50 cents

St Marys will be buzzing

What a big weekend coming up for St Marys this Saturday and Sunday, June 2nd and 3rd. Our small community will be buzzing with activity as the place comes alive!

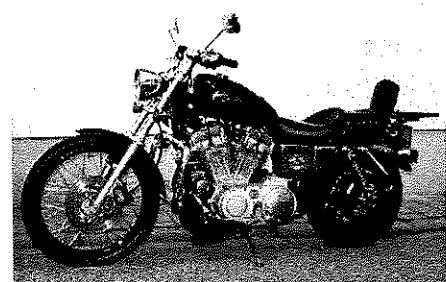

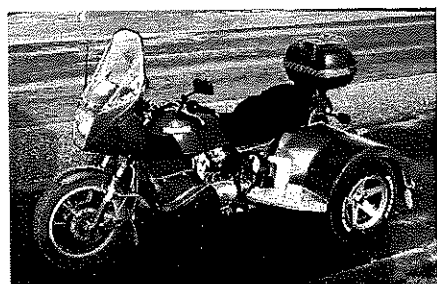

Many of the businesses will be open to cater for an influx of people, keen to take part or be part of everything that is taking place.

On Saturday, beginning with the markets, which usually draws many buyers and sellers, there is a "Wrapped in St Marys" event where many crafty people are showing their wares wrapped around the power poles! This show continues Sunday, along with a Classic Car Show on Faulkner's Village Green.

The car show is staged by the Cranks and Tinkerers and is their 6th Annual event, which has over the 6 years, proved very popular. Many volunteers have put in many hours of work to ensure this is an enjoyable weekend for all.

So let's see you visit St Marys, take a stroll around, view all the art and crafts, admire the cars, browse through the shops,

have a bite to eat, maybe a beer and meet up with people you may not have seen for many a long year. If the weather holds it will be a very pleasant weekend indeed.

Photos from file.

Please note: Deadline for articles in the next Valley Voice is 5pm Tuesday June 12, 2012

Letters to the Editor

Vol. 45 No 3, May 31, 2012

There was a community meeting held on the 6th of May at St Marys to get some answers on why the Council workers of the Valley, the tip attendants and the works supervisors were targeted in the restructure.

The Mayor, General Manager and 3 Councillors attended and answered some questions but still deny the Valley was a target. The General Manager when asked if an impact study was done prior to the reorganisation said that no impact study was done on the workers taking the redundancy. Why would you put the offer on the table without knowing the implications of the conclusion? This has impacted not only on the workers sacrificed, for what we may never know, but also the community, we have no faith in our Council looking after our interests as they obviously care less about us.

On the same day the last man left, the council was stripping our depot at Fingal, that is the depot that will never close, yeah right! What happens when the heavens open and the floods come, if the pass is closed how will the equipment get to us, what happens to St Marys, Cornwall, Fingal, Mathinna and Mangana. Are we a part of this municipality? It doesn't feel like it.

The General Manager said the Valley workers would be given a vehicle to travel to work so they would not be disadvantaged by the restructure, he must have forgotten to tell his works manager the same because I saw a St Marys worker driving his own car to our depot to do some work, will I see any St Helens workers doing the same, I doubt it.

Take a step back Council and have a look at what you have done, then tell us why it is so good for us because sorry I must have missed that part while I was watching workers being demoralised and family's futures being tossed aside.
Keri Webb.

Unlike Beverley Rubenach's praise for the Break O'Day Council's recent review (The Valley & East Coast Voice Thursday 3rd May 2012) I on the other hand would like to express my disappointment in how the council conducted themselves throughout the process.

Her congratulations to the councillors in having the guts to make a decision that couldn't have been easy, from my understanding was not made by the councillors at all. All councillors reviewed the report produced by the consultants and a vote was reached to leave any decision-making in the hands of one person, the "General Manager". Is this because the councillors did not care what happened to locals and their jobs in the community or when a confrontational decision like this was made they can exclaim they had no idea what was happening???

