

THE VALLEY VOICE & EAST COAST NEWS.

Volume 8 No. ²¹23 P.O. Box 100 St. Marys. Friday February 27th 1976. Price 10 cents.

----- Registered at the G.P.O. Hobart for transmission through the post as a periodical.

EDITORIAL.

Tomorrow is council election day. It is noted that some laying of gravel has been done in the last week in the St. Marys area. Perhaps this is an opportune time to ask for more attention by the council and property owners. How about:-

A clean up of Cornwall, drains and roads improved before winter sets in also fire hazards removed from vacant blocks of land. A clean up of St. Marys' blocks of land, the owners being requested to remove unsightly car bodies and other such debris from their property.

Grass needs clearing from many areas in the township, including the area around the thrift shop and the vacant allotment between the first railway dwelling and the railway station. As a matter of interest who does the latter belong to? It used to be an old fuel depot, does it belong to the Railway Dept, or to the Council? This particular block would make an ideal playing area for young children if it was cleared and levelled off. It has a solid high fence around the block and would be popular for football or cricket by the younger fry. Litter bins are very much needed in the Four Mile Creek area, also someone to regularly check them and empty them. A recent inspection of this area found broken bottles on the grass and on the beach, lolly papers strewn everywhere along with tins and other debris left by thoughtless campers too tired to carry their junk home with them and dispose of it in the correct manner.

Who is responsible for the huge pine trees growing near the St. Marys Railway Station? It is about time these were lopped as they are dangerously high. In strong winds a limb or a tree, could come down across

PLEASE NOTE!

WOULD ALL CONTRIBUTORS AND ADVERTISERS TO THE VALLEY VOICE PLEASE ASSIST THE STAFF BY HAVING ADS AND ARTICLES IN BY WEDNESDAY MORNING OF VALLEY VOICE WEEK. DUE TO LACK OF STAFF WE FIND IT IS A LAST MINUTE RUSH TO TYPE AND PRINT EVERYTHING ON THE THURSDAY. WOULD EVERYONE PLEASE ASSIST US IN THIS REQUEST. THANKYOU.

On Sunday 22nd February Girl Guides and Brownies from various areas along the East Coast gathered at the Douglas river near Bicheno for a "Thinking Day" barbeque. The weather was kind and it was pleasing to see so many in attendance. It was a very successful day beginning with a short ceremony in which the flags were hoisted and speeches made. During the afternoon games were held (in which Mum's and Dad's were not excluded from), at the end of the day's activities a horseshoe formation by the guides and brownies was formed around the flags, and Lady Baden Powell's message was read to everyone. Everyone must surely be looking forward to many more Guiding activities, The leaders responsible for the organisation of such days as "Thinking Day" are to be congratulated.

the road, H.E.C. lines or the station itself, causing considerable damage. A bouquet to all the responsible citizens who work so hard to maintain tidy homes and gardens, how about some remissions in rates for these folk? To the elderly folk in the town who find it impossible to maintain home and garden, how about our newly formed Lions Club being approached to help out? There must be many

The Organizer of the St.Marys Children's Christmas party wish to thank the St.Marys Traders and others for their support with donations and gifts. A great time was had by all;also a thankyou to Santa if he is reading this. Ron Sumner and Grace Faulkner.

EDITORIAL CONTINUED FROM PAGE 1

young able men in the district with some free,time who could perhaps work in conjunction with the Lions Club and give a few hours to help in a tidy up and maintenance programme in the town. Many old buildings in St.Marys are badly in need of paintwork and with many tourists passing through it would create a much better impression of our town than the present uncared for look of some buidlings. We only have to look at the fine example of community involvement in the building of the Catholic Church to see what local people can accomplish in a very short time. So how about it councillors and land owners? Can we look forward to an active and interested community who can accomplish some or all of these requests?

PARENTS AND FRIENDS ASSOC.REPORT

The Parents and Friends Association's first meeting for the year saw an increase in the number attending. Principal topics discussed were the Canteen, the Dentist, and the Pool. The success of the Canteen is marred only by the scarcity of volunteer helpers. It was felt that if there was not sufficient help of a voluntary nature then another paid worker would be required. This then would reduce the effectiveness of the canteen in raising money. A communication from Mr Andrew Lohrey was received to the effect that negotiations were in progress with a dentist wishing to come to St. Marys. The P.&F. had expressed its concern at the lack of a dentist soon after the departure of Dr.Dan Naidoo. Mr Lohrey had been active in assisting the association in this regard. The association decided to make additions to the pool its major project for 1976. Nothing definate was decided until some prices were to hand. However it is possible that the pool will be covered and heated this year. This will extend its useful period in the first and third terms.

