EDITORIAL

AUSTRALIA DAY.

Do may people realise that the long week-end just now is Australia Day Holiday.

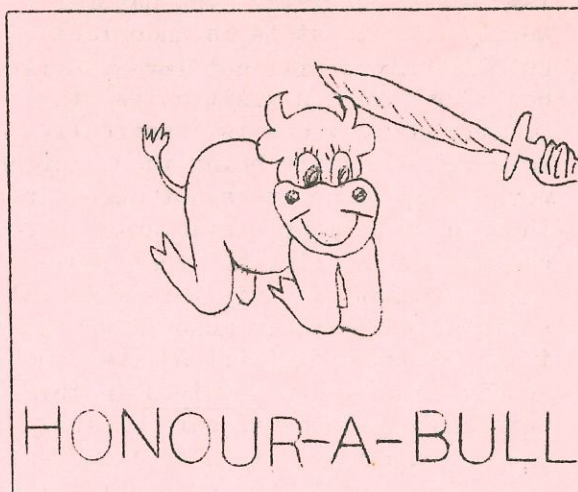

To me living in Tasmania is very satisfactory. As its so beautiful. We have water, mostly clean; air, plenty of that as we live in the Roaring Forties belt, and we can all have gardens, which are necessary for the soul's peace, beautiful beaches nearly all round us.
Australia needs people who love her and will work to help our land, not just grab all they can get like robber crabs then leave the place devastated, and erroded
What should we love better than the land where our friends and relation are, where we marry and our children grow up, where we make our homes. Isn't this worth working for? So lets make a new vow make the place we live in as beautiful as we can. This means places for children to play with trees to climb, seats for people to sit on in the shade, gardens for older citizens who worked as hard to make our towns and farms. We are all part of the whole country, so no one is more entitled to better things than another. The old have a lot of wisdom to pass on, if the young would only listen. The young too can pass on ideas which could be made to work if talked over and listened to as well.
This is a contributors idea of Australia Day.

PROPOSED ST.MARYS ORGAN CLUB INAUGURAL MEETING FOR ELECTION OF OFFICE BEARERS *****

We propose beginning the above Rogan Club to cover St.Marys and surrounding areas.

The purpose of the Organ Club will be determined more fully at our Inaugural Meeting at St.Marys on 16th March '77 at 8.00pm. However, broadly our aims will be these:

- (a) To provide those people who have electronic organs in this area with a meeting place and a forum for discussion on a monthly basis.
- (b) To extend an open invitation to those interested members of the public who do not have organs so that discussion/ demonstration groups and other social

functions undertaken from time to time can be given a broader scope.

(c) To begin, one the Club is functioning Club social activities and events not necessarily connected with the demonstrations of organs - e.g. barbecues, outings, fishing competitions, Christmas dinners, etc. but which may provided a separate small club income apart from our membership dues per head per annum.

(d) To organise for Club members' benefit, on a regular basis, visits by professional organists and teachers who will be able to assist with any players problems by demonstrating techniques and providing incentive for learning,

(e) To provide assistance to local charities or community projects by organising organthons, providing organ music for dances, etc.

(f) To contact all music teachers in the ...

LETTER

Dear Sir,

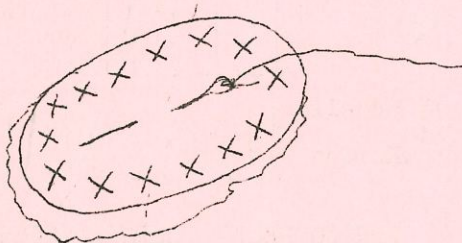

Have recently returned from living for three years in Europe and the Middle East, I am appalled at the indifferent, and even, at times, rude attitude that Tasmanians show to the people who contribute a large amount to the economy of this, the Holiday Isle - the tourists. The natural beauty of this state is undeniable, but this alone will not lure tourists back for a return visit unless the quality of services is drastically improved - quality being the important word here, since it is not necessary that there be many restaurants, cafes, camping ground etc, but that those that do exist give visitors material satisfaction - their money's worth - in an atmosphere of friendly welcome. Nobody seems to be involved in this work, nobody seems to care whether people come away with a feeling that Tasmania's people are as beautiful as it's scenery, or that just one visit is definitely enough. Tourism can be an ugly business, but approached with imagination, feeling and a sense of fairness, it can enhance an area to the benefit of all concerned.

Yours sincerely,
Meredith Doig.

.....

Talents are gifts we are born with and we must use them, so that they may increase, we mustn't bury our talents as the man in the parable did they are not any good to us or any one else; (Goodness is no good to anyone unless its used for other people My talent is handicrafts, what is your? I've started rather late to develop mine which is a mistake. I hope you don't take so long to get to work with yours.

Anon.

THREATS TO FALMOUTH

(and apologies to the contributor)

The Falmouth Anti-Progress Association held their annual meeting during the Christmas holidays. The President Mr A. Nonymous in presenting his report, stated that the Committee were gravely alarmed by recent events. In the last few weeks of 1976, the locality had been infiltrated by various highly trained saboteurs, some claiming to be Members of Parliament representing the district and others who hoped to be Members. All these people had made the most dire

continued from left side

threats, the worst being the provision of an all-weather, all-the year-round access road over St Marys Pass. Other promises were reliable, static-free T.V. and radio reception and better and brighter H.E.C. supplies. The President appealed to all members to resist these things to the end. He reported that a successful operation had been carried out on the new Fern Tree Glen bridge. The sub-soil had been secretly hardened thus preventing the expensive pre-stressed concrete piles from being driven and further delaying completion of this offensive project. The meeting then went into committee to discuss future plans. The Treasurer reported a Debit balance of \$ 123-45 which was considered to be highly satisfactory. All office bearers were re-elected and the meeting concluded with the customary vote of no-confidence in the President.