To aim targeted redundancy or redeployment, dismissals and demotions to only part of the workforce with a majority of workers being from the valley end could be seen as discrimination based on where you live. If the process was not to save money, but to make the council operations more efficient, wouldn't it make sense to utilise the Fingal depot to the best of its ability as it was already self-sufficient to conduct works in the areas of St. Marys, Fingal, Mathinna & Mangana. Unless closing the Fingal depot was on the Manager's agenda all along!!!

I wonder if the council workers from St. Helens will be travelling in their own time when working in these towns to be on site for a start time of 7.30am to keep the council running efficiently??? To be replacing local workers and contractors with companies that will not be giving back to the Break O'Day region will only force families to leave the area due to no work options.

Also just another thought to ponder, has anybody sighted the statement release as promised by the General Manager and Mayor as to the reasoning behind these measures???

Renee Woods.

RE: Break O'Day Council -

Redeployment/Redundancy Package

In response to the community meeting held on 6th May 2012 at the St Marys Fire Station, the General Manager advised the Break O'Day Council would employ men to do minor repairs to bridges and the major repairs will be done by contractors. When the General Manager was asked "Why can't the current Bridge Gang workers build the concrete bridges?" (as in major works), the General Manager replied they have not built concrete bridges to my knowledge.

I wish to advise that the Mangana concrete bridge was built by the Fingal Bridge Gang in 2007. From footings up. With winged edges and five arches implemented. I believe this to be classed as 'major works' as it was not just 'maintaining and repairing bridges'. They have also completed other major works projects such as building two cement causeways at Four Mile Creek, which were built from the ground up.

I find it a shame that workers have lost their jobs due to management wanting to contract out major works, and were unaware of the skills and capabilities of their own workers. Is this EFFICIENT management???

I would also like to know why some of the workers were offered redeployment / redundancy, whilst others were told their starting time and place of employment had changed. What is the difference between employees? Is this targeting or discriminating against certain employees???

I also wish to bring to your attention the redundancy / redeployment option for workers. Understandably there will always be employees who have issues with management. However, **EVERY SINGLE PERSON** who was offered the redundancy / redeployment option, chose to accept redundancy. I believe this rings alarm bells as to why **ALL** of these workers finished. There were workers close to retirement age who only had a few years left, workers with young families who had no employment to go to and a worker who's life revolved around working for the council. And yet all of these workers finished. You can make your own judgment!

I eagerly await the Mayor and General Manager's statement telling us how this restructure is going to benefit the community. All the workers have finished and there are no more privacy laws to prevent them from releasing it.

Sommer Howorka

Reply to Beverly Rubenach

Longstanding questions have been answered; I have attended several community meetings and no one seemed to be able to answer many questions about anything. If you now have the answers, maybe you would like to share them with the community.

How many council workers had vehicles for after hour use? Do you know? Do you know how many have them now? Was the council over-employing or under-employing? Do you know the answer to that? Obviously the council is not operating efficiently, that is noted in the council minutes.

All councillors took part in the review, but, as stated at the meetings, not consulted, on the final decision of the outcome. What have the councillors lost? I think it is the community that have lost. I also believe that 5 workers were sacked, not made redundant, they had no choice. Maybe we need a pre-selection scenario. I myself believe untruths have been told, as attending the meetings, all have heard different things from different members of the council, that were attending, as can be read in the minutes of those community meetings.

Yes, our present councillors and general manager, do need to be truth speakers. I am not sure how, we as a community, can overcome the present ill-will that is dividing the community.

As a long time resident I am saddened to see, what the outcome of the council's decision has done.

Dana Smith.

The Say Cagerattler

Over a few years now I have been regularly emailing a friend in the USA who enjoys the same interests that I do but lives right in the thick of it... American Rail.

More often than not the subjects turn from rail to other things. He and his partner live smack bang in the middle of the third biggest city in the US... Chicago.

Over recent years and since the GFC - Global Financial Crisis, we continue to grizzle about this and that but just recently Allen put it into perspective for me.

