother Ron and the pranks they played. For pocket money they would collect empty beer bottles, mainly from around the signalmen’s camp, take them home and clean them, then sell them for sixpence a dozen to the grocery cart man when he came each week.

The little extra pocket money came in very handy, especially the time when Alf’s father was too sick to go to work because of bleeding ulcers. At one time he was off work for several weeks while he went to Launceston to have an operation. There was no sick pay or social security payments in those days, so one can only imagine how hard it would have been for Alf’s mother to cope rearing eight children with no money coming in.

Alf left school at fourteen and went to the mine manager and asked for a job. The manager looked at him and said: “Boy, you’re not as high as three penneth of coppers”. Alf was only a small boy and the manager meant he was no higher than three pennies. But he gave Alf a job, which was the beginning of a 43 year career in the coal mines.

With part of his first pay, Alf brought some tobacco and borrowed a pipe from his father. He went off to work feeling like a fully grown man, puffing a cloud of smoke that he reckoned dwarfed the chimney stack of the mine boiler.

Alf talks about the tough times as a young man, especially when he would think of the deaths of his two sisters, both of whom died when they were only children. Many a day, as the image of their faces came into his mind, the coal he was shovelling would be wet from the tears he shed.

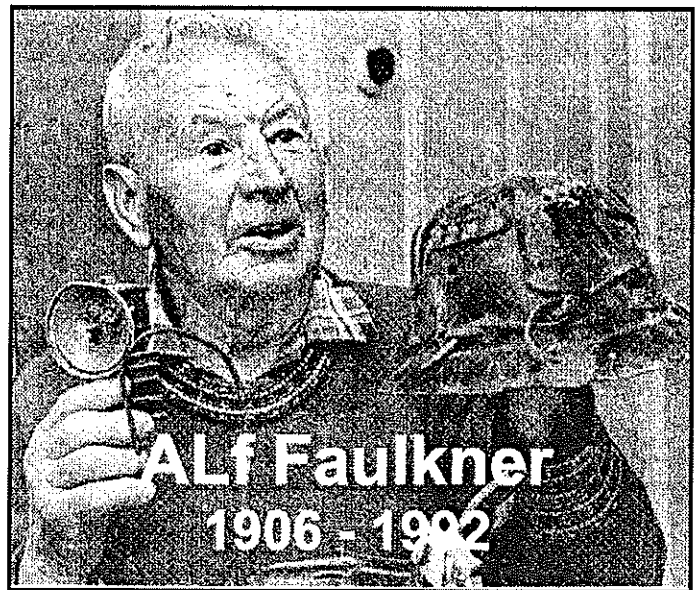

Around 1930 the mine at Mt Nicolas where Alf was working temporarily closed, so he went over to Cornwall and was given a job as a contract miner. His partner was Albert Jones, who like Alf, was only a little over five feet tall. Both men hit it off immediately and although most miners changed partners periodically, Alf and Albert stayed together for 25 years.

For all that time they sweated, toiled and risked their lives together day after day without one cross word. Even though they were two of the smallest men down the pit, their partnership worked so well that for many years they held the record for the most coal produced in a fortnight by a pair of miners. They shared each other’s problems and because Albert was a poor reader he would bring all his letters to work for Alf to read to him. It was a mateship that lasted a life time, in fact, only hours before Albert passed away, Alf visited and prayed with him at his hospital bed.

This article only covers a very small part of Alf’s memories. To read his book in full truly brings a lump to one’s throat. It is a story of a man who had a categorical faith and love for his church that guided him through a time that was hard, sometimes cruel and sad, but where pure happiness could be found in the simplest things.

There are thousands of stories like this that will never be told, but thanks to Alf putting pen to paper we have a firsthand insight into a time that only a few of us remember and fewer could even imagine.

Letters to the Editor

Vol. 43 No 21, 2011

Dear Editor

How disgusted I was when I went to see Dr Latt today. I found a very sick man with bad flu, still seeing patients, with three medical students. He needed to go home but couldn't.

If this was not bad enough, because St Helens hospital was flooded, they were going to transfer patients to St Marys "Hospital".

At St Helens, the doctors, five or six of them, won't help Dr Latt with some time off, but it's okay for St Helens to send patients to a very sick doctor here, with enough of his own patients.

Something has to be done to help our doctor have some time off. He is not just an excellent doctor, he is a very kind and caring man.

After years of locum after locum, can't something be done to give this poor man some time off?

He is on call 24 hours a day, 365 days a year. It is disgraceful! Surely there is someone who can help do something about this deplorable position.

K. Almond.

Dear Editor,

I am at a loss to understand why Mrs Perryman needs to be so ungracious while addressing fellow members of her community in her letters to the valley voice.

Personally I am delighted that Mrs Perryman wishes to express her views but surely she can discuss council minutes without mocking a previous correspondent (v v 7-4-11).

Surely Mrs Perryman can herald her support for the Optus tower without making a late community member the butt of one of her bad taste jokes (v v 24-3-11).

Mrs Perryman decries "nasty gossip and total character assassination" (v v 7-4-11). Perhaps she needs to reread some of her letters to the editor.

J.B. Foreman

To the Editor

It was the perfect day for a game of footy and while the St Marys boys were pretty convincingly beaten it was a great day, a very entertaining match and an excellent way to start the season. We were a little disappointed with the level of local support, particularly considering the wonderful weather but we will keep plugging away and hopefully attract a better crowd for our next match against Lauderdale at the big double header at St Marys on Sunday 29 May.

As with any event of this nature there are a lot of people to thank and acknowledge so here goes. Firstly a big vote of thanks to Michael Cooke for his tireless efforts in getting a team on the paddock. The following businesses very generously provided vouchers for our best player awards – Colin & Kim, Main St Clothing, Liz Dean Mt Elephant Fudge and Ice Cream, Mark Carrick St Marys Supermarket, Ross & Tracy Coach House Restaurant and Greg & Evelyn at St Marys Bakery.