ORGAN CLUB CONTINUED FROM PAGE 1.

.. area and to request their assistance at evening - in return to provide these teachers with organ students - lesson pay - ment and choise of teacher to be the responsibility of the student involved.
(g) To organise bus or car outings among members to organ recitals at other centre e.g.(Launceston).
(h) To publish an organ club newsletter for distribution to Club members to advise and remind them of coming events.

We envisage that the initial club office bearers election meeting will be held at a public function hall.

If you are interested in attending the meeting would you please contact me as soon as possible at St.Marys Hotel,

Yours sincerely
Dawn Yates.

FISHING NEWS

Forthcoming events:- Sunday 30th January
Scamander Angling Club in the Scamander River from 12 noon to 6pm- entries at Boat Ramp by the bridge- fishing from the bridge is not permitted in this contest. Sunday 6th February, at St Helens Game Fishing Club Rally Day - Charter boats will embark crews at Bay View Hotel jetty no later than 8 am. On 15th January St Helens Surf Angling Club held their annual George Bay contest. Although no official report has been forwarded, it is understood that the entries (approx. 60) were well down on previous years. The only result reported so far was that the old master Jack Midson, made one of his rare appearances to land the heaviest flat-head. St Helens Game Fishing Club were beaten by conditions at the barway on Sunday 16th January & the Rally was officially declared cancelled for safety reasons. In the meantime, when conditions have been favourable, both "Maybe" & "Miss Behave" have reported good catches of tuna. On a more disturbing note, a party of visitors at Falmouth netted the Henderson's Lagoon to return with over 4 dozen good sized bream. For information of all anglers, netting is prohibited in most coastal rivers & lagoons under State Fisheries regulations. This recent violation has been reported to the Inspectors & local anglers are watching for any future actions of this nature. Just remember that ignorance of the law is no defence. A pamphlet on the law on amateur fishing is available from the Sea Fisheries Division of the Agriculture Department.

CYCLING

AND OTHER SPORTS

The St.Helens Athletic Club conducted its /Twenty forth Annual Carnival on Saturday 22nd. A large croud was treated to some excellent competition with top Sportsmen showing thier skills in, Chopping, Athletics and Cycling.

Details of the Chopping:

23cm: 1. W.Lovell, 2. M.Tucker, 3. A.J.Sherrif
 25cm: 1.B.Smith, 2.M.Smith, 3. A.J.Sherrif
 30cm: 1.P.Rowlings, 2. M.LeFevre, 3. I.Denne
 40cm: Championship. 1. G.Lovell
 2. D.Lovell, 3. D.Foster.
 Mugs: 1. R.Breadmore, 2. B.Gillies,
 3. M.Tucker.

There were some very close finishes in the heats leasing up to the Finals in the Various sections of the Foot Running. Times were quite fast in spite of strong winds at times.

The 70 metres Handicap Final went to G.Mathews from R.Quarrell in the time of 7.4
 The St.Helens Gift of \$200.00, Trophy and Sash, saw a line up in the Final of, Ron Cornish, Mike Doherty, Phil Galna, Ray Quarrell, G.Snooks and Maurice Poulton, which was taken out by Ray Quarrell first from Mike Doherty second, and Maurice Poulton third, in a time of 32.6.
 Ray Quarrell was also the winner of the 400 metres,

400 metres: Ray Quarrell first, Viv Woodward second and Phil Galna third.
 By the way Viv Woodward was a busy lad for about 70 minutes. Viv finished 2nd in the 1600 metres. He won his heat in the 400 m and then he ran 2nd in the 400 metres Final. It was disappointing to hear that Ron Cornish had a torn groin muscle during the running of the Gift Final. Just in passing watch the name of Ray Quarrell for the Devonport 1000.

It was very pleasing to see the number of professional cyclists who turned up with thier cycles to fight it out for the St.Helens Wheels Race.

The first events of the cycling were the 1200 metre Handicap heats which proved to be only warm ups for as the day progressed so did the standard of cycling.

The St.Helens Wheel Race heats sorted out a great deal of the field and had the croud enhanced the whole time.

When the starters of the St.Helens Wheel finally lined up on thier marks it was anyones guess who was to take the 24th wheel. It was in the minds of most people that Frank Atkins may take it again for the second year in a row but this was not to be for an impressive ride by Terry Kilby enabled him to add another victory to his list of already seven wheel races in the past five years. Kilby's speed, stamina, and will to win pulled him through to win from Philip Allison and Derek McCormack in third place.

The last four events of the cycling were Scratch Races. The results of these beings

"D" Scratch Race. 1. G. Smith, 2. J. Frankling, 3. P.Slater.

"C" Scratch Race. 1. P.Morrison, 2.K.Whatley (Snr) 3. N.Allison.

"B" Scratch Race. 1. K.Gilmore, 2. P.Bigham 3. B.Barnett.

"A" Grade Scratch Race was a croud holder as all the cyclists fought to a dying battle to get a placing in this event. The pace started when Craig Price sprinted out of get the break away moneybut he was shortly followed by Rodney Johnson who left the field and set the pace from about 200 metres in front. But 2 laps fromthe finish the bunch pace increased but Rodney could not keep his lead and the gap was soon bridged. On the bell lap Mark Osborne and Frank Atkins sprinted out for the line honour. They fought a hard battle shoulder to shoulder for 150 metres. At this stage the rest of the field were forgotten and all eyes were watching the two cyclists fly over the line. But it was Frank Atkins who finally took first place with Mark Osborne sitting right on his shoulder.

Bowls Club. St.Marys

St.marys Bowls Club Annual Bowls Carnival was held recently with a great success, with over 200 players taking part:-
 Winner were. Ladies triples.