For a country supposedly doing it tough we have it pretty damn good. Compared to the USA, our health care system is better, not sure about waiting lists though, our social welfare, despite our valid concerns, is better, unemployment is considerably better and in regard to wages and conditions we are definitely a lot better off. This is compared to a country that is considered to be one of the most affluent and definitely one of the most powerful on the planet.

This brings me to why we keep carrying on about our current Government. I am a Labor voter, but regardless of that fact I still think that the facts are pretty simple. This country on the back of fairly sound policy, financial assistance packages and of course our resources boom, we sit pretty high in the scheme of things. Some pretty dumb things have happened too; Leadership fights, broken promises, the odd issue with certain parliamentary behaviour etc... but we really do sit high in the tree.

Allen told me once that when he found out we enjoyed 4 weeks (paid) annual leave it left him amazed, Perhaps it's time we appreciated what we have and maybe take for granted.

Thanks to all the respondents from the last issue allowing us to commence a Valley and Coast Hobby, Craft and Arts Guide in the Valley Voice. We've made a start. I'd also like to make a huge apology for a glaring oversight in my article, pointed out to me afterwards, and thank the Woodcraft Guild for their understanding of my mistake. I completely forgot to mention the amazing Open Day held in April and how this fantastically attended and enjoyed event was supported and convened by the Guild. Just shows what can be done and what groups can achieve doesn't it?

With the future developments on the precinct i.e. Cultural Arts Building, this iconic event could expand even more and hopefully encompass further groups wishing to add to our community. Similarly with "Wrapped in St Marys" about to happen through the auspices of the organising group, a new building will add to its possibilities and embed us on the map to an even greater extent as a place to visit... Let's hope so.

What do you think? *This article by Rod McGiveron.*

The Valley and Coast Hobby, Craft and Arts Guide will appear this week on page 7 and allowing for available space will continue to be published every issue. Feel free to have your name, details and hobby added to the list.

Bay of Fires Junior Art Prize

NRM North Sponsors Junior Prize

Natural Resource Management North is supporting a new art prize for secondary school aged artists.

The Bay of Fires Junior Art Prize is an important addition to the bigger Bay of Fires Art Prize giving young emerging artists an opportunity to be part of the event.

The total sponsorship of \$2000 covers the prizes, the administrative and exhibition costs. Chris Draffin from the Bay of Fires Art Prize said "This is a very generous contribution and it should excite many of Tasmania's young artists. When NRM North made the offer, we jumped at it as we saw this as a way to encourage new artists to show their ideas, skills and creativity. We would also welcome the involvement of schools."

(<http://www.bayoffiresartprize.com.au/>)

There are three age categories.