Thanks to Heather Lodge, Wendy Dawson and Rachael Hodge for donating cakes for our canteen. Craig Freiboth did a great first up job as umpire. Thanks to Nathan and Hayden Dawson, Brodie Barnes, Aaron Webb and Bradley Mitchell for goal umpiring, water boys and scoreboard attendant. Canteen helpers Kath Cooke, Kerry Whit, Kerry Veldums and Len Miles. Bob Whit did a great job at the bar and also thanks to Rick Lohrey for getting the players organised and acting as bench coach.

Greg Cooper helped out at the gate, Sue Christiansen with massages and rub-downs and Ian Bradbury attended with the ambulance. Finally thanks to Jim and Glenys Turner and Roger Donald for their help at the Golf Club. I sincerely apologise if I have misspelt any names or left anyone out.

As I mentioned earlier we have a big double header on at St Marys on 29 May; we play Lauderdale and Launceston will be up against Kingborough so we hope to see you there.

Harry Veldums,
Club President.

To the Mayor & All Elected Councillors
Break O'Day Municipality
ST HELENS Tas 7216

Dear Sir,

Re:ST HELENS HISTORY ROOM/DISPLAYS

On behalf of the Combined Probus Club of Scamander Inc., I have been asked to write to your council expressing our concerns over serious changes within these excellent facilities.

Last Wednesday 16th March 2011, our Club visited this History Room following a full day tour on and around the Blue Tier Region. Mr Leon Kohl was an excellent guide for the day and he enthusiastically encouraged the Club to visit the Poimena/Anchor Mine and Wheel Display in the History Room. This impressively presented display certainly enlightens the visitors and locals alike, who can only then appreciate the early development and investments from this Tin Mining area, for our region today.

Concern was raised at the direction the History Room is being taken on, with the dominance of the "Trail of the Tin Dragon" overtaking the limited available floor space; worked so hard for by the dedicated group that support this excellent Local History Room.

One does not believe that the Local Displays and Artifacts should be placed away in a 12.5m container for storage; this is most unprofessional and certainly not befitting of the standards this local Museum has recently been able to obtain in preservation and display of our heritage.

Yours faithfully,

(Mrs) Val Ikin, Secretary for

The President, Committee and all Members,

The Combined Probus Club of Scamander Inc.

Dear Editor

There are three things in life I find nonsensical, contain no intellectual content, but are amusing. The wrestling, the Jerry Springer show and Ms Perrymans letter's to the editor.

Cllr Reon Johns.

Break O'Day Woodcraft Guild Open Day 2011

Well **Victor Tracey's** prediction was correct, it was a great day. I think one couple from the mainland summed up the day succinctly with their comment "what a great relaxed country fair". All our apprehension about winds and rain evaporated along with the puddles.

Many thanks to our working exhibitors whose talents had many onlookers transfixed. Our coopers **George Marki and Les Thompson** who demonstrated the traditional art of barrel making. **Guy Pascoe** who turned Jute string into an array of different sized ropes. **Jacinta Allen and Maddie Hunt** from **Warped Productions** whose magical fingers and loom produced beautiful and practical scarfs.

Thankyou to our artists **Maggie Fletcher and hubby Lionel** for her hand painted crafts and miniatures. **Sharon Kinloch** with her realistic displays of hand drawn family pets and **Rosa Byard** for her beautiful botanical drawings.

Ted Koops and Paul Byard kept the crowd in the mood with their exceptional musical repertoire. As one local commented "those two are on fire".

Marcus Hall for his informative display on the correct method of tool sharpening.

The St Marys Combined Churches were present with their wonderful assortment of hand made crafts. (Thanks **Sister Lorraine, Barbara and Lorraine**) for an eye catching display. **Kelly Bond** with her eclectic and interesting mix and to **Judy Woods** for her great blend of plants and treasures.

Hannah Rubenach's face painting for the children provided entertainment for the littlies, as well as the Salvation Army jumping castle manned by **Melanie Norton**. Social worker **Wendy French's** table provided an assortment of informative literature about her successful outreach programme "**Stand By**".

The **Reptile Rescue** provided live entertainment with their collection of safely contained beautiful snakes and lizards.

The **North East Woodcraft Guild** had a working exhibit from two women woodworkers who specialise in pyrographics and hand carving. (These have been included in the pics).

Victor Tracey for his knowledgeable outline of numerology and how numbers rule our destiny.

The Guild would like to express their gratitude to the **Tasmanian Historical Machinery club** who every year do a demonstration of yesteryear's engineering marvels, (some are over a hundred years old) and still keep chugging along.

Thank you to the **St Marys Volunteer Ambulance Service** and the **Volunteer Fire Brigade** who patrol the event for any mishaps. **Kim and David** from **Second Hand Rose**, **Rebecca** from **St Marys Hairdressing**, **Grant Faulkner, IGA, Coach House** and **Evelyn** from **St Marys Bakery** who have all displayed our posters. **Judy Spilsbury** and all the volunteers from our great community newspaper for faithfully placing our ads. **Sergeant Charmaine Ward** our local member of the constabulary who drew our raffle. **Gavin** from **St Helens Tent Hire**, **The Fingal Valley Neighbourhood House** and the **Fingal Focus Newsletter**. The **Break O'Day Council**, and council workers, **Star FM**, The community of **St Marys** for their unflinching support.

And last but not least our hard working Guild members who faithfully, every year, put many hours in behind the scenes to make our great day come to fruition.

