HISTORY WALK AROUND ST MARYS

Sunday 19th Feb, 2012

The walk led by Henry, and the history explained by Barry & Greg, was greatly accepted by 21 people, some who have not been here for very long, and others who have been around for a while, but all found it a very interesting day, hearing about the things that used to be in St Marys.

The walk took in from the woodyard to the west, which used to be the Jubilee Coal siding, which once received the coal by overhead cable and buckets, via Rosegarland and Balaclava and it was also the loading site for coal from the mines at Dalmain and Seymour.

We then proceeded to the railway station, where most were amazed to find out that the original Cheese factory was over the road, opposite the railway station. Then we worked our way up the main street, and Greg Chapman gave a little insight into when his Grandfather Ted Chapman worked the old bakery beside the e.ScaPe Gallery. Some of the old bakery is still there to-day.

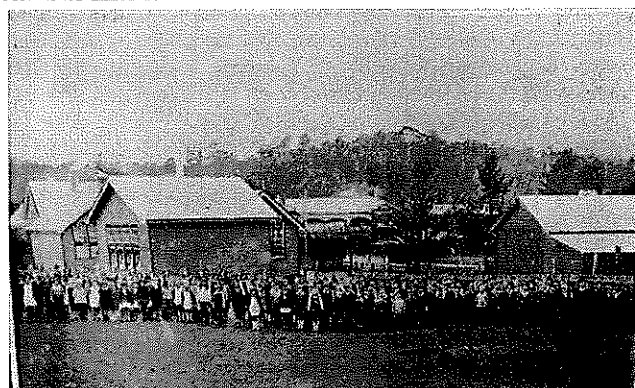

We then viewed the old school site and some photos of some of the old establishments along the way. Had lunch in the park at the Library, then to the old swimming pool site and to opposite the Top Shop where we discussed that area. People were amazed at the number of halls and butcher shops that were in this once very vibrant town.

The walk finished in Story or Storey street (note both the spellings just to cover myself) right back where we started about five hours earlier, most were exhausted but felt it was very worthwhile.

Holy Trinity Anglican Church Community Dinner

Every community needs a time and place to come together. This is especially true during challenging days.

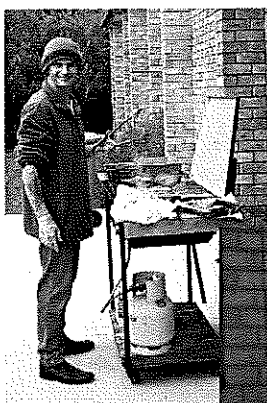

What better way to do this than with warm food, around tables in friendship and laughter and connectedness.

On Saturday evening, the 19th February, a great Community Dinner was hosted by the Holy Trinity Anglican church at the church hall IN Main Street, on the Esk Highway

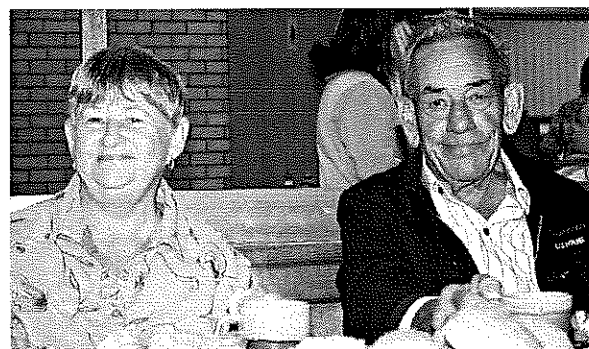

The culinary arts team prepared a BBQ dinner, and invited community members to the table, young and old, singles and families, come one, come all. Rather than gathering in groups that are familiar to us, this is a chance to gather with the rich diversity that exists in St Marys.

Approximately 32 guests attended this enjoyable event to share the BBQ dinner, which was cooked up in great style by Kevin, after Barbara and Lorraine had contributed many hours of loving preparation to the foods! The salads and desserts were brought along by the diners to share with one another, and many sweet treats were available to all to taste and enjoy.

Photos & article: Janet Drummond.