Under 19 with a prize of \$500,

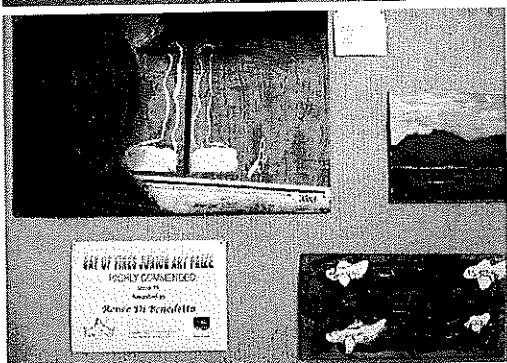

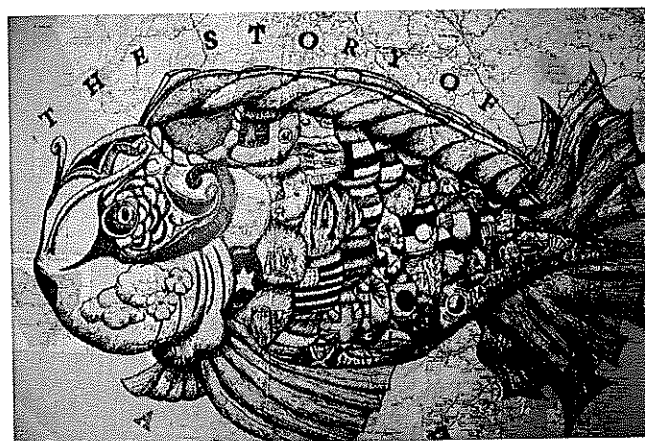

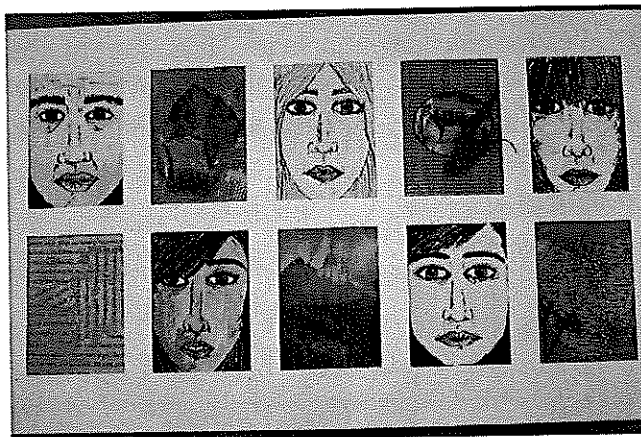

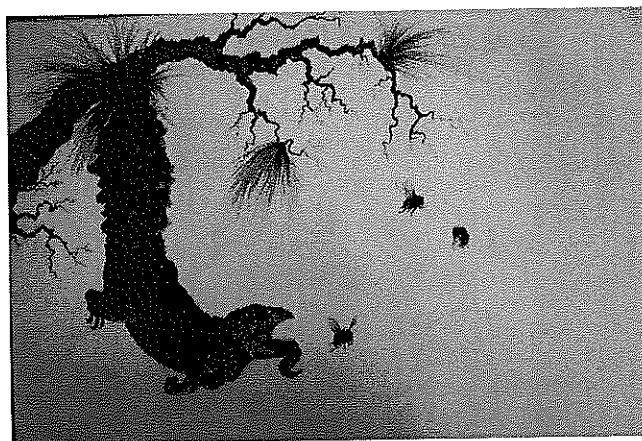

Under 16 with a prize of \$200, and

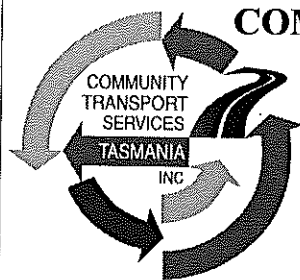

Under 14 with a prize of \$100.

The theme for the competition was "My Island Home" and can be about the environment, the people or the spirit of Tasmania.

On Sunday 20th May 2012 I had the great pleasure and privilege of viewing the entrants into the Bay of Fires Junior Art Prize which exhibited at the Portland Hall in St Helens. The standard of the entries in all three age categories was outstanding and I found it exceptionally difficult to choose just one entrant for the Peoples Choice Award. I spent well over an hour wandering between the particular exhibits, plus of course the surrounding pieces of artwork, that had caught my eye. The stories accompanying the artworks were incredibly insightful and also a joy to read. I will be very interested to know which entry wins the Peoples Choice Award and look forward to the announcement with anticipation.

**MEDIA RELEASE
22 May 2012**

Break O'Day Council Organisational Structure Announcement

Break O'Day Council has now finalised the changes to the Organisational Structure.

The remaining staff that were offered the option of redeployment with the organisation have accepted voluntary redundancies.

A total of twelve (12) employees are no longer with Council, five (5) compulsory and seven (7) voluntary redundancies.

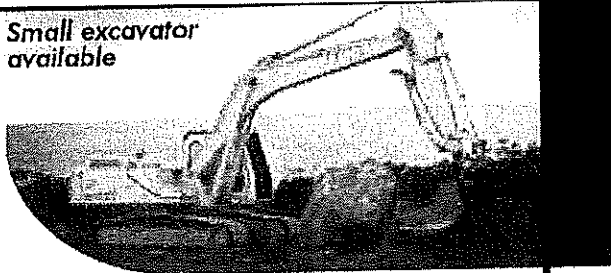

Council is in the final stages of outsourcing the operation of four (4) waste transfer stations at St Helens, St Marys, Scamander and Fingal.