A special thank you to **Col and Dawn Mackenzie, The Duck, Wendy Fowler, Lorraine Gill, Ted Koops, Guy Pascoe, Wendy Brennan, Marcus Hall, Jug, Grahame and Margaret Derbyshire** and although not a member but every year offers her help, **Mrs Heather Lodge**.

Last but not least our President and driving force **Reon Johns** whose dream it was to keep old woodworking techniques available for the next generation to learn and appreciate.

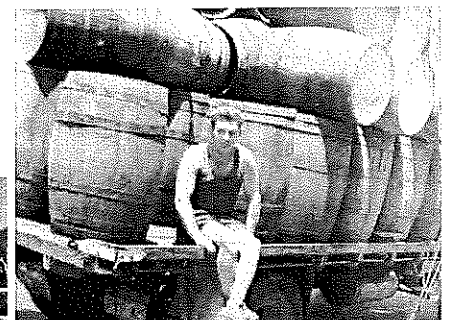

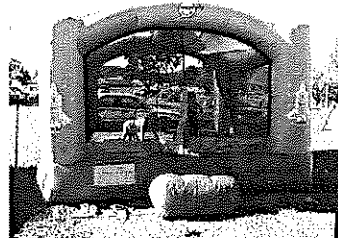

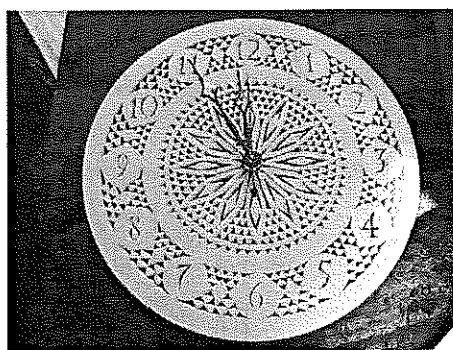

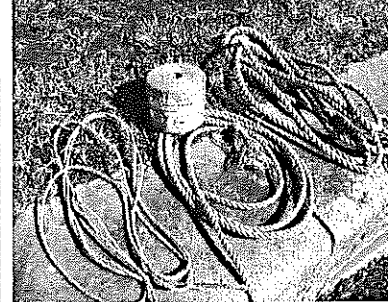

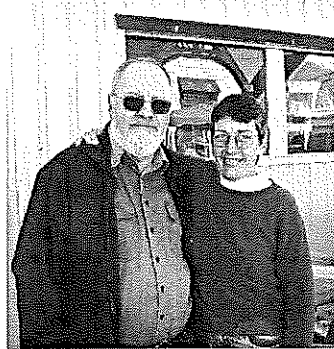

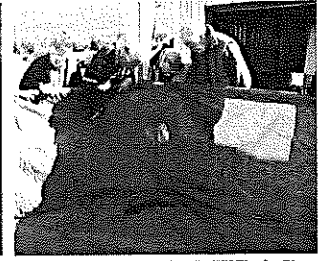

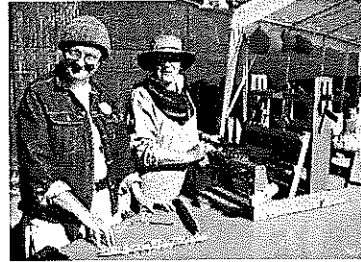

The Guild meets on the last Saturday of every month at 2pm in the old railway goods shed St Marys. New members always welcome. We are open Monday Wednesday and Friday. Other times by appointment.

Woodcraft Guild raffle winners

First choice went to **John MacDonald** of **Gray Road...** two wheel barrows
Second choice went to **Jennifer Harris** of **Gray Road...** two wooden barrels
Prize left went to **Jenny Nicholson** of **Groom Street...** wooden picnic table
Raffle was drawn by **Police Sergeant Charmaine Ward**.

Match Report

St Marys Tigers vs Launceston Sunday 17 April

On an absolutely glorious autumn day St Marys Tigers commenced their AFL Masters season against Launceston.

Unfortunately only a handful of the St Helens Under 16 team turned up for the curtain raiser much to the disappointment of a keen and enthusiastic St Marys District High School team but the boys divvied up and played an entertaining scratch match.

The main game kicked off at 12.30 and the well drilled Launceston boys bolted out of the blocks and kept the pressure up all day and ended up running out comfortable winners 14.12 96 to 1.6 12. It was an extremely entertaining game and the score board was not an entirely accurate reflection of the standard of play from both teams.

Unfortunately Launceston were much fitter and ruthless at finishing off where the St Marys boys fought hard but seemed to be unable to deliver that final flourish. To their credit the St Marys boys never gave up and battled hard all day but one of the major disadvantages of being a "district" team is that the majority of the team had not had an opportunity to play together previously. They will be better for the run, however, and should put up a much better performance in their next game against Lauderdale at the double header to be played at St Marys on 29 May.

Our solitary goal kicker was Brian Smith with best player awards going to Chris Smithhurst, Mick Symonds and Richard Gee. A great first up effort and improvement will come. Training on Fridays at 5.00pm at St Marys.

*The new look St Marys Tigers prior to their first game. The team is made up of players from St Marys, Scamander, St Helens, Fingal, Campbell Town and Launceston. A team of which the whole district can be proud.

Mt Nicholas Field Day

The St Patrick's Head & Esk Valley Historical Society Inc invite the general public to a field day at the old Mt Nicholas township on
Sunday the **15th May 2011**,
meeting at the Purple Possum in Storey Street,
St Marys at 10.00 am.

As well as looking into the history of what is now a ghost town, we plan to walk through the old town site and up into the hills to view the old coalmine relics, which were so much a part of the economy of the Fingal Valley from 1887 to 1958.

Around midday we plan to join the ghosts of the old mines in a BYO picnic lunch. It is also advised to bring along a satchel of salt, as we may also be joined by a leech or two.

