Volume 6 No. 10 P.O. Box 100 St. Marys, Friday 14th Sept. Price 5 Cents

EDITORIAL

"The War is Not Over"

In a Press Release in Valley Voice on 8th June, 1973 it was stated, "The War is Over". We want to ask "Is war in Vietnam really over?" The war may not be over for another 50 or 60 years according to the experts. The bombing may be over, the Americans and Australians may have departed but what remain are millions of Vietnamese who are faced with the immense task of re-construction, re-habilitation and reconciliation; a people who are faced with a break-down in family structure and a re-building of their culture. This may take a life-time!

And what of the land itself? How can the war be over when the country is scarred with 3 million bomb craters - some 30 feet wide - which fill with water and are breeding places for mosquitos, and have left the once fertile soil a mass of hard-baked clay, where no crops will grow? When will the trees begin to grow again where defoliants have been used?

How can the war be over when children are still being blinded and crippled, with loss of limbs by land mines; while diseases like polio and malaria, which were once almost wiped out, have returned in epidemic proportions? Some of these children, who after being given artificial limbs and therapeutic help commit suicide. How can the war be over when there are many part American - Australian - Vietnamese children running about and while there are 200,000 political prisoners?

What can be done? Experts in this field are saying: "Vietnam has too many Westerners and too many advisors": "Vietnam should be permitted to solve its own problems and re-build its self-reliance": "Help should come from outside through international organisations who are prepared to co-operate with the Vietnamese at the local level".

"NOW LILY, WHOSE WAS THE BLACK ANGUS BULL YOU WERE SEEN OUT WITH LAST NIGHT?"

Editorial Cont'd.

This is the task of organisations like Austcare/Freedom from Hunger. This is our task as Australians who, after all, contributed to the plight of these subjugated people. What are we going to do about it? The result of Sunday week's appeal may well provide the answer.

Fingal Rail Crossing

It is reported that on Wednesday 5th September a vehicle carrying three young men, crashed into the side of a train at the Mathinna Road, Fingal crossing.

Fortunately no serious injuries were sustained but three young lives could have been lost. The Fingal Council, Mr. George Shaw M.L.C. and others have been unsuccessful so far in their moves to have lights installed. Mr. Shaw has informed the Valley Voice that he

ST. MARYS BAKERY

WHOLESALE & RETAIL

Editorial Cont'd.

has appealed to the Minister for Transport, Mr. Batt M.H.A. to give this matter his urgent and earnest attention.

It is good to see nevertheless, that improvements have been made in the form of road markings, warning and stop signs.

Tourism Development in the Story's Creek - Rossarden Area.

This paper has expressed on several occasions, its deep concern for the future of this district and we believe this accurately reflects the sentiments of most residents. The closure of the Story's Creek Mine is yet another "nail in the coffin".

Our Member for Macquarie in the Legislative Council has expressed his concern and ideas for the future in this area and has contacted the Premier and the Minister for Tourism. The Valley Voice hopes to be able to inform readers and residents of the district, in the near future of the outcome of Mr. Shaw's earnest endeavours on our behalf.

THANKYOU

The wife of the late Vernon (Pudner) LAWRENCE, would like to thank the Valley Voice and all kind friends for their beautiful floral tributes, telegrams, letters and cards, and personal expressions of sympathy. Would one and all please accept this as my personal expression of thanks.
Signed: Isabel M. Lawrence.

SUGGESTION BOX

There are several possibilities that come to mind after reading a recent edition, all not very big things, but some at least could be worked up into something bigger. What about breeding Siamese cats? Or Burmese cats? These are purebred cats, so it should not be too difficult to find a market, apart from the cost of stud cats to start with, one would need yards made of good wire netting so strays were kept out. What about breeding canaries? More wire netting, but good birds fetch \$8 or more, especially if well bred. What about market gardening in some of those nice warm gullies going down to the sea, and a creek there for water, a bit more expensive, but could be built up, now there are flying our vegies over from the other states. What about crushing lime-stone for agriculture? There is good agricultural lime in the cliffs at Gray. They have a book at the Mines Dept. called "Mineral Resources of Tas. No. 10 Lime-stones of Tas." and that book said it was good agricultural lime. Other ideas are nursery gardens, dog breeding, Angora goats.
Think over some of these ideas, quite often one idea leads to another its worth while.

FROM THE PULPIT

"SELAH"

The word selah occurs 71 times in the Psalms and was written for the benefit of the temple musicians or orchestra. Its simplest meaning was "a pause", "a rest," "silence," but sometimes, according to its setting, it represented "a repetition" or a pause while an obeisance was made.

How the musicians managed to get the right interpretation each time, apart from rehearsal instructions, or familiarity with the routine of the services is a matter for conjecture.

Evidently the effectiveness of a selah on the form of worship must have been a matter for careful thought, as it gave the worshippers a necessary opportunity to reflect, if only momentarily, on an inspired truth.