Improvements to the site management and service to the community will be evident. Announcement of the successful tender will be made shortly.

Administrative changes have been ongoing through natural attrition and with the more effective utilization of staff resources.

OUT OF THE WOODWORK
Wendy Brennan Secretary 6372094

We have been asked numerous questions about our open day fair poster entitled "Our Gang".

Our Gang the movie was produced by Hal Roach in 1921. According to Roach the idea came to him when he was auditioning a child actress to appear in one of his films. The girl was in his opinion too rehearsed and made up. Looking out from his studio window he saw several children having an argument. After realizing he had watched the children bicker for 15 minutes Roach thought a short film about children being themselves might be the recipe for success.

Our Gang was also known as the "Little Rascals". The majority of the children in the series were poor and the gang was often put at odds with the snobbish "rich kids" officious adults, and other such adversaries. The series was notable in that the gang included both African Americans and females in leading parts at a time when discrimination against both was commonplace.

The Our Gang series is notable for being one of the first times in cinema history that blacks and whites were portrayed as equals. (Courtesy Wikipedia free encyclopedia)

The Guild meets on the last Saturday of every month at 2pm in the old railway goods shed situated behind the Railway Station complex. New members are always welcome. We are open Monday, Wednesday and Friday. Other times by appointment.

A supportive environment where traditional woodcraft skills are taught

Letter to the Editor

Vol. 45 No 3, May 31, 2012

On Tuesday, May 15, the police came to seize my son's firearms. Why? Apparently they didn't like some of my son's comments on Facebook, or a picture of him holding a gun on our property. All you Facebook users who think we enjoy free speech take note. It seems that the fictional thought police of George Orwell's novel 1984 are not fictional after all. They are alive and well, and living in Tasmania.

Now to the reason for writing this letter. The notice authorising the seizure under the firearms act of 1996 specifically mentioned his licence and firearms: nothing else. Yet they not only took his firearms but my .22 as well, even though I was not involved and not mentioned in the suspension letter. Just because I lived in the same house, and apparently was not to be trusted with securing the keys to the gun locker.

It is this example of mission creep, or wide discretionary power that is so worrying. Up until this incident, I was sailing along under the delusion that we lived in a relatively free country. Such things only happened if you broke the law, or lived in Russia or China.

The real issue here goes far beyond one isolated incident. Anytime a fearful society grants wide discretionary powers to the police we start down that slippery slope which makes a descent into Orwell's nightmare police state a real possibility. To paraphrase Benjamin Franklin's words on the subject, "Any society that would give up a little liberty to gain a little security will deserve neither and lose both."

William Harper

DAYS TO GO UNTIL WORLD'S BIGGEST CARBON TAX Deceitful advertising underway

Eric Hutchinson, Federal Liberal candidate for Lyons said the world's biggest carbon tax will have a dramatic impact on Tasmanian households and businesses when it commences in less than 40 days.

"The world's biggest carbon tax will hit families, jobs and investment", said Mr Hutchinson.

"The economic storm clouds are gathering. Now is the worst possible time to introduce the world's largest carbon tax.

Mr Hutchinson said that in addition the deceitful advertising of compensation payments for households has also commenced even though there is no mention of the carbon tax in the ads.

"I am particularly concerned that the carbon price will increase in coming years."

"The carbon tax will go from its \$23 a tonne starting price to \$29 a tonne in just three years. This is despite Julia Gillard promising before the last election, "There will be no carbon tax under the government I lead". Comparable market based schemes in Europe value CO2 presently at around \$4/tonne.

"The carbon tax will increase prices, cost jobs and not help the environment. The cost of the essentials of life will go up and up and up under the carbon tax.

"The Coalition has demonstrated it has a strong plan for economic growth; and the plan starts with scrapping the carbon tax", said Mr Hutchinson.