We frequently have a good selection of photos sent in for publication which is wonderful, but I am also frequently asked "Who are all those people?" This question often comes from people on the mailing list, many of them having lived here in earlier days. Would it be possible to have names accompanying the photos where possible please? It would make my job easier as there would be no more complaints. I would also like to know who the photos are of for my own benefit!

You'll save much more than money when you buy your basic essentials in bulk!

At Purple Possum we've noticed a trend where folks are buying in bulk – like so many people did in the old days. And when you think about it, it makes very good sense to stock up on basic essentials such as flours, sugar, rice, bread mix, muesli, honey, oils and vinegar, buying say 10 to 25 kg bags or large containers at a time.

You save time – you don't run out of things and it's far more convenient. You save trips to the shop. You save money on petrol. And when you buy in bulk, we can give you a discount as there's less work and packaging at our end. So think big and think bulk. Talk to Elaine about it next time you're in!

Sea Scouts have a great time in 2011.

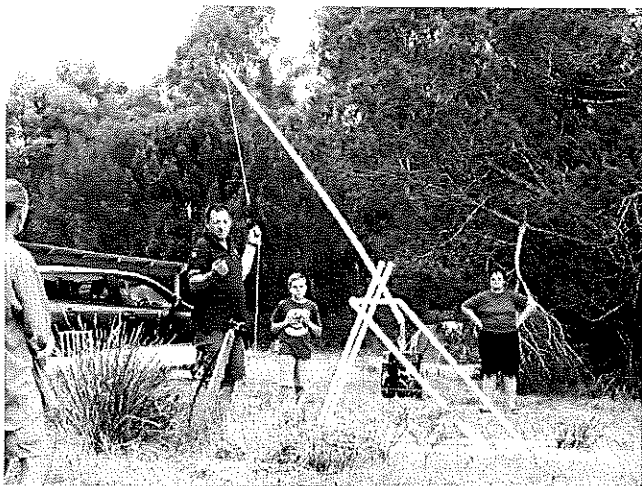

After an amazing summer the Sea Scouts are looking forward to a great year in 2012.

This summer they didn't spend much time at home- they had a week in Trevallyn sailing and waterskiing, followed by a group camp with Cressy Scouts over the Australia Day weekend, and then a manure day where they raised over \$1000.

Coming up they have a Scout Guide Regatta in Hobart, followed by the Mariners Trophy in St Helens, and Easter Camp in Hobart, and the Jamborree in Brisbane in 2013.

Scouts learn skills for life, make friends and have fun. If you would like to join the fun of Scouts call Jane on 0412 803 027.

Adults- if you would like to learn outdoor skills, and receive nationally recognised leadership training, call the Scouts to see what we can do for you. Mutual obligation volunteers welcome.

We even built a trebuchet.

Do you need the services of Meals on Wheels?

Do you know how to access our services?

Once again we are trying to increase the number of meals we deliver as we have slowly been losing some of our customers, and we do not wish to lose this valuable service to our community. We feel there is a need to let people know once again how to be provided with meals.

We provide meals for many different reasons, for example, short term meals following recovery from some medical condition, to assist carers in their daily lives, the elderly, infirm folk who wish to stay at home etc.

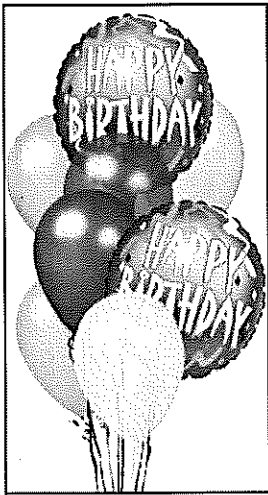

Remember, to suggest this service may make someone's life a little bit easier.

HOW DO YOU CONTACT MEALS ON WHEELS?

Easy! Just contact the St Marys Community Health Centre on 6372 2111 or 6372 2638 and explain your needs.

If you wish to join our Group, you would be very welcome at our next meeting, which will be held on February 14, 2012 at the St Marys Community Health Centre at 2pm.

Future Directions –

Five Pillars of the Tasmanian Future Economy

Today I outlined the Liberals' economic blueprint for a self-reliant Tasmania.

A Tasmania with a growing economy that generates the wealth and prosperity to create jobs and fund essential services like health, education and public safety.