When next you read a psalm, either in private or in public, there is no need for you to repeat the word selah, but to do what it suggests: just pause for a moment. Or if you think you will be misunderstood by pausing just say, "Now isn't that last sentence worth thinking about!"..... SELAH

FISHING NEWS

Next surf contest will be conducted by Scamander Angling Club on Sunday week 23rd September at Wrinklers Beach from 2 to 7 p.m. Visitors are welcome to compete. As there are no other fixtures or results to report this may be an opportunity to talk of "ships and sealing wax" etc.

First, let us consider the evergrowing litter being left on our beautiful beaches by the thoughtless. If only fish would bite on bottles or cans, how clean our beaches would be. All members of all fishing clubs could set an example by NOT throwing away those bottles, cans, bait tins, paper etc.

Each aluminium can is now worth half a cent to the Red Cross Society drive so take it away and leave it in the nearest bin. St. Helens Sea Scouts make money from the bottles.

Our second thought for this edition should be for the future preservation of our sport. Here is a quote from a recent article by an Australian angler - "One day, we sportsfishermen must have the financial backing (from tackle manufacturers etc.) and a skillful spokesman to Government co-ordination instead of disjointed, loud self-interest. Otherwise one day we might just not have any saltwater fish to fish for. Neither will we have the enjoyment, relaxation, companionship of people - the things that are fishing. We must try to protect Australia's largest outdoor participant recreation - fishing."

& & & & & & &

EIGHT BALL

Grand Final:- St. Helens R.S.L. defeated Scamander at Pyengana after Scamander started out with a three one lead.

The R.S.L. team consisted of Darky Richards (Captain), B. Treloggen, Bob Mock, A. Reid, L. Barber, R. Riley, J. Riley and R. Stone. Following the match Pyengana captain Rod Rattray, presented the East Coast Shield to the R.S.L. and thanked Mr. & Mrs. Grif Parry for providing supper.

Scamander had a rather unlucky night and the rot really set in after Graeme Stone accidentally potted the black off the break in his doubles game with Bob Rochfort. Graeme had played a great game when winning his singles and was expected to do well in the doubles, but that's the luck of the game.

A new roster will be drawn up for the next series shortly and it is hoped that St. Marys will have a team in the competition.

GARDEN OF REMEMBRANCE

On Sunday 9th September the Bishop of Tasmania dedicated a Garden of Remembrance in the grounds of St. Pauls Church, St. Helens. The garden is to be used for the interment of ashes of any member of the Christian Faith who wish to have their ashes returned to St. Helens after cremation. Details are obtainable from the Secretary of the Parish, Mr. T.R. Avery or the Treasurer, Mr. K.R. Viney.

FOOTBALL

Page 7

By Bigot

PREMIERS:- The Robins in a very one sided Grand Final.

CAMPBELLTOWN:- A top side all the season and vastly superior when the flag was at stake with no second prize.

Right from the first bounce the Bay were never given an opportunity to get in the game and although Lionel Freeman repelled many onslaughts in the first quarter the continual pressure became too much for him and Whitney and Viney gradually took over on the forward line. B. Leedham dominated in the air and was probably the most effective player afield. Every Campbelltown player contributed something while the Swans had many passengers. D. Summers had a lean day in the prelim. at Fingal but showed great determination and dash to be St. Helens most effective backman for the last three quarters. B. Franks held down his flank. Jaffray and Dwyer did reasonably well and G. Stone was effective when playing a kick behind the play and at the centre bounces.

For the premiers, Upton was dashing in defence, Wilson had a ton of kicks, Crosswell used a lot of strength, Davis played to position with great accuracy and Barker showed a lot of class.

Final Scores:- Campbelltown 15.17 (107) d St. Helens 4.8 (32).

Best Players:- Campbelltown B. Leedham, G. & D. Whitney, G. Upton, S. Lockett, J. Davis, W. Viney.

St. Helens G. Stone, R. Krushka, D. Summers, L. Freeman, B. Franks.

Goalkickers:- Campbelltown G. Whitney 8, I. Wilson 3, W. Viney 2, D. Whitney 2.

St. Helens W. Freeman 2, Coker Williams, D. Chapple.

Congratulations to Crichton Hall and all connected with the Campbelltown Club for their efforts in winning a flag in the second season with the F.D.F.A. Don't be too disappointed St. Helens, even though you were outclassed on the day, remember there were four other clubs that would have loved to be in your place, a good effort Lionel. The Association needs colourful players so I hope you stay with us.

The oval was a credit to the St. Marys committee and while the helpers were too numerous to mention I'm sure that all will agree that Mick Gatty and Kelly Birrell are worthy of a special mention, also whoever arranged the backdrop of blue/green mountains and multi coloured sky, a great setting topped off by an enthusiastic crowd, five sets of colourful garnseys, the men in white and the streamers etc. all around the fence. Where else could you see such a first class production for 70c.