ST HELENS/ST MARYS COMMUNITY BANK STEERING COMMITTEE JUNE 2012

At the recent initial Tasmanian Community Bank Conference held at Tidal Waters in St Helens, guest speaker David Foster held an auction of pieces of wood that he had cut and signed. Strong bidding for pieces of Dave's legacy led to \$1500 being raised as a donation for the use of our steering committee in order to help our local community.

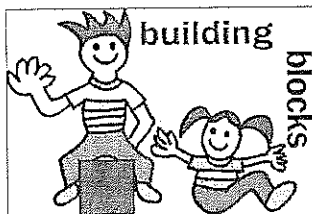

The committee examined all of the pledges that have been contributed so that we could make sure that we were meeting the wishes and expectations of those members of the community who have so far pledged their support for the community bank. By far the majority of them have asked that financial support or grants be made available for community groups associated with activities for young people.

The committee is therefore pleased to be offering **five grants of \$300** each to any group in the municipality that is working with young people between the ages of 5-18 years. Groups can apply by writing or by producing an expression of interest that tells committee members about their group, its aims, its membership, its history, its achievements, its hopes and the way that it enriches the community through its activities. The committee would also like to know how the grant will be spent and who will benefit in both the short term and the long term.

Applications can be lodged in the pledge boxes at Eastlines or Gazzmans at St Helens or the IGA or Newsagency at St Marys. The closing date is July 20th. Successful groups will be asked to report back to the committee in six months about their progress.

Chairman Heather Butler said, "I hope that every group who works with young people in our fabulous area will apply as I know that many groups are struggling and government funds are not as readily available as they once were. Through this step our young people will have a chance to gain improvements to what they care about whether it is in sport, social activities or another group working with young people for a specific project."

Geoff Butler,
Marketing Officer.

SHOP LOCALLY AND SAVE

Thank you from the East Coast Visitor Information Network

This past year has been an exciting one for the East Coast Visitor Information Network (Bicheno, St Helens, Swansea and Triabunna) and now with having our brand new Swansea Visitor Information Centre join our East Coast Network, then to have our Bicheno and Swansea centres obtaining their Yellow 'I' Accreditation status along with their Tourism Industry Council of Tasmania (TICT) Accreditation.

The East Coast centres are continuing to use the Bookeasy online booking system for accommodation and tour bookings along with our website www.tasmaniaseastcoast.com.au which is going well with our online booking presence. The website includes an online East Coast Directory for all local businesses and community groups, events calendar and online retail system.

The East Coast Visitor Information Centre could not have accomplished this much without the continued support of our East Coast and the Tasmanian operators and so we would like to say a big thank you for helping us to continue to evolve as a well-informed VIC business with having you inform us of your up-to-date product knowledge.

We are hoping to make the 2012-13 seasons even better as we continue to become more proficient in the use of the system and work on even more ways to promote East Coast and Tasmania to a wider audience. We look forward to having your continued support as we strive for an even better season in the year ahead.

So keep an eye out for our 2012-13 Contracts for brochures and/or bookings, and our regular Familiarisations (Famils) will start once again in October 2012 when our East Coast Team will be in touch to make a time and to set the required dates for our Famils to your businesses throughout all of our East Coast towns.

If you have any questions, please don't hesitate to contact myself, Jo-Anne O'Brien, Manager Tourism Services by email w: www.bodc.tas.gov.au
East Coast Tourism Web site
www.tasmaniaseastcoast.com.au

End of Financial Year

The East Coast Visitor Information Network is preparing for the End of Financial Year. This includes going through its Contracts and brochures and following up on any queries.

The East Coast Visitor Information Network is checking with all operators that may have forgotten a payment or contract to get this all finalised by the End of Financial Year.

We are asking operators who have had their brochures displayed over the last twelve months but whose payment records may have lapsed to check their records as well.

If payment has been made please let us know an estimated date of payment so we can verify our records as well. Also let us know if payment has definitely not been made so that we can get our records as accurate as possible.

