## ARE YOU A LITTERBUG!!!!

Are you pleased to be able to live in Tasmania? or proud of the fact that you are able to live here? A stranger from another country just driving around and not talking to anyone would think that we are all ashamed of our state.- Rubbish and litter all along the roads, signs shot at or knocked down, lolly papers, tins and bottles thrown out of cars in front. How dreadful it all looks.

Don't be upset over being told how dirty and untidy you are. It's only thoughtlessness, you are not using your head at all. Do you allow your family to make a mess at home? Well be as fussy when you go out. You can't expect a good fairy to come along and clean up after you. You have to do it yourself. Besides every time the Council or Government send along a man to clean up, this costs more money which could be spent on roads or bridges.

This is our place and its up to us to keep it tidy. A bag in the car for rubbish is marvellous and its surprising how soon the family learns to use it. When you take your lunch out do you just throw everything out of the lunch box onto the ground just to blow away or do you put all remains back in your box to take home? Perhaps you have a garden? Perhaps you have a few chooks? They like scraps for their breakfast. Also you could dig a trench and put the rubbish there covered with a bit of dirt.

You will be surprised how things will grow there in the Spring.

We are really very lucky to live in Tasmania. Its clean, nothing is too far away and we have lovely beaches (when people don't forget their rubbish) quite a few rivers and hills. If you lived in a very flat place and the water was brackish (so tea was awful tasting) and you couldn't have fresh fruit or vegetables or it was very dusty, wouldn't it be great to live in a place like Tasmania.

Let's look after our place a bit better. After all our roads are our front entrance and they don't look so good do they? The back yards or bush roads look much worse.

What are we thinking of? Oppossums and kangaroos don't eat tins or paper or boxes. We could at least dig large holes and bury all this mess.

## TOUCHE'

A white coloured farm truck with tray covered with a certain animal commodity has been seen parked outside a local garage. The other day the proprietor of the garage was very busy with a shovel and sack bags up on the tray. His comment.....Great stuff for cauliflowerers.

Sunday afternoons are usually spent relaxing but of late a local shopkeeper has been noticed playing a very popular winter sport outside his place of business.

## PORTLAND COUNCIL NEWS

It is suggested that a revaluation of farming properties be made because 2,000 farms in Tasmania are making less than \$2,000 per annum. This is urgently needed. Properties are rated very highly.

The Town Planning Committee want some land for industrial uses to be zoned; so far the land has all been for housing; and none allowed for industrial uses.

## LETTERS TO THE EDITOR

Dear Sir,

Through your columns, I should like to express my extreme appreciation of those people in the St. Marys, Fingal St. Helens, Cornwall and Bicheno districts who have given so generously to the Womens Shelter in Hobart. The Shelter is run by both voluntary and paid workers. Three salaries are shared among six women. The main house in Hobart has only three bedrooms and has accommodated up to twelve women and seventeen children at one time, so it can be easily seen how necessary the shelter is. Most women who come there are desperate and have no where else to go. They usually have drunken and often violent husbands, and often the childrens lives are at risk. At present there is no guarantee the Federal Government will continue to fund shelters and it does not look as if the State Government will be able to afford to be as generous as the previous government. Thankyou all again. Your help is much appreciated. I might add that the beautifully hand knitted jumpers were the first new clothes some children had ever owned.

CHURCH NEWS

OH, GOD, MAKE ME A BETTER PARENT

Help me to understand my children, to listen patiently to what they have to say and to answer all their questions kindly. Keep me from interrupting them, talking back to them, and contradicting them. Make me as courteous to them as I would have them be to me. Give me the courage to confess my sins against my children and to ask of them forgiveness, when I know that I have done them wrong.

May I not vainly hurt the feelings of my children. Forbid that I should laugh at their mistakes or resort to shame and ridicule as punishment. Let me not tempt a child to lie and steal. So guide me hour by hour that I may demonstrate by all I say and do that honesty produces happiness.

Reduce, I pray, the meanness in me. May I cease to nag; and when I am out of sorts, help me, oh, Lord, to hold my tongue.

Blind me to the little errors of my children and help me to see the good things they do. Give me a ready word for honest praise.

Help me to treat my children as those of their own age, but let me not exact of them the judgments and conventions of adults. Allow me not to rob them of the opportunity to wait upon themselves, to think, to choose, and to make decisions.

Forbid that I should ever punish them for my selfish satisfaction. May I grant them all of their wishes that are reasonable and have the courage always to withhold a privilege which I know will do them harm.

Make me so fair and just, so considerate and companionable to my children that they will have a genuine esteem for me. Fit me to be loved and imitated by my children.

With all they gifts, oh, God, do give me clam and poise and self control.