Reserves:- Fingal defeated a much improved St. Marys after a great struggle. J. Smith was an elusive forward for Fingal, although Peter Greenwood and later Lindsay Dobson stuck to the task of trying to control this classy player very well. P. Hall starred for the Blues. Silky Parker got the ball away at many centre bounces and Kevin Cowie showed a lot of his old dash. For the Tigers Matty Leedham, Gus Richards, George Hollis, Trevor Midson and Terry Pitt were possibly the best of a team that finally bowed out to greater experience.

Scores:- Fingal 12.15 (87) d St. Marys 11.12 (78).

Thirds:- St. Marys managed to get home after an exciting game against an inaccurate Swansea. While Swansea may have been a little unlucky, St. Marys deserved their win after being undefeated throughout the season. Robert Grainger showed his class with a much needed freak goal which set the tigers on fire and Captain Shane Brooks set a great example with long kicking and clever ruck work. Mark Read had a great tussle with Greg Dilger. Other players to do well for Swansea were B. Pyke, B. Hill and P. Pyke. Best on the ground was St. Marys ruckman, Glen McDonald.

Scores: St. Marys 9.5 (59) d Swansea 7.12 (54).

Nice to see three different clubs winning a flag, good luck to the other three next season.

Keep watching this column for a few thoughts on the season just completed and for facts, rumours and wild guesses on coaches, recruiting and other relevant matter on the season to come.

ST. MARYS CRICKET CLUB

Following admission of the St. Marys Cricket Club to the Midlands Cricket Association, practise will commence at the School Oval on Wednesday 19th Sept. at 5 p.m. A general meeting and working bee will be held on Sunday 23rd September at the St. Marys Football Oval commencing 9.30 a.m.

All intending players and interested persons are invited to attend.

SERVICE STATION

B. & J. SPILSBURY

24 HOUR TOWING SERVICE

Agent for: Chain Saws & Victa Mowers

STAR PROBE

By Pegasus
Fortnight beginning 14th September, 1973.

ARIES March 21 - April 20

If you fall in love during this month there can be a rocky road ahead for you and perhaps no lasting companionship even though you always maintain affection for that person.

Best days 14th, 18th and 27th.

TAURUS April 21 - May 20

Let the future bring about better conditions for you as it will do when you keep on steadily with routine now. Someone new may have deep affection for you before the month is over.

Best days 19th, 21st and 24th.

GEMINI May 21 - June 20

Do some shopping for clothes to brighten up cold weather wardrobe, but do not buy costly furs or jewellery. Resist such temptations and be sensible in purchases for your own style.

Best days 15th, 18th and 22nd.

CANCER June 21 - July 22

You may be on a journey to the place in which you feel you have been most happy. Do not let this ruin your family life or cause you to resent your present circumstances.

Best days 16th, 22nd and 24th.

LEO July 23 - August 22

Do not be led into any romance that is questionable. Even though the sex revolution is old by now, there is no profit in becoming involved in it yourself.

Ask for a favour - it is a fine time to get ahead with help.

Best days 16th, 20th and 23rd.

VIRGO August 23 - September 22

Someone may tell you you have many qualities of a good leader and back all you do with good mentality and reason. There may be a thorn with this rose and you can be uncomfortable about it far too often.

Best days 15th, 18th and 23rd.

LIBRA September 23 - October 22

Do not lend to neighbors, do not borrow money, do not give a big and too ambitious entertainment at your home. There is a danger of being too trustful with people who are false. Misunderstanding will result.

Best days 17th, 21st and 27th.

SCORPIO October 23 - November 22

If unmarried, you may encounter someone who is a real charmer - more dream than actuality and don't forget it. You are inclined to reveal a confidence. Keep secrets to yourself.

Best days 16th, 21st, and 26th.

SAGITTARIUS November 23 - December 21

Do not let your personality be marred by domineering ways with a friend or in social life. It would pay you to put forth effort in some form of artistic talent. You may be nervous. Follow intuition.

Best days 16th, 20th and 22nd.

CAPRICORN December 22 - January 19

Be diligent in the performance of routine tasks. Do not allow little jobs to accumulate. Devote your attention to solving your own problems rather than becoming involved in those of other people. Best days 17th, 23rd & 25.

AQUARIUS January 20 - February 18

You may have good news from a young relative, and a new feeling of trust in this person. In career matters be very perfectionist in what you do. Regulate your life in an orderly fashion. Do not get tired of routine. Not a great time to become engaged or married.

Best days 17th, 22nd and 27th.

PISCES February 19 - March 20

Keep your plans to yourself if you don't want other people to interfere with them. Before you see new fields to conquer be sure that everything in your present life is well settled. A good time for entertaining.

Best days 15th, 23rd and 27th.