We would like to have the 2011-12 season finished as soon as possible so we can commence the 2012-13 season, the contracts for which will be coming out soon.

If you need to fill out the 2011-12 contract please email myself Jo-Anne O'Brien at jo-anne@frevcinet.tas.gov.au and I will organise to have a contract sent out to you.

Casual Weekly Footy Tipping Competition

Think you know your footy? Then have a crack at our weekly footy tipping competition. Just pop into the Post Office and grab a tipping form. Make your picks and then lodge it at the Post Office with \$2.00 by 4.00pm each Friday.

Half of the weekly pool will go to the footy club and the other half will go to the weekly winner. As well as picking winners entrants will be required to nominate the winning margin of one selected game per week so we can (hopefully) ensure that there is only one winner per week.

Up for grabs – weekly bragging rights and a bit of pocket money, plus you are supporting your local footy club.

**Entry forms available at the
Post Office now.**

The Valley & East Coast Voice Guidelines.

- Opinions in any letters published are not necessarily the views held by the editor and voluntary workers.
- Our pages will remain open to fair and honest criticism, so that on all questions, both sides may be presented, but any letters containing personal attacks or hinting at libel or slander will not be accepted. Stick to the issue rather than making personal attacks.
- Please do not attack the editor, the paper or the authors of previous letters.
- Letter writers will be given the chance to respond over a suitable period of time, but anonymous and/or nom-de-plume letters received as from 11-02-10 will not be published. Subjects may be closed at the editor's discretion.
- Please make sure of your facts. Do not write letters just to let off steam. Letters most commonly published are those that have bearing to current community issues.
- Keep letters short, simple and to the point. Letters are restricted to 300 words or less.
- The Editor reserves the right to edit your letter for grammar, spelling or reduction in size where necessary.
- All letters arriving by post must be signed, including a printed name and also contain your contact details, such as full name, address and phone number.
- All letters sent by email must contain your contact details, such as full name, address and phone number.
- All letters left at drop-off points must have a signature, plus a printed name and also contain your contact details, such as full name, address and phone number.
- Do not be discouraged if your letters don't get published. Whilst each submission is reviewed on its own merits, we generally receive more letters than we have space available.
- The Valley & East Coast Voice reserves the right at all times, without notice, to update, change or amend our guidelines. Whilst we value & welcome community letters, The Valley & East Coast Voice does not provide specific feedback regarding any decision made not to publish a submission.

A doctors appointment is required to have your flu vaccine given.

Bowel Cancer Awareness Week®

A Bowel Cancer Australia initiative
3-9 June 2012

Red Apple Pins are available from the reception at the Health Centre for \$2.00 each.

The 'apple pin' symbolises our bowel cancer message. The outline of the apple logo appears as an abstract of a human colon.

The small hole in the apple is caused by a worm. If detected early and removed, the worm is unable to infect and kill the otherwise healthy apple.

It's the same with people - if bowel cancer is detected early through screening it can be removed and people can continue to enjoy a healthy life.

Apples are also a nutritious source of dietary fibre

Ask your GP or Pharmacist about the 'Bowel Scan Testing Kits'.

Awareness saves lives!

of palliative care clients
being cared for in the facilities,
and at home in the Break O'Day community
Please contact each Health facility for further
information.**

MEDIA RELEASE

May 2012

SUPPORT FOR DYING AT HOME

Palliative care clients in Tasmania are able to access a larger pool of equipment to help them to remain at home or in local facilities thanks to a recent grant of \$149500 from the Commonwealth Department of Health and Ageing. The Tasmanian Association for Hospice and Palliative Care administered the grant to ensure an equitable arrangement that suits local conditions.

Electric hospital beds, special pressure relieving mattresses, and lightweight wheelchairs were among the items purchased. Ms Jenny Fuller, Project Officer for the Tasmanian Association for Hospice and Palliative Care says, "the grants went to services which run equipment loan schemes, as well as district hospitals and health centres, and residential aged care facilities. These items are expensive, so the grant has been vital to local service providers in supporting their clients"

"For palliative care clients it's important that equipment is available quickly, so having items in the local area saves time accessing things from the major centres of Launceston, Hobart and Burnie, and it saves the system the cost of transport too".