For more information phone: Barry 6372 5752, Darlene 6372 2416, or Jim 6372 2127.

Elaine and the team at Purple Possum wish all our friends and customers a happy, safe and most enjoyable Easter break!

We'll be taking some days off ourselves while we can – it's been a busy year and Easter is always a quiet time for us.

But please note that Purple Possum will be open Easter Saturday from 9 am until 4pm – so all our regulars won't miss out on their coffee, tea, scones, soups, brunches or lunches! See you then, or when we re-open on Tuesday 26 April!

Purple Possum Wholefoods & Café

5 Story Street St Marys. Phone 6372 2655.

• Open Easter Saturday. • Closed Easter Friday, Sunday and Monday.

DELIBERATIONS

by Charles Trollope

There are some very interesting parallels to be found when one examines several of the world's ancient religions. Here is a small sample...

The Egyptian Empire of 25th Century BC had a religious deity called Horus who was worshipped from at least the late Pre - Dynastic through to the Greco - Roman times.

The name Horus was passed down to a number of Pharaohs of Ancient Egypt, and he was depicted as a God with the body of a man and the head of a falcon.

It is written that Horus was the only begotten Son of the God Osiris and the virgin Isis Meri and was born on 25th December with his birth being heralded by a star in the East and attended by three wise men. His birth was announced by angels and witnessed by shepherds. Baptised at the age of 30 by Anup the Baptist and given the title Krst, the anointed one.

It is recorded that he walked on water, cast out demons, healed the sick, restored the sight to the blind and stilled the sea with his power. He was known to be generally accompanied by twelve followers.

Horus was also given the credit for raising his dead father from the grave. He is reported to have given a sermon on the mount, was crucified with two thieves and buried in a tomb. The records show that he was resurrected after three days which was witnessed by women.

Mythology tells us that Attis of Phrygia in Western Asia (1200 BC) is reported to have been born on 25th December to the virgin Nana, daughter of Cebele, mother of the Gods, and Goddess of fertility.

Nana's father believing her to have been licentious, orders the child to be taken to the river and placed in a wicker basket to die, but is saved by a shepherd who takes him home. He was considered the Saviour of Mankind and was slain for that reason. His body as bread was eaten by worshippers who saw him as both the Divine Father and Son.

He was crucified on a tree, from which his blood ran down to redeem the earth. It is written that he was dead for three days, and was then resurrected on 25th March as the Most High God.

Dionysus of Greece as the story goes, was born on 25th December of a virgin. He became a teacher and was reported to perform miracles. Buried for three days and resurrected. Was worshiped between 1500 to 1100 BC.

His mother was a mortal woman called Semele and his father was Zeus, King of the Gods.

He is more commonly known as Bacchus, the God of wine.

Mithra of Persia 1500 B.C. According to Mithraism, was called the Son of God, the Light and the Truth, was born of a virgin on 25th December, had twelve disciples, was crucified, rose from the dead on the third day, atoned for the sins of mankind and returned to Heaven. There were seven sacraments, baptism and communion with bread and wine.

The Eucharist hosts were signed with a cross, an ancient Pagan symbol which originated in Egypt.

Throughout ancient history, you will find literally dozens of similar stories of copycat religions which are there for anyone who wants to go to the trouble of finding them.

So here we have a small sampling of four from our ancient past which all share common themes. We have:

All born of a virgin mother with their father being a God. You will note that they were all born on 25th December, and that this occurrence was marked in the case of Horus by a star of the East and three wise men. Two of the four had twelve disciples. The four mentioned here were all crucified, and were reported to have been dead for three days followed by miraculous resurrection.

There are far too many similarities for these historical religious elements to be classed as coincidence! So is there a connection, for there must be one, and it will be discussed in the next issue of this paper.

The Say Cagerattler

I know that these people are well and truly in the minority, but just the same I wish they would give things a chance before they get really critical of what might be the case. What ever happened with 'fair go'.

I refer of course to the new Pool Building located at the school. It's not even open yet but I have personally encountered members of the community labelling it as 'another white elephant' among other things.

Granted that despite the fact the original plan needed to be altered somewhat due to various reasons, this structure is by any standards a very substantial addition to this community and will provide a huge opportunity to allow for a healthier, fitter, more water safe locality because users will be able to continually upgrade and train their skills. What can be wrong with that?

The people heavily involved with future running of this facility are going to make it as accessible and affordable to all as is humanly possible for these very reasons, so that anyone who wants or needs to have access to a genuine 25 metre safe facility will be able to do so. Predominantly a card system is to be used whereby card holders will be able to access the pool as their funds will allow. Sounds pretty good to me.

It is envisaged that as time progresses various groups might like to be able to use the facility to suit their needs.

In retrospect we have a lot to thank our intrepid and very community minded people for from about two decades ago which has ultimately led to this. These wonderful people had the foresight to see how beneficial a decent pool has been for the area and through their incredible determination we will DEFINITELY NOT have a white elephant. Not by a longshot.

Whilst it might be a little while yet before the facility opens to the public, mainly due to vital infrastructure still to arrive and legal and regulatory requirements needing to be ticked off on, rest assured this facility is to become a terrific addition to our community.

St Marys Pass is to close for several weeks after Easter it is reported. Whilst we appreciate this is necessary of course, I trust there is also scheduled work prior to that on Elephant Pass and Forestry/Upper Scamander roads to help alleviate the considerable inconvenience the longish closure of StMarys Pass means to many people.

Don't forget to get behind ANZAC DAY on April 25th. I think we've had enough of this petty bickering that's been going on in recent years. Forget personalities and focus on the day and what it means. That is paramount and we need to remember that. Do your best to attend one of the planned local services in the Valley.

Thanks to everyone last weekend at the Health Centre and at our fantastic Pharmacy also. I was in a bit of bother there and everyone was overwhelmingly helpful. We are lucky indeed to have them.