A Tasmania where we stand on our own two feet, and we're not dependent on hand-outs and bail-outs from the rest of the country.

A key part of this vision is our plan to support and build the five pillars of Tasmania's Future Economy – Resources, Agriculture and Fisheries, Energy, Education and Technology, and Tourism.

Unlike Labor and the Greens, a Government I lead won't pick winners or look for silver bullets, or worse still, shut industries down.

Rather, by strengthening these Five Pillars, which will underpin the health of our future economy, other sectors in our economy will benefit and grow, such as retailing, manufacturing, the service economy, property and construction – as will the critical small business sector, the engine room of our economy.

Some of the specific policies we will implement include to:

- Rip up the forestry deal and provide resource security in forestry
- Provide full electricity competition and carbon free power to make Tasmania the most competitive place to do business
- Extend all High Schools to Year 12
- Fight for a nationally funded Basslink II to harness our renewable energy advantage
- Invest in new renewable energy capacity
- Aim for 1.5 million visitors to the State each year
- Say "yes" rather than "no" to tourism developments
- Free Tourism Tasmania from its bureaucratic straitjacket
- Back bio-energy and bio-fuels
- Work with the University of Tasmania to attract more international students
- Oppose the lock-up of the Tarkine
- Leverage off our brand to grow our agricultural sector
- Support the family farm
- Encourage investment in on-farm renewable energy
- Create Biosecurity Tasmania to protect our borders
- Oppose new Marine Protected Areas

OUT OF THE WOODWORK

Wendy Brennan, Secretary 6372 2094

Many thanks to our astute member George no 3 (we have two other Georges) whose critical eye detected a mistake in the previous Out Of the Woodwork article. The membership fees should have read twenty dollars a year membership fee and two dollars & fifty cents a day costs or six dollars a week.

The Guild would like to express our appreciation and thanks to Kerry from the Fingal Valley Online Centre whose calm teaching ability has been instrumental in helping design our open day poster. I think Kerrie typifies the old adage.... that if you really know your subject well you can keep it simple.

Members have been busy making a display cabinet for the St Marys Memorial Services' Association to house their replica of a Second World War navy ship. Many thanks to Ted Koops whose artistic ability made a realistic sky as a backdrop.

Our gang has been working tirelessly in preparation for the **Guild's Open day fair which will be held on the 21st April.**

The Guild meets on the last Saturday of every month at 2pm in the old railway goods shed situated behind the Railway Station complex. New members are always welcome. We are open Monday, Wednesday and Friday. Other times by appointment.

ST MARYS

HANDMADE in ST MARYS"

LOOK

The Say Cagerattler

Can you believe that once upon a time Tasmania used to have a vibrant, financially beneficial and obviously sustainable timber industry? Then the environmentalists turned up.

So many job losses, lost markets, confusion, weak knee governments of all persuasions has led now to what seems to be a downward spiralling industry.

I'm so disappointed with the Regional Forest Agreement because it's underselling this potentially great industry that, in a large part Tasmania was built on, almost literally.

Just to try to appease the "tree huggers" as they are colloquially described, these payouts and agreements are being put together. The Government as much as the Greenies perhaps need to consider the long term ramifications of the decisions they are making right now.

Trees are sustainable and renewable. It happens in nature doesn't it? Tree seed pods burst open, seeds scatter, some take root, they continue to grow, sometimes to big ages and then one day they die and fall to the forest floor and rot down into the ground again. It's finite. It's been happening for millions of years. In the timber industry the process speeds up somewhat... They plant the trees, grow them for a period of time, harvest them whilst the trees are of value and then after they're gone they regenerate the area again.

Some areas have been through this process a few times in our history. Long gone are the days of clear falling and walking away from vast tracts of denuded land. That's a reality. I believe that part of a forest operation is an extensive assessment of ecological/flora/fauna impact before work commences. It makes me wonder who the REAL CONSERVATIONISTS are. It's in their best interests to look after the area as best as possible to provide future harvests.

There are very special areas that need to be protected of course. The Tarkine, The South West Wilderness, The Franklin and Gordon River and a few other places that have such complex bio diversity that logging wouldn't or shouldn't be an option and all parties agree on that.