"Having the right equipment at home can help palliative care clients and their family carers to manage more safely and comfortably. A hospital bed set up in the living room can keep someone engaged with normal family life, while making it easier to provide the physical care they need. A light weight wheelchair means that people can still get out in their community, and family carers can easily lift the chair in and out of the boot of the car. It's all about helping people to live as fully as they can, and where they prefer to be, for as long as they are able".

Northern Services which received equipment were the Palliative Care Service, Community Equipment Scheme (both in Launceston), Scottsdale Hospital, Beaconsfield Hospital and Health Centre, Toosey in Longford, Deloraine District Hospital and St Marys Community Health Centre and St Helens District Hospital shared a grant for the Break O'Day area.

Any enquiries in relation to use of the equipment please contact The St Marys Community Health Centre on Ph: 63 722111.

Yvonne Webber, Director of Nursing at St Marys (63722111) is very happy to provide further information as required.

and volunteering at the Op Shop, please
contact Janet Drummond 6372 2851.

St Marys Sports Centre Inc. news Kackhander

The Pennant season concluded for us in the last fortnight with a couple of losses, but that's okay because it has been great to be back in the local golf community once again. At Malahide we took it right up to the home side only going down 4-3. Malahide are undefeated and will be trying this upcoming weekend to finally win their first flag since 1981 and we truly wish them the best so to get that close to them was a top effort.

Winners were Jack Viney, Shae Ward and Rod McGiveron and Chris Davern came from the clouds to nearly pinch the fourth win from a near impossible position. In our final game of the season Jack played some really good golf at Scamander to save our bacon from a whitewash. We've never been beaten to zero - Ever in our proud history and we still haven't. Thanks Jack.

I know we've said it before but it's true... THANKS MACCA. If it wasn't for your persistence we may well still not have re-joined the competition and because of our involvement it could well mean the club will go from strength to strength. A special mention also to Trevor who has supported the side all year and helped us out by playing at Scamander on Sunday too, after Kodie's footy injury left us short. He's still got it and did pretty well. Also to Roger for his continuing support each week.

To everyone involved it has been a real plus this year. Next year we'll win more than one game I'm sure and hopefully challenge for a flag not too distantly in the future.

The big Boags day is coming up on the long weekend of the 10th June. It will be a ripper and kindly sponsored by our friends at Boags. It's Ambrose, it's four per team.

It will involve a lot of fun, plenty of hospitality, and tucker... Something to look forward to.

The Crib Night was a hit again and doubtless the next one is in the wings so look out for that. A golf roster is being put together and during the upcoming winter months we hope to have indoor bowls and other things going on too. Once finalised we'll let you know.

The AGM is not too far away so hopefully we'll get a few rolling up for that and use all the good outcomes from the past 12 months to feed into a new club year.

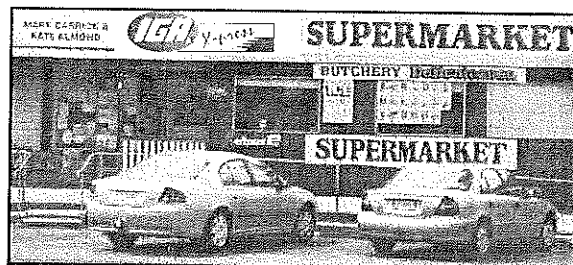

Until next time, good hitting and rolling.

Living In the 70's.

Wear your flares and flower power clothes and come along and join in the Memories, Music, songs and fun of the 70's era with the Suncoast Singers, Simple Harmony and Infantissimo when they present their

Annual Concert on Sunday afternoon June 3rd at the Portland Hall, St Helens, starting at 1.30pm... Cost is just \$15 and proceeds are going to The Lymphodema Centre at St Mary's.

for more information call Mary-Anne on 6376 2969.