# FROM THE PULPIT CHURCH NEWS

The Bible is more than a mere record of God's encounter with men. "Good News for Modern Man" translates 2 Timothy 3: 16,17 as follows: For all Scripture is inspired by God and is useful for teaching the truth, rebuking error, correcting faults, and giving instruction for right living, so that the man who serves God may be fully qualified and equipped to do every kind of good work.

The Bible not only contains God's word it is God's Word. All of the Bible bears the divine imprimatur. Although it was written by the hand of men, it carries the authority of the God who inspired the men. Here is where many moderns balk. They don't want to listen to the voice of a God whose authority involves commands.

The Bible must be properly used if it is to speak the right message to the modern Christian. The Bible is not a magic book. Neither is the Bible a book of rules intended to meet every circumstance of life. It is a book containing very specific principles, illustrated by human experience, so that we may draw an accurate blue-print for our lives.

The Bible reveals to us Christ and His gospel. It speaks to us of the perfect life, the cross, the open tomb, the ascension, the ministry in heaven, and the second coming. All we know about Jesus is found in the Bible.

The Bible through its description of the love of God brings meaning to life. It is a revelation of divine love. It tells us all we know about God as a personal Friend who helps us to live the more abundant life.

HELLO!

DOODLING!

What can you make out of these shapes?

This fortnight we have for you some brain teasers. Can you find out which is true and which is false?

JUNIORS

- 1 Ricochet is a type of crochet, true or false?
- 2 A dog spike is to hold the dog's chain down?
- 3 Foxgloves are worn on the hands?
- 4 The Valley Voice is distributed to other states?
- 5 "Fat Hen" is a weed?
- 6 A chameleon is something you clean the car with?
- 7 A cantaloup is an African animal?
- 8 A currant is something in the sea or river?

SENIORS

- 1 Gorillas can't be bred in captivity?
- 2 Fish have no eyelids?
- 3 A pussy willow is a breed of cat?
- 4 A crankshaft is an unsafe mine shaft?
- 5 The volume of water in Lake Gordon and Lake Pedder is 27 times the size of Sydney Harbour?
- 6 Persepolis is a city in Persia?
- 7 The biggest swamp gum in the Southern Hemisphere grows in Southern Tasmania?
- 8 A quilt is something you write with?
- 9 Of the following three mountains which one is not volcanic in origin? Fujiyama, Lassen Peak, Annapurna? Or are they all volcanic?
- 10 Chewing gum is made from the sap of a gum tree?
- 11 Adam's sons in the Bible were Noah, Cain, and Isaac?
- 12 The earth is one of nine planets?
- 13 Barley is the most important grain crop in the world?
- 14 The first flight around the world was in 1925?
- 15 The prairie dog belongs to the dog family?

XXXXXXXXXXXXXXXXXXXXXXXXXXXX

Juniors answers: 1 False ricochet means to bounce off something. 2 False a dog spike holds the railway line on to the sleeper. 3 False foxgloves are plants. 4 True the Valley Voice goes interstate and to New Zealand. 5 True. 6 False a chameleon is a small long tongued lizard. 7 False a cantaloup is a kind of melon. 8 False a currant is a dried seedless variety of grape, (a currant is a moving force in the river or or sea) Seniors: False, gorillas can be bred in captivity. 2 True fish have no eyelids. 4 False a crankshaft is part of a car. 5 False, a pussy willow is the term used for the bud of the willow tree. 6 True. 7 True. 8 False a quilt is a covering for a bed, "quilt" is used for writing. 9 They are not all volcanic Annapurna is the exception. 10 False chewing gum comes from the sap of sapodilla tree and is known as chicle. 11 False Adam's sons were Cain, Abel and Seth. 12 True. 13 False Rice is the most important grain crop in the world. 14 False. The first flight around the world was in 1924. 15 False a prairie dog belongs to the squirrel family.