For the rest though I fail to see why the timber industry can't continue to provide employment, development and sustainability well into the future. Rather than cutting jobs there could and should be expansion of this industry provided all the necessary environmental boxes are ticked on the process...Surely it can't be that hard.

It's well and good for the greenies to talk about environmental vandalism and so on, but what about the economic vandalism they are contributing to when our trees just live and die with not much benefit to anyone in many cases. We haven't even touched on the radiata pine plantation issues and the impacts there, but before it's too late all parties need to (for the first time perhaps) sit down and have meaningful discussions and it must include everyone that has genuine concerns for this massively important part of our State. A full-on forum must happen sooner rather than later.

GREATER ESK TOURISM

Wrapped in St. Marys

2 & 3 June 2012

Dear community members -

Greater Esk Tourism has been very fortunate in securing funding to run a significant textile arts event called 'Wrapped in St. Marys' during June 2012.

It is hoped that we will be able to attract a significant number of visitors to St. Marys and the surrounding valleys area over the weekend of the event, which will help our local economy during the off season.

A leaflet will be published and circulated about the 'Wrapped in St. Marys' event, which will include places to stay and eat, special events and activities, and other information.

We would like to invite you to be included in this leaflet *at no cost*. If you agree, please fill in the details on the attached form and return it no later than Friday, 3 March 2012 so we can amend/include your details in time for printing.

If you would like to host a special event, such as a sale, a special activity or other attraction on these dates, please let us know so we can include it.

Remember, *this will cost you nothing except your time!* And it could *bring positive rewards* to you and your business or organisation, as well as being helpful financially.

If we can work together as a community to showcase our wonderful town and the people who live in it, it is more likely to be a success. It could even become a regular event!

Hope to hear from you soon,

Warm regards,

Rita Summers, Event co-ordinator

The Mobile Dental Unit is Returning to St Marys

The Mobile Dental Unit is returning to St Marys for fourteen weeks starting from Monday 6 February through to Friday 11 May 2012.

A Dental Therapist will be working in the Mobile Dental Unit (MDU) providing services to children 0 to 17 years of age. Parents will be notified by mail if their child's exam is due and offered an appointment in the mobile facility which will be sited at the rear of the St Marys CHC. The Mobile Dental Unit will continue to visit to provide service until funding is secured for the new dental clinic at St Marys CHC.

In the meantime **children's dental services** can be accessed at any of the Oral Health Services Clinics in the northern region including St Helens, Campbell Town or Kelham Street in Launceston. The telephone contact details are as follows:

Legal Literacy Advocacy Training and availability of FREE legal advice locally

It is with considerable delight that Beylara Ra advises that the Launceston Community Legal Centre is extending outreach services of their **FREE** legal service to Fingal in the 2012 calendar year.