THOUGHTS ON OUR YOUNG PEOPLE

To help unemployment, the powers that be have to help the small people, that is the corner shop, the family farms, roads and bridges - this sort of work. They don't employ many but each business employs one or two and quite a lot of people depend on the roads and bridges for their bread and butter, but if the small businesses can employ someone to help out, that bit of money goes around. It not only benefits the wage earner but it is like the ripples after a stone is thrown into a pool, the benefits spread.

This could help a lot of young people who really need a sort of breathing space while they find out if they are acceptable in an adult world and who they really are. Are they craftsmen or women who want to make things? Are they academics who want books? Are they teachers who want to teach? Very few young people know what they want to do until they have grown up a bit. They need help and jobs while they learn to live as adults, after all they will be the ones who take on the jobs in Government and schools after we have gone.

It is up to us to see that at least we do a bit to help. We don't want to leave the place in too much of a mess for the next to clean up. This takes so long that one cannot get on with the jobs that need doing.

ISN'T IT FUNNY how people think all the rubbish tipped into creeks is hidden? A lot of this put into gardens would improve them out of all reckoning.

## PUMPKIN PIE

3 cups boiled and mashed pumpkin, juice of three lemons,  
1 egg  
 $1\frac{1}{2}$  cups sugar (depending on the lemons)  
Beat all this to a smooth paste and let it stand.

The Pastry: Sift together  $\frac{3}{4}$  cup of plain flour,  $\frac{1}{4}$  cup self raising flour and one heaped tablespoon cornflour. Rub in  $\frac{1}{4}$  lb butter or margarine and 1 beaten egg and enough water to make the whole into a smooth paste. Roll out and line a shallow pie dish or flan tin with  $\frac{3}{4}$  of the paste. Spread the filling and cover with the rest of the paste. Sprinkle 2 tablespoons of sugar on top and bake in a moderate oven until brown.

# FISHING NEWS

Sunday 13th June has been recorded by Scamander Angling Club as "Black Sunday". On that day, thirty three anglers entered the surf contest held at Four Mile Beach, fished for five hours each and caught no fish at all. This is the first time in the history of the Club that no fish have been weighed in during a contest. However, the well-known fishing writer for another Northern newspaper tells us "Now is the time to go to the coast and catch some very good sea fish. There are schools of Australian salmon and other choice fish of the sea are there for the taking."

Scamander Angling Club are seeking a sponsor to bring this writer to our beaches and point out these mythical schools.

St. Helens Surf Angling Club also held a contest last Sunday at Wrinklers Beach. Their eighteen anglers at least caught six fish all told. Winner was Keith Nicklason with a giant 1 lb 2oz fish, while Ferdie Richards landed two flathead (a rare sight these days) each 14 oz. Even the famous Jack Midson did not land a fish, so they must be scarce. Visitors also reported no fish at the Gardens or at Swincart over the weekend.

Scamander members are reminded that the annual dinner is only a week away and any late acceptances are urgently required by the secretary. A list of contests for the next six months will be available at the dinner and general meeting.

## T.A.B. IN ST. MARYS & FINGAL

After some agitation from Mr. Andrew Lohrey M.H.A. the T.A.B. opened the sub-agency at Fingal, St Marys received a full agency last year, with the understanding that a sub-agency open at Fingal. After some delay Mr Lohrey wrote to the T.A.B. to hurry the sub-agency along. Though Fingal now has one the people of Bicheno will have to wait a while. The T.A.B. reported to Mr Lohrey that they have no plans to open a sub-agency at Bicheno. Mr Lohrey said that if Bicheno residents wanted a sub-agency they should write to him c/o

### A VERY TRICKY TRICK

Here's a strange piece of arithmetic that will enable you to find out a persons age, if you don't know it already..... of course.

Ask them to multiply their age by 3; add 6, and divide by 3. When they have worked this out and told you the answer, all you have to do is subtract 2 and you know how old they are.

- Go on try it -

### THE MERITS OF RIDING A BICYCLE

The main thing to remember is that you have a right to the left of the road as well as other vehicle drivers. So do not be put off by people staring or laughing also do not be discouraged by loud honking of horns by inconsiderate motorists who think the road was created for them only, but remember that it was not created for you only....

What could be more pleasant than going for a ride in the country and being able to appreciate the open air and scenery, instead of being cooped up in a stuffy old or new car.

I realise that practise will be required and it is wise to get this for the first few days on the home territory e.g. side streets or drive ways before attempting the open roads.

Also it would be safer for you if you were to learn the rules of the road including hand signals and road signs, to let other road users know of your intentions.

Also remember never to ride on the foot-path as it is against the law and is very dangerous.