What do you think ?

HAPPY 80TH BIRTHDAY

COUNCIL MEETING HELD ON MONDAY 11 APRIL 2011

The following information is provided as a brief of matters that were discussed and decisions that were made at the Council Meeting held on Monday 11 April 2011, at 10.00am at the St Helens Council Chamber.

The following Notices of Motions were submitted by Councillors for investigation or full reports to be provided to a Meeting of Council in the future:

- Speed Limit Reductions and Signage for Ansons Bay– CARRIED
- Alternate Route for St Marys Pass – CARRIED

Other items listed for information and decisions by Council were as follows:

Union Church Goulds Country – Request for funds for replacement of aluminium crosses

- Lease of Land at Pyengana – Tasmania Fire Service
- Community Funding Program 2010/2011
- National Volunteer Week Activity for Break O'Day Municipality
- Eat Safe East Coast
- Fees and Charges for Environmental Health 2011/2012
- Demolition of Beauty Bay Toilet Block
- Stieglitz Sewerage Lagoons – St Helens Point Road, St Helens
- Calders Gully Bridge, Mangana – Load Limit
- Footbridge Replacements – St Helens and Beaumaris

Information Reports were provided for the following areas:

- Financial Reports and Budget Variations
- Business and Corporate Services Department Report
- Visitor Information Centre
- Risk Management
- Works and Infrastructure Report
- Community Services Report
- Development Services Report
- General Manager's Report

A full set of Council's minutes are available on the Council Website at www.bodc.tas.gov.au alternatively, hard copies are available at the St Marys and St Helens Libraries and the St Helens History Room. Copies can also be requested free of charge by contacting Council's Executive Officer on 6376 7900.

ANZAC DAY

The St Marys Memorial Association will hold the traditional Dawn and 11:00 am ANZAC Day services at the St Marys Cenotaph on ANZAC Day.

A gunfire breakfast will follow the dawn service. A small charge of \$5 for all who attend the breakfast, as this will help cover the cost of the gunfire breakfast.

All ex-servicemen and women, residents, community groups and children are welcome to pay their respects and lay a wreath at the 11:00am service.

For further details please contact Reon or Wendy on 6372 2094 or mob 0429 722 091.

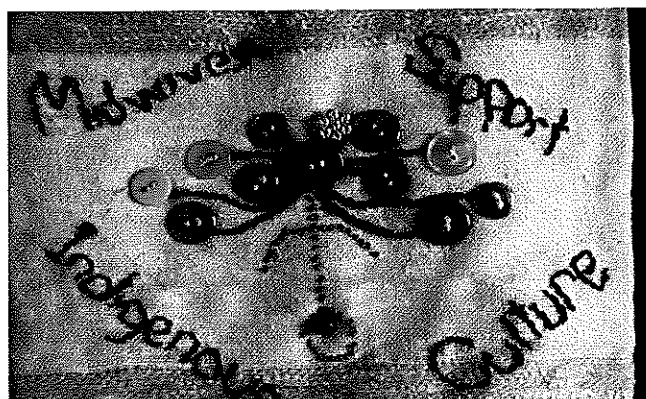

ANZAC Day Wreaths

As there are a growing number of groups and organisations within St Marys wanting to lay a wreath, to avoid disappointment please contact

Wendy Brennan on 6372 2094

in order that your group or organisation is included in the ANZAC DAY Wreath laying list.

I do not need the names of individuals or families as provision has been made after the official list has been read out for you to have the same opportunity.

Creating Birth - images in cloth

Twelve quilts which are touring around Australia arrived in St. Marys this month, featuring a total of 440 images in cloth made by Aboriginal and Torres Strait Islander women and girls. A range of techniques and skill levels is represented, including painting, stitch, 2D and 3D, embellishing with buttons and lace, applique and so on.

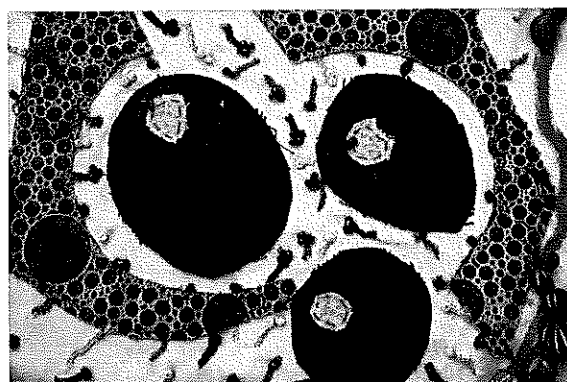

The theme, 'Creating Birth', celebrates life and the special needs of mothers and babies. The quilts also aim to highlight their need for better health services in local, often remote, areas, so they can give birth in their own community in a safe environment.

The launch, which took place at 7 p.m. on Wednesday 6th April, included a savoury supper. Those who braved the cold and the dark were well rewarded with good company, tasty food and a colourful and thought-provoking display.

Tasmanian Regional Arts have organised this touring display, through the local Break O'Day Regional Arts branch and *Gone Rustic* Studio & Gallery. The quilts are on show at 37 Main Street, St. Marys, until 28 April 2011, and can be viewed from Tuesday to Saturday, 10 a.m. to 4 p.m., or by appointment (03 6372 2724 or 0417 027 424).

StandBy "Crossing the River" Suicide Bereavement Workshop

Understanding and supporting those
bereaved through suicide

Afternoon Session: "Crossing the River"

Purpose:

To equip service providers and community caregivers with basic suicide bereavement intervention skills

To enhance and further develop the capacity of communities to respond to suicide, trauma and related issues

Topics Covered:

Preparedness; suicide bereavement experience and differentials; traumatic loss; complications of grief; crisis intervention approaches; risk review & harm minimization; self care.