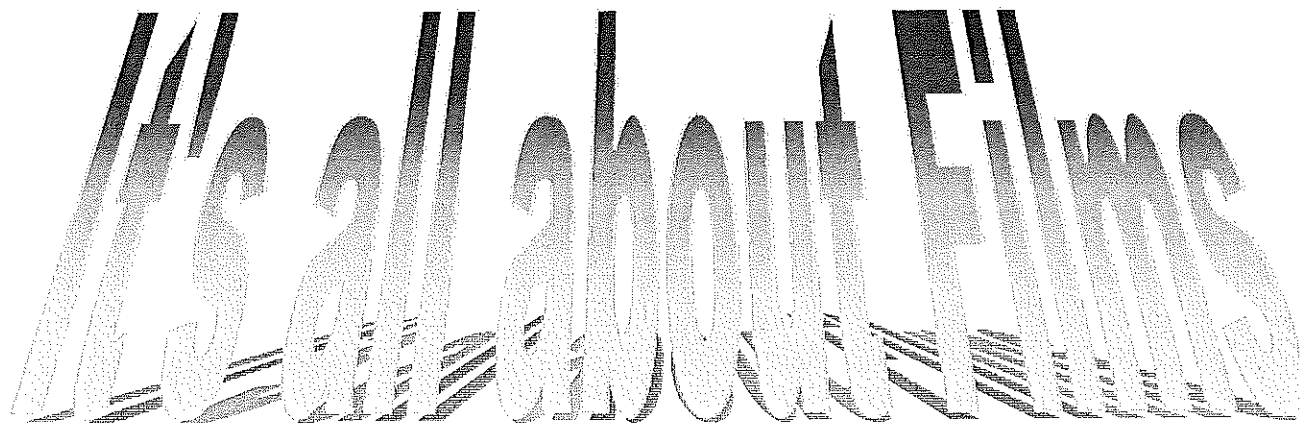

The first training session of the Legal Literacy Advocates took place in the neighbourhood house at Fingal on 16th February 2012. SIX volunteers turned up and it is hoped that all six will progress through the entire training program and become certified Legal Literacy Advocates in this new and exciting program.

Please watch out for further advertising of the service starting in Fingal and if you are interested in learning more about the program or want to volunteer please contact Beylara Ra at the Launceston Community Legal Centre on 03 6334 1577. It is hoped that the service will be up and running in the very near future. Further training dates for the advocates are booked through March.

Appointments can be made by the Legal Literacy Advocates with the solicitor who will be visiting Fingal into the future. The solicitor offers one off advice on a range of legal issues. The Launceston Community Legal Centre cannot give advice on traffic infringements or criminal law matters and they do not represent people in court.

This service could save community members hundreds of dollars so it is hoped that there will be a big uptake.

All appointments are strictly confidential and held in private. PLEASE look out for local notices on the commencement of this service as it will be open to all residents of the valley and beyond.

The Valley & East Coast Voice Guidelines.

- Opinions in any letters published are not necessarily the views held by the editor and voluntary workers.
- Our pages will remain open to fair and honest criticism, so that on all questions, both sides may be presented, but any letters containing personal attacks or hinting at libel or slander will not be accepted. Stick to the issue rather than making personal attacks.
- Please do not attack the editor, the paper or the authors of previous letters.
- Letter writers will be given the chance to respond over a suitable period of time, but anonymous and/or nom-de-plume letters received as from 11-02-10 will not be published. Subjects may be closed at the editor's discretion.
- Please make sure of your facts. Do not write letters just to let off steam. Letters most commonly published are those that have bearing to current community issues.
- Keep letters short, simple and to the point. Letters are restricted to 300 words or less.
- The Editor reserves the right to edit your letter for grammar, spelling or reduction in size where necessary.
- All letters arriving by post must be signed, including a printed name and also contain your contact details, such as full name, address and phone number.
- All letters sent by email must contain your contact details, such as full name, address and phone number.
- All letters left at drop-off points must have a signature, plus a printed name and also contain your contact details, such as full name, address and phone number.
- Do not be discouraged if your letters don't get published. Whilst each submission is reviewed on its own merits, we generally receive more letters than we have space available.
- The Valley & East Coast Voice reserves the right at all times, without notice, to update, change or amend our guidelines. Whilst we value & welcome community letters, The Valley & East Coast Voice does not provide specific feedback regarding any decision made not to publish a submission.

SWIMMING POOL NEWS

Since opening as an indoor facility in December, the swimming pool has seen a steady increase in use as summer moved along and especially after the successful School Association's Learn to Swim Programme. As with any new facility, over time some 'teething issues' have become apparent and we hope to work through these as part of our continuous improvement program for the pool. We would therefore ask for your patience and co-operation as we work through these issues. We would also like to take this opportunity remind you of some of the rules and etiquette as well as progress around improving the facility.

DRAINAGE - Many of our pool users have been concerned about a number of areas in the enclosure where the water gathers and does not drain away. We are happy to advise that over the coming weeks this will be addressed and modifications made to ensure that the water is able to drain away in the most affected areas.

DOOR TO CHANGE ROOMS - please remember that this door forms part of the pool enclosure and therefore in the interests of safety **MUST REMAIN CLOSED AT ALL TIMES**. While we do recognise that it is inconvenient to have to walk around to the front door, it is a condition of your signed pool agreement that this door remain closed. Therefore we ask that you do not prop the door open while you visit the change rooms or toilets. Please remember to take your pool key and valuables with you when visiting the change rooms.