## FISHING NEWS.

The last fortnight has been one of extreme contrast in the fishing world on the East Coast. Surf anglers have been spending hours on the beach without any sign of fish - even the surf crabs appear to be on strike. Beaches are shallow and flat due to continuous Easterly weather and fish have just disappeared. Scamander Angling Club are hoping that a miracle occur next Sunday and that there will be seven fish to feed the multitude who are expected to enter the contest at Wrinklers Beach. Fishing time is from 2 to 8 pm. On the other hand, game fishermen have been making headlines for the district. First on the scene was Peter Jenkins from Savage River - he has two claims to fame - first, he is a nephew of Ken and second, he landed a 134lb. yellowfin tuna near St. Helens Point while fishing on "Maybe". The second exciting event was the capture of a 202 lb. striped marlin by another charter party aboard "Maybe" last Saturday. / This noteworthy event has been reported by the daily press but some credit must go to Michael Tucker who actually hooked the fish. After that, it appears that all six anglers took turns to pull it in - not exactly correct by International Game Fishing rules, but it is the first marlin to be caught on rod & line off St. Helens. The last reported capture was made by Keith Jessup in 1969 off Eaglehawk Neck. Several teams from St. Helens will be taking part in the Australian Bluefin contest starting next Tuesday and they are hoping that they can do as well as these, once a year anglers listed above.

THE ST. HELEN'S SURF ANGLING CLUB held its fishing competition on February 8th at Swim Cart Beach. There were 16 competitors and the day was cold wet and windy. It was a disappointing day for Competitors as no fish were caught.

The next club day will be on the 14th March at Big Lagoon Beach.

Fortnight beginning February 27th.

ARIES March 21 - April 20

Put the brakes on generosity. You are one of the easiest marks for any 'friends in need'. This could cause a lot of trouble with you. Best days 27th, 4th & 5th.

TAURUS April 21 - May 20

You may be called wise, shrewd and even crafty, but these traits help you overcome obstacles. Beware with your employment. Best days 29th, 8th & 9th.

GEMINI May 21 - June 21

You may have a deadline to meet this week but this won't throw you as you easily adjust and you work better under pressure. Best days 28th, 6th & 7th.

CANCER June 22 - July 22

Because you are extremely sensitive, you tend to dwell on injury or injustice real or imaginary. This could be a problem. Best days 1st, 10th & 11th.

LEO July 23 - Aug. 22

Your road to romance would be slightly obstacle-strewn and bumpy now, and finances are only fair, so cool it. But you are compensated. Best days 27th, 2nd & 3rd.

VIRGO Aug. 23 - Sept. 23

You anchor slipshod sloppy work habits. But don't be overly demanding. Remember this is an imperfect world. Romance favorable. Best days 1st, 9th & 10th.

LIBRA Sept. 24 - Oct. 23

Your gift of weighing and evaluating will be useful this week. You may have to make an important decision, and it could concern your family. Best days 28th, 5th & 6th.

SCORPIO Oct. 24 - Nov. 22

You have rather a potent jealousy. Try and keep a tight rein on it otherwise there could be an emotional upheaval on the job. Best days 29th, 7th & 8th.

SAGITTARIUS Nov. 23 - Dec. 21

Signs of travel indicated. You will welcome this, as a quiet life in a corner doesn't appeal to you. Finances are fair, and romance is good. Best days 2nd, 3rd & 11th.

CAPRICORN Dec. 22 - Jan. 20

You are a hard task-master. Tone down demands that are usually beyond the capacity of most people, and you will find a vast improvement at work. Best days 29th, 4th & 5th.

AQUARIUS Jan. 21 - Feb. 19

You are of a sign that is susceptible to flattery, so don't let yourself be duped by an 'oily tongue'. Which could lead to setbacks. Best days 27th, 4th & 6th.

PISCES Feb. 20 - March 20

Your difficulties are mostly family problems, which have been under the shadow of Saturn for some time. But the tension will ease soon. Best days 1st, 7th & 8th.

THINK BEFORE YOU VOTE

You may believe we are living in a Community which is not as progressive as we would like but we accept it as it is;

But recently I have been looking around and talking to numerous members of our community; and found these alarming problems which people are being forced to live with.

1. Fire Hazards and people living in fear of fire.
2. Filthy water and at times no water at all.
3. Roads which could cause a serious accident.
4. Logs and rubbish in our creek which could cause more Flooding problems
5. No footpaths in some areas.
6. Snake infested areas.
7. A Cemetery nearly inaccessible by car.
8. No pedestrian crossings for school children to cross our busy main roads.

And I can go on mentioning various problems which we are living with day by day but know the problems you are living with, and I hope if I am elected you will contact me regarding any problems you have.

Unfortunately through limited time I have not been able to make personal contact with you all but if you want progress; I promise to strive for action in our Community and to get something done with problems we have.

R. W. (Bob) Mc Gregor.