Target Group:

Communities implementing a StandBy model including community workers; volunteers; health care providers, human resource managers; health, welfare & education professionals; youth service providers; clergy, people responding to family, friends and associates bereaved by suicide and concerned local individuals

Featuring:

- **'The Edge of the River'** - General Information on crisis & trauma
- **'In the Whirlpool'** - Specific suicide bereavement experience, including shock, trauma, lived experience and differentials of suicide loss.

The way it was and the way it is now - The bereavement condition, the emotional experience of grief and dynamics of suicide bereavement.

- **'Crossing the Waters'** - Crisis intervention approaches, risk review, harm minimization and bereavement care.

- **'On a New Shore'** - Managing the effects on the carers & supporters: Individual & community strategies for self-care and vicarious traumatisation.

Date: 11th May 2011

Time: Afternoon Session
12.00 – 2.30

Venue: St Marys Emergency
Services Station, Main Road,
St Marys

Facilitators: Wendy French
StandBy Coordinator
North/NW Tasmania

RSVP: 9th May 2011

**Free Registration
Light Lunch Included***

**For further information or
workshop registration**

**Please Phone Wendy French
0408 133 884**

***Our Vision: Community respect, understanding and support for the health and
well-being of people bereaved by suicide***

Supported by the Department of Health and Aging

You are invited to join us at the

StandBy

"Pathways to Care"

Bereavement Workshop

Local community support for those bereaved through suicide

"Pathways to Care"

Workshop Purpose

- To establish an effective coordinated community response plan to provide early intervention and ongoing support to families, friends and associates bereaved through suicide by enlisting participation in the StandBy Response Service Referral Pathways Program
- To showcase the StandBy Response Service and provide comprehensive understanding of the StandBy model for collaborative community care
- To increase understanding about suicide bereavement through the contribution of local responders
- To increase individual and community capacity for the care and well-being of those bereaved by suicide

Date: 11th May 2011

Time: 10.00 am – 12.00 pm
Morning Session
Registrations from 9.30am

Venue: St Marys Emergency Services Station

Facilitator:
Wendy French
StandBy Coordinator
North/NW Tasmania

Free Registration
Light Lunch Included*

RSVP: 9th May 2011

The Valley & East Coast Voice Guidelines.

- Opinions in any letters published are not necessarily the views held by the editor and voluntary workers.
- Our pages will remain open to fair and honest criticism, so that on all questions, both sides may be presented, but any letters containing personal attacks or hinting at libel or slander will not be accepted. Stick to the issue rather than making personal attacks.
- Please do not attack the editor, the paper or the authors of previous letters.
- Letter writers will be given the chance to respond over a suitable period of time, but anonymous and/or nom-de-plume letters received as from 11-02-10 will not be published. Subjects may be closed at the editor's discretion.
- Please make sure of your facts. Do not write letters just to let off steam. Letters most commonly published are those that have bearing to current community issues.
- Keep letters short, simple and to the point. Letters are restricted to 300 words or less.
- The Editor reserves the right to edit your letter for grammar, spelling or reduction in size where necessary.
- All letters arriving by post must be signed, including a printed name and also contain your contact details, such as full name, address and phone number.
- All letters sent by email must contain your contact details, such as full name, address and phone number.
- All letters left at drop-off points must have a signature, plus a printed name and also contain your contact details, such as full name, address and phone number.
- Do not be discouraged if your letters don't get published. Whilst each submission is reviewed on its own merits, we generally receive more letters than we have space available.
- The Valley & East Coast Voice reserves the right at all times, without notice, to update, change or amend our guidelines.
Whilst we value & welcome community letters, The Valley & East Coast Voice does not provide specific feedback regarding any decision made not to publish a submission.

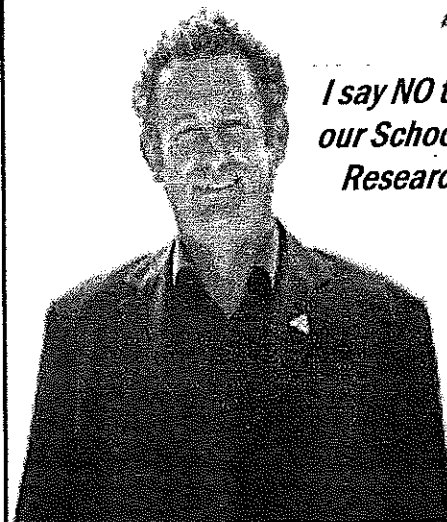

Stallholders Market Inc.

Is a non profit organisation holding markets every Saturday from 8am in St Helens, at the Library car park. There is a variety of stalls and the fees charged to stall holders is donated to various charities.

For stall booking and other inquiries, please phone Marilyn on 6376 1858.

PARENT OPINION SURVEY

The Department of Education will be conducting parent opinion surveys in all government schools once again in 2011. Data from the surveys provides valuable information that enables us to understand more fully how our parent community feels about our school. It helps us to guide school improvement and to meet the ongoing needs of our students, parents and the community. The information collected from parent opinion surveys will also help us to make informed decisions about what we can provide for the children at our school.

Since it is not possible to survey every family attending our school, a random sample has been selected and a survey will be sent directly to the people in that sample.

If you receive a survey, I urge you to complete it by Friday 6 May and return it, in the envelope provided, to the school for bulk posting to the independent contractor, Print Mail Logistics, who is managing the survey process on behalf of schools. The use of an independent contractor enables your responses to remain completely anonymous.

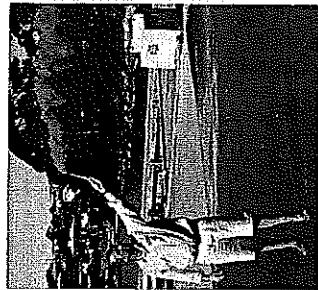

Information collected by the parent opinion survey will be included in the school performance report prepared next year and will be made available to all parents.