COVER- heating our facility is an expensive exercise and we urgently need your co-operation to ensure the efficient heating of our pool by placing the pool cover on of an evening. If you are using the pool after 6.00pm and there is no one else there when you leave, please place the covers on the pool.

SWIM SQUAD, ACTIVE AFTER SCHOOLS ETC ... Swim Squad and Learn to Swim takes place **IN TWO LANES ONLY** on: Sundays 2.00—4.00pm, Tuesdays 4.00—6.00pm, Thursdays 4.00pm—6.00pm. The remainder of the pool is available for key holder use during this time. At present we are in the process of having a lane rope made to mark out the two lanes used for these sessions.

Active After School Activities: We hope to commence the Active After Schools Program in the pool on Monday 5th March. Therefore the pool will be unavailable to all key holders between 3.00 and 4.30pm on **MONDAY** and **WEDNESDAY** afternoons.

DAMAGE TO EQUIPMENT— to date we are happy to say that we have had very few acts of vandalism or damaged caused within the enclosure. However at some stage over the holiday period a filter cover was removed from the bottom of the deep end of the pool and appears to have been used as a Frisbee. There have also been some vandalism in the toilet, with paper being strewn about and the toilet deliberately blocked. We would like to ask all pool users to be responsible in the pool enclosure and report any acts of vandalism or inappropriate behaviour. If you are unable to identify the people involved, please make a note of the time of the occurrence and we may be able to track the offender through the electronic door that registers key holder entry times.

DIVING, BOMBING, TSUNAMIS, ROUGH PLAY—please remember that these activities are not permitted in the pool and form part of your signed pool use agreement. Sadly there have been some instances of careless behaviour which has affected other pool users.

ACCESS TO THE POOL Pool key holders must accompany swimmers to the pools at all times. The key is not transferrable to others. Pool key holders may bring the children of other pool key holders to the pool, up to a maximum of 5 supervised swimmers. Unauthorised access to the school, school grounds or pool is considered trespassing as per signage at the entrance to the school and by the retaining wall at the pool. As per signage at the pool, please do not allow someone who 'has forgotten their key' unless you can identify them and they appear on the pool key holder list and their key is valid.

LAP SWIMMING it is fantastic to see the large number of lap swimmers using our facility. We would like to remind all pool users to be mindful of others using the pool. As we work through the protocols of operating our new facility we hope to put measures in place to ensure that lap swimmers, general pool users and in the future commercial, community group users are accommodated.

Finally—thank you to our Admin and Cleaning staff who assisted in maintaining the pool, addressing door access, swept the concourse, emptied rubbish bins over the holiday period. Our staff were doing this in their own time and on occasion as pool key holders. Thank you for seeing that our pool users urgent needs were addressed in your own time.

Please remember to watch out for Pool updates, each other in the pool and continue to have an enjoyable swimming season.

St Marys Sports Centre Inc. notes Kackhander.

*Pennant Bowls... One match to go before the finals... Both sides (men and women) sit inside the four. Actually the ladies are number one. In the men's comp it's not iron clad certain yet, so ALL players who can make themselves available for the last game against Bicheno this week would be a huge help.

*The Finals are at St Marys this year and there is a big chance to win another flag if we can put some teams together in the next week or two.

* Club games need to get played in some events so if this involves you, can arrangements be made soon.

* Thanks to Macca and a nice number of the membership it's highly likely that after a five year absence the Men's Golf Pennant team might be a goer again. Macca recently attended the ECTGA meeting to see if we'd be accepted and they voted to have St Marys re-register. Season commences about March 25th or so and the club will hold a get together/ practice/ team selector election day fairly soon.

* Look out for working bees being organised in a few weeks for some necessary extra hands to do some jobs on the course. Any help much appreciated.

* Congrats to Chris and Kerry Davern who both recently made the Quarter Finals of the Open Northern Bowls Championships. No mean feat, considering the quality of the competition. Results of Quarter Finals next issue.

* A big highlight this year so far is the number of juniors in both sports and the support being offered to them. It's great. Thanks.

Until next time, good hitting and rolling.