WORKING ON EAST COAST WATER

On 6th and 7th of April, 3 students from St Mary's District school participated in this program. The students were Sam Neighbour, Aaron Webb, Brodie Barnes and this is what they discovered over the 2 days:

- St Helens Marine Rescue Centre
- Blue Shed-Lunch
- Suncoast Fish Factory-Goshen
- Aqua Oysters-Binnalong Bay Rd
- Josh Breen's dad's boat
- Lyncraft Boat Building
- St Helens District High school Science lab

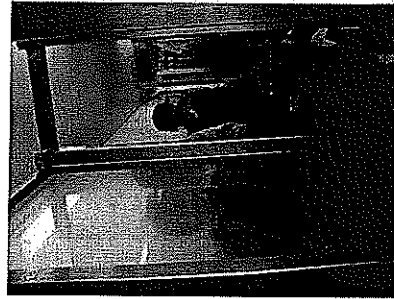

At the Marine Rescue centre we were given a demonstration with the safety of life jackets and how to maintain them. Also fire extinguishers and how to prolong their life, Peter also showed us Epiris and how to set them off in an emergency situation. The most exciting part of this was letting off the flares and working out which one was which by knowing the marks on the bottom. We also let off 2 rocket parachutes and had to get permission from the local police to do this demo. It was awesome! Greg Snells from Coastal Patrol took the boys on the Rescue boat for a ride around the bay showing them markers and which ones are guides.

We then had a magnificent lunch at the Blue Shed followed by a trip out to Suncoast Fisheries where Crayfish are stored ready for exporting out to Sydney and Melbourne. We were allowed to handle the fish and it was so much fun catching them. The biggest one weighed 3.5kg and it was massive.

Second day we started out at Aqua Oysters along Binnalong Bay Rd. The owner Craig Lockwood was so organised for us and had the oysters starting from a pip size up to one that was 8 years old. We were shown how they go through the baskets individually on the conveyor belt and are washed several times. We didn't realise how much of a process this was. Craig explained that they are shipped to Japan, Thailand, Nepal, China and many other places around the world. It only takes 24hrs to be shipped anywhere in the world if all goes to plan. We then

got to go on one of the oyster punts and were shown how they are set in the water in racks to grow. In each rack they start with 1000 little oysters then halved as they grow. They have hanging racks which are used in rough weather and ones that sit on the ropes. We couldn't thank Craig enough for his time and energy with all the information he gave us and showing the whole operation of the industry.

Josh Breen's dad came in from sea so we went to the wharf and got to go on his boat and looked where they sleep in the cabin, where they eat and how the pots operate for crayfishing. Josh was great explaining how the Crayfishing industry works with 'quoters' and how many pots you are allowed to have.

Lyncraft's Boat Building shed was next on our agenda to see how they are designed on the computer and then cut to size on a new piece of machinery that cuts within 1 millimeter of the exact measurement. We were shown their latest big boat they are finishing off ready to be sent to Strahan for a dive centre and spoke to two boys previously from St Helens High school who are now doing an apprenticeship in Sheet Metal Fabrication. It was great to see them enjoying their apprenticeship with the hands on and they said the theory isn't so bad as well.

The last part of the program we went to St Helens High School to dissect Albacore Tuna with Howard Jones who was so much fun. He really knows what he is talking about and gave us diagrams to go off once he had finished showing us what to do first. We worked in groups of 3 and learnt how to take out the heart, gills without popping their airbag.

We would like to thank Sally Johnson, Linda Goss for an awesome 2 days and have come away with some much knowledge around the Aquaculture industry and what is available on the east coast. We are so lucky to live in such a beautiful part of the world!

By: Sam Neighbour, Brodie Barnes, Aaron Webb

St Marys Community Health Centre

Community Survey 2010 Conclusion:

Firstly I would like to thank the participants for their contribution to the survey conducted in October 2010. I would also like to thank those who have assisted in the production, delivery, data collection and analysis of the survey.

The purpose of the St Marys Community Health Centre is to provide quality care and support to the community.

In order to be able to provide this level of service we need to be kept informed of the needs of the community. One of the tools we use to achieve this outcome when assessing the needs of the community, and reviewing the level of satisfaction in the services currently provided, is through the utilisation of a community survey.

The results of the survey have provided us with information that will be employed when planning strategies for the future development of the Community Health Centre.

Based on the outcomes of the survey the following observations and recommendations have been made:

1. The community respondents were very clear about the need for a **Permanent General Practitioner** in the community. With the arrival of Dr Cyril Latt, who has taken up residency in St Marys, the negative issues around inconsistent care will reduce. Dr Libby Reeckman will continue to provide a service, particularly around Women's Health Issues as well as some relief work. Whilst there will still be a need for relief doctors in order to provide a "break" for Dr Latt, there will be an increase in the consistency of care provision as the planning of care will be developed and maintained by Dr Latt.
2. **Oral Health Care** was raised as a concern. Whilst the current school dental service has been an asset, it is time to review the provision of this service. The lack of a service, within the region, for other family members is an ongoing concern. There have been discussions with the Oral Health Team around the possibility of developing a service utilising the current infrastructure at the SMCHC. We will need to keep you all informed as this project progresses.
3. From the results of the survey, it would appear that there are **some issues around accessibility for those with a disability**. It is important for a community to encourage independence and to develop strategies that will support the need for independence. It is recommended that the Break O Day Council re-examines the current standard of lighting provided, the conditions of the pathways and the accessibility of the shops for those with a disability/special need.
4. When examining the services accessed outside the Community Health Centre, there were several services listed that could have been accessed through the centre. **Is the community aware of the current services provided**

by the St Marys Community Health Centre? A recommendation is that we, as a service provider, develop a public relations campaign aimed at informing the community of the variety of services available at our centre, how they are accessed and at what cost.

5. In several sections of the survey **the subject of transport was raised**. It was noted that 7% of respondents have difficulty accessing transport. There were concerns around cost of transport, accessibility of transport and availability of transport. One of the issues raised, in relation to feeling supported, was lack of public transport at night time and over the weekends. Availability of transport from the Launceston General Hospital to St Marys, particularly after hours, and transport from St Marys to other surrounding communities, particularly on return from hospital, were highlighted as problems.

We will be talking to the Community Transport under HACC services to see what may be available, and also we will approach the Council to see if they have any plans to encourage more transport operators to the area. Callows' Bus Service has increased its services.

6. **A Mental Health Worker** is needed in the community to assist the current available services. The position has been advertised and interviews were conducted through Community Mental Health.
7. The **Physiotherapy** position has been unfilled for the past twelve months, despite the position having been advertised twice. We have been working with the Director of Allied Health Services to find a satisfactory solution that will ensure the service is provided to the community.
8. In the positive **over 60% of respondents access most of their health needs at SMCHC**.
9. The fact that **52% of respondents belong to clubs or associations** may indicate a high community involvement and social connectedness which are indicators of health and wellbeing.
10. Satisfaction with **health services provided at SMCHC** scored an average of **3.85** which indicates an overall level of satisfaction with the services but it does not mean there is not a need for improvement.
11. **Specialist services** we would like to entice to the area are: Dietician services, development of ante-natal and post-natal care, palliative care services and the provision for visiting specialists. Areas that are less likely to be developed are in the area of radiology as there is already a provision on the East Coast.

The results provided us with many other pieces of information that will be considered in our planning.

Yvonne Webber- Director of Nursing
St Marys Community Health Centre

ST MARYS COMMUNITY HEALTH CENTRE

DOCTORS ROSTER

Dr Cyril Latt- 12/4/11-22/4/11
No Doctor's Surgery- Public Holiday

Social Worker- Shan Williams appointments available by phoning 6372 2111.

NEW Public Dental Service for St Marys

Oral Health Services Tasmania will open a new dental clinic with two surgeries at St Marys Community Health Centre to replace the old dental van in the grounds of the St Marys school.

The dental van will close permanently on 13 May 2011 after many years of service to the children of St Marys and surrounding districts.

Planning for the new clinic, which is expected to open later this year, is well advanced.

Services to the local community will be increased with the addition of new adult dental services including dentures. To access these services, adults must hold a healthcare or pension concession card.

A mobile dental unit will operate from the rear of St Marys Community Health Centre from 20 June to 15 July 2011 to provide continuity of service for children.

**Please make appointments by calling the
Northern Dental Centre on 6336 4100
between 8.30am to 5pm Monday to Friday.**

St Marys Sports Centre Inc. news Kackhander

Thanks to everyone in the past few weeks who have made commitments to the club not least Kim Chapple who kindly offered to cover the next couple of months as club Secretary. Thanks Kim. This is a big help. To all others who continue to help out around the course, the bowls green and clubhouse, it is very much appreciated indeed. All we need now is a few more golfers. Was hoping to be one of them last week until something decided to bite me causing a fair bit of difficulty.

The new golf calendar is kicking off now in men's golf with the Gill Memorial Trophy, and the already famous Fish and Swish on Good Friday all begun by Macca and the crew several years ago now. And soon also the Reverse Course Challenge sponsored by Blairy, Karen, Roger and Alana. Thanks to you all. Fun days believe me. Just a reminder to all that the club is indeed OPEN at Easter so for all your requirements the club will be trading for you.

In the next few weeks and occasionally during winter there will be a few working bees to do necessary work for next season (host club) on the bowls facility. Any help offered will be gratefully accepted.

The Club Dinner is set down for 30th April. RSVP has concluded but expect a few more might be allowed for. If you didn't book and would like to attend can you PLEASE contact the club quickly to see if you can attend. It would be great

Until next time, good hitting and rolling.

ST MARYS SPORTS CENTRE INC.

Like to spend some quality leisure time?
Like to try some new sports or come back to them again?
Like to have a go at other activities in a great atmosphere?
Like to enjoy a very social, friendly time with
a great group of people?

If you answered "yes" to any of these questions
well have we got the place for you?

Talk to any of us at the St Marys Sports Centre,
Gray Road St Marys.

WE'D LOVE TO HEAR FROM YOU.

Sad but true.. We have this fantastic golf, bowls, indoor bowls, cards, social club, right here in St Marys but it seems not too many people know about us these days.

Thanks to a loyal and reliable band of keen volunteers, terrific recent support from Council and fellow local clubs we are really showing how valuable clubs like ours are to the Community. We really are.

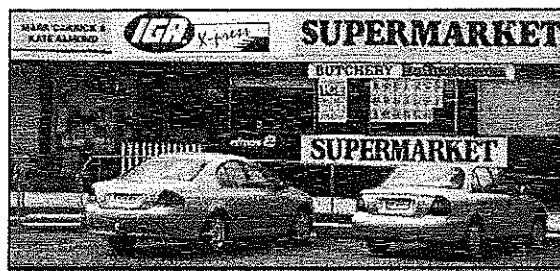

WE HAVE A LOT TO LOOK FORWARD TO AND A LOT TO OFFER TO PROSPECTIVE NEW MEMBERS

The number one thing, and undoubtedly the most important aspect of the club, is members,
and we'd love you to think about

giving us a ring or just popping in to say "g'day"
and have a look around to see if you like what you see.
We think you will.... You won't be disappointed.

If you'd like more information ring the club on 6372 2177,
